00:00:06.420 - 00:00:12.700

Diego: So buddy, to open up the finale of the Four Elements series with this episode of Fire.

00:00:12.700 - 00:00:13.840

Joshua: Yeah.

00:00:13.860 - 00:00:19.340

Diego: I brought the perfect example to personify this whole episode.

00:00:19.340 - 00:00:20.720

Joshua: What would that be?

00:00:20.720 - 00:00:22.120

Diego: It is me.

00:00:22.120 - 00:00:22.860

Diego: No, it's not.

00:00:22.860 - 00:00:23.940

Diego: Fire.

00:00:23.940 - 00:00:25.860

Diego: I am fire.

00:00:25.860 - 00:00:26.800

Joshua: No.

00:00:26.800 - 00:00:28.600

Joshua: Look at me.

00:00:28.600 - 00:00:29.700

Joshua: Can we get to the episode?

00:00:29.700 - 00:00:31.120

Diego: Let's get this episode going.

00:00:31.120 - 00:00:31.500

Joshua: Okay.

00:00:41.858 - 00:00:44.478

Joshua: Welcome to Geekology 101, my name is Joshua.

00:00:44.478 - 00:00:45.978

Diego: And my name is Diego.

00:00:45.978 - 00:00:57.338

Joshua: And today, we are going to be diving into the fourth element, the finale of our four element series, Fire, which is not embodied by my father.

00:00:57.338 - 00:01:03.718

Diego: Well, I'm sure a lot of people out there back to differ, but I have to correct, I don't think you can dive into fire.

00:01:03.718 - 00:01:04.858

Diego: Can you dive into fire?

00:01:04.858 - 00:01:06.918

Diego: You can dive into water, you can't dive into fire.

00:01:06.918 - 00:01:11.858

Joshua: I mean, you can dive into fire, you're just not going to really go into anything.

00:01:12.358 - 00:01:14.938

Diego: Right, you're just kind of hitting whatever surface is on the bottom.

00:01:14.958 - 00:01:18.138

Joshua: Yeah.

00:01:18.138 - 00:01:18.858

Diego: I think we're yapping.

00:01:18.858 - 00:01:20.238

Diego: All right, let's get to this thing.

00:01:20.238 - 00:01:31.078

Diego: So of course, just like with all of the other elements, the element of fire has a lot of different symbolisms and significance throughout human history.

00:01:31.078 - 00:01:34.738

Joshua: And I already know what the kinetic is going to be.

00:01:34.738 - 00:01:35.298

Joshua: Do you?

00:01:35.298 - 00:01:35.738

Joshua: Yeah.

00:01:35.738 - 00:01:36.378

Diego: What is it?

00:01:36.378 - 00:01:37.078

Joshua: Pyrokinetic.

00:01:37.118 - 00:01:38.378

Diego: I think, okay, finally.

00:01:38.378 - 00:01:39.878

Diego: Hey, no, it's funny enough.

00:01:39.878 - 00:01:44.938

Diego: This was the kinesis that was most common, I realize.

00:01:45.098 - 00:01:49.978

Diego: I couldn't even, I didn't even find any subversions of it or variations of it.

00:01:49.998 - 00:01:50.718

Diego: Really?

00:01:50.718 - 00:01:50.998

Diego: Yeah.

00:01:50.998 - 00:01:53.758

Diego: It all just seemed to be pyrokinesis.

00:01:53.758 - 00:01:56.138

Diego: So yeah, pyrokinesis it is, man.

00:01:56.138 - 00:02:02.898

Diego: And that, of course, is the ability for a person to create and or control fire with their mind.

00:02:02.898 - 00:02:04.858

Diego: Some can generate it.

00:02:05.598 - 00:02:08.178

Diego: Some can just control it.

00:02:08.178 - 00:02:11.158

Diego: Some are resistant to fire.

00:02:11.158 - 00:02:13.338

Diego: Some are all of the above.

00:02:13.338 - 00:02:13.858

Joshua: Perhaps.

00:02:13.858 - 00:02:18.278

Diego: So there's different characters who can do different things when it comes to fire.

00:02:18.298 - 00:02:18.898

Joshua: Yeah.

00:02:18.898 - 00:02:19.718

Diego: Yeah.

00:02:19.718 - 00:02:22.778

Diego: Not all of them are the same, of course, just like, well, with all the other elements.

00:02:22.778 - 00:02:32.018

Diego: But did you find any sort of like sub elements that would only fit within this category, like we did with water, with wind and earth?

00:02:32.338 - 00:02:33.478

Joshua: I did, actually.

00:02:33.478 - 00:02:34.118

Diego: What did you find?

00:02:34.118 - 00:02:38.118

Joshua: I found, well, yeah, I found electricity.

00:02:38.118 - 00:02:39.798

Diego: I was kind of torn with a few things.

00:02:39.798 - 00:02:40.838

Diego: Electricity.

00:02:41.018 - 00:02:41.758

Joshua: Like lightning.

00:02:41.758 - 00:02:51.978

Joshua: And the reason I say that is because in Avatar, lightning is specifically an offshoot of the fire ability.

00:02:51.978 - 00:03:05.198

Joshua: And the way that they explain that is Zuko, one of the main characters, he's like being trained by his uncle, and his uncle is like teaching him how to like redirect and create lightning.

00:03:05.198 - 00:03:07.358

Joshua: Because Zuko is a firebender.

00:03:07.358 - 00:03:22.998

Joshua: And how he explains it is that he like controls the fire and kind of like, I don't know, like molds it into a certain way, that like concentrates the fire into like electricity or lightning.

00:03:22.998 - 00:03:23.718

Diego: Okay.

00:03:23.718 - 00:03:33.658

Joshua: And if somebody like shoots lightning at him, he could like redirect it by like controlling the fire in the lightning and like shoot it back at them.

00:03:34.018 - 00:03:34.798

Joshua: It's pretty interesting.

00:03:34.798 - 00:03:41.458

Joshua: But I consider like electricity and lightning an offshoot of fire because of Avatar mainly.

00:03:41.458 - 00:03:49.058

Diego: Well, you know, as I was searching here while you were talking, which I totally was paying attention to, of course.

00:03:49.058 - 00:03:50.618

Diego: No, no, but it's interesting, though.

00:03:50.618 - 00:03:51.878

Diego: It is an interesting point.

00:03:51.878 - 00:03:57.678

Diego: It says that both electricity and fire are flows of charges, and they both have electrons.

00:03:57.678 - 00:04:06.138

Diego: So like at a sub level, you know, there is actually a relationship there to some degree between these.

00:04:06.138 - 00:04:14.478

Diego: So I can see why they wanted that direction with that example you're giving off of Avatar because in the end, there is like some commonality between the two elements.

00:04:14.678 - 00:04:16.678

Joshua: Yeah, it's like concentrated energy.

00:04:16.678 - 00:04:18.458

Diego: Yeah, that's interesting.

00:04:18.458 - 00:04:24.558

Diego: Oh, I certainly didn't account for electricity in my searches because wow, that would add a lot.

00:04:24.558 - 00:04:25.778

Diego: That adds a lot of people.

00:04:25.778 - 00:04:27.058

Diego: Yeah, a lot of examples.

00:04:27.058 - 00:04:29.598

Joshua: I'm not I'm not sure.

00:04:29.818 - 00:04:42.598

Joshua: I'm pretty sure in Avatar, at least lava bending is a category of earth bending because I mean, lava or like magma, whatever, it's just molten rock.

00:04:42.598 - 00:04:44.318

Joshua: Yeah, so it wouldn't make sense.

00:04:44.458 - 00:04:47.058

Joshua: But I mean, whatever, it's like kind of similar to fire.

00:04:47.058 - 00:04:50.478

Joshua: But yeah, I'm pretty sure it's more classified under the earth bending.

00:04:50.478 - 00:04:58.078

Diego: I guess the difference is that if you were able to like generate magma or control magma, you're technically like control.

00:04:58.078 - 00:05:09.018

Diego: What you're doing is like taking the earth or rock particles in causing them to vibrate at the molecular level, like where they start heating.

00:05:09.018 - 00:05:09.878

Joshua: Yeah, I guess.

00:05:09.878 - 00:05:11.938

Diego: So you're not exactly like introducing the heat.

00:05:11.938 - 00:05:15.198

Diego: You're kind of causing heat with something you're making the element do.

00:05:15.298 - 00:05:15.818

Joshua: Yeah.

00:05:15.818 - 00:05:16.298

Diego: Yeah.

00:05:16.298 - 00:05:16.878

Diego: Interesting.

00:05:16.878 - 00:05:18.358

Diego: Well, let's see, I'm curious.

00:05:18.358 - 00:05:23.618

Diego: Did you have like, did you actually go through examples, gather some examples of electricity or no?

00:05:23.618 - 00:05:33.258

Joshua: Well, actually in Avatar, Zuko's sister, Azula, she's kind of probably the person who uses electricity mainly.

00:05:33.258 - 00:05:43.958

Joshua: Also something interesting about her is that her fire is actually blue to kind of like signify that her fire is more powerful than Zuko.

00:05:43.958 - 00:05:48.618

Joshua: But even in that final fight that they have, his fire is like red.

00:05:48.618 - 00:05:52.238

Joshua: It's like normal orange type, like fireplace fire.

00:05:52.238 - 00:05:58.438

Joshua: And he's still able to like defeat her with his lesser fire, which I guess some kind of symbolism for something.

00:05:58.438 - 00:05:59.278

Joshua: I don't know.

00:05:59.278 - 00:06:02.078

Joshua: But yeah, she uses lightning the most.

00:06:02.078 - 00:06:12.338

Joshua: And that's actually why his uncle had to teach him how to redirect lightning so that if she like shot lightning at him, he would be able to like redirect it back at her.

00:06:12.338 - 00:06:21.858

Diego: Well, speaking about symbolism and stuff, like fire is in human history and development linked to things like ambition, courage, drive.

00:06:23.978 - 00:06:28.718

Diego: I think that's part of the reason why fire is such a consuming element.

00:06:28.718 - 00:06:36.658

Diego: It's very difficult to control in a way, in a natural setting, that like all you can do is kind of like run away from it.

00:06:36.658 - 00:06:47.358

Diego: And I think that that characteristic really lends itself very well to like some sort of villain, some sort of character that is out to consume, right?

00:06:47.498 - 00:06:48.658

Diego: To conquer.

00:06:48.658 - 00:06:51.358

Diego: I think it's just like a perfect metaphor for that.

00:06:51.358 - 00:06:55.878

Diego: Spreading like a fire, you know, like you envision a fire in the woods, right?

00:06:55.878 - 00:07:00.778

Diego: People out in the West Coast, for example, whenever wildfires start, you have no choice.

00:07:00.938 - 00:07:05.838

Diego: You just got to leave and leave all your possessions and whatever, you know, your house and all that.

00:07:05.838 - 00:07:08.238

Diego: So it's like, it's definitely in nature.

00:07:08.238 - 00:07:10.678

Diego: It is extremely threatening.

00:07:10.678 - 00:07:16.198

Diego: And I think there's like a menacing nature to it because of how slowly it moves.

00:07:16.218 - 00:07:16.738

Joshua: Yeah.

00:07:16.738 - 00:07:21.238

Diego: You know, like wind comes in with actual speed.

00:07:21.238 - 00:07:24.078

Diego: Water pours down in one direction.

00:07:24.078 - 00:07:25.958

Diego: Yeah, flows, has a current.

00:07:26.698 - 00:07:30.958

Diego: But like fire spreads slowly and consumes and wrecks everything.

00:07:30.958 - 00:07:35.478

Diego: It's like a really crazy kind of element that way.

00:07:35.478 - 00:07:39.418

Diego: But there are also a lot of like spiritual traditions that see fire.

00:07:39.418 - 00:07:43.218

Diego: The element of fire is something that has to do with purification.

00:07:43.218 - 00:07:52.358

Diego: Because in the end, like if you look at just like a nature, a fire that starts naturally also ends up having like certain benefits for some reason.

00:07:53.098 - 00:07:58.258

Diego: Control, for example, of certain populations of animals that could be growing out of control.

00:07:58.278 - 00:07:59.778

Diego: Yeah.

00:08:00.038 - 00:08:09.198

Diego: The whole process of like breaking down certain elements that otherwise could not be broken down, and that has like certain effects in nature.

00:08:09.198 - 00:08:10.018

Diego: It's interesting.

00:08:10.018 - 00:08:21.018

Diego: Like there's, just like with any other element, there's like some qualities that are positive, some qualities that are negative, and that is reflected in how we see it symbolically in society and stuff.

00:08:21.878 - 00:08:27.758

Diego: In the Zodiac, the three fire signs are Aries, Leo, and Sagittarius.

00:08:27.758 - 00:08:28.978

Joshua: I'm an Aries.

00:08:28.978 - 00:08:30.118

Diego: Ah, that's what you are.

00:08:30.118 - 00:08:30.498

Joshua: Yeah.

00:08:30.498 - 00:08:31.818

Diego: Oh, son, you're fire.

00:08:31.818 - 00:08:32.678

Joshua: I am fire.

00:08:32.678 - 00:08:33.098

Diego: Uh-oh.

00:08:33.098 - 00:08:35.578

Joshua: I guess that means I'm more fire than you.

00:08:35.578 - 00:08:36.298

Diego: Dang it.

00:08:36.298 - 00:08:37.498

Joshua: Cause you're, you're Aries?

00:08:37.498 - 00:08:38.418

Joshua: What does that mean?

00:08:38.418 - 00:08:41.198

Diego: I'm A, I'm Aries.

00:08:41.198 - 00:08:42.338

Joshua: You're gassy.

00:08:42.338 - 00:08:42.718

Diego: Gassy.

00:08:42.718 - 00:08:43.558

Diego: Come on, man.

00:08:43.558 - 00:08:45.918

Diego: How you gonna do me like that?

00:08:45.918 - 00:08:49.338

Diego: In one episode, are you gonna make me fall from being fire to being gassy?

00:08:49.478 - 00:08:51.238

Diego: That's sad, man.

00:08:52.578 - 00:09:00.238

Diego: In mythology, our boy Prometheus, he stole fire from the gods because fire was like an element that will only belong to the gods.

00:09:00.238 - 00:09:02.018

Joshua: The guy from the matrix?

00:09:02.018 - 00:09:03.138

Joshua: The guy with the glasses?

00:09:03.138 - 00:09:03.618

Diego: Prometheus?

00:09:03.618 - 00:09:04.598

Diego: You're talking about Morpheus?

00:09:04.598 - 00:09:05.338

Joshua: Oh, Morpheus.

00:09:05.338 - 00:09:06.398

Diego: That's on your confess.

00:09:06.398 - 00:09:07.758

Diego: Oh, yeah.

00:09:07.758 - 00:09:10.318

Diego: He stole fire from the gods and gave it to the people.

00:09:10.318 - 00:09:13.418

Diego: But then eventually he was punished by the gods, of course.

00:09:13.418 - 00:09:17.558

Diego: In Chinese culture, it's also associated with joy and passion and connection with other people.

00:09:18.018 - 00:09:22.058

Diego: So it does have like some positive connotations in certain parts of the world.

00:09:22.058 - 00:09:35.358

Diego: So overall, yeah, like very significant kind of element, but definitely it has a certain volatility, a certain energy to it that the other elements just don't have.

00:09:36.638 - 00:09:37.338

Diego: Right?

00:09:37.338 - 00:09:37.638

Joshua: Yeah.

00:09:37.638 - 00:09:37.818

Diego: Yeah.

00:09:37.818 - 00:09:37.978

Joshua: Yeah.

00:09:38.458 - 00:09:39.478

Joshua: Yeah, definitely.

00:09:39.478 - 00:09:39.738

Diego: All right.

00:09:39.738 - 00:09:49.098

Diego: So let's talk about like users and the different ways that fire is used, because there are so many different versions out there of this thing.

00:09:49.098 - 00:10:02.318

Diego: One of the biggest symbols, I think, in mythology related to fire is actually the phoenix, which is a bird that when burned can rise again from the ashes, like reborn from the ashes.

00:10:02.438 - 00:10:03.478

Diego: Yeah.

00:10:03.478 - 00:10:10.458

Diego: And so that leads me right into one of my favorite characters in any fiction and that is in Saint Seiya, Iki Phoenix.

00:10:10.458 - 00:10:12.698

Joshua: I thought you were going to say Jean Grey or something.

00:10:12.698 - 00:10:14.058

Diego: No, man.

00:10:14.058 - 00:10:15.218

Diego: Please.

00:10:15.218 - 00:10:17.238

Diego: Jean Grey wishes.

00:10:17.238 - 00:10:19.638

Diego: But no, yeah, Iki from Saint Seiya, man.

00:10:19.638 - 00:10:22.198

Diego: He is just awesome.

00:10:22.818 - 00:10:25.738

Diego: He's the anti-hero basically of that entire thing.

00:10:26.058 - 00:10:26.698

Diego: Yeah.

00:10:26.698 - 00:10:34.698

Diego: Which, by the way, anti-heroes tune in to our next official episode, because that episode is going to be who would win in a fight.

00:10:34.698 - 00:10:35.158

Joshua: Tournament.

00:10:35.158 - 00:10:36.818

Diego: Anti-hero edition.

00:10:36.818 - 00:10:37.258

Joshua: Yeah.

00:10:37.258 - 00:10:38.558

Diego: You're going to love that one.

00:10:38.558 - 00:10:45.718

Diego: But anyway, yeah, Phoenix is definitely an awesome character, my favorite from the entire Saint Seiya series.

00:10:45.718 - 00:10:51.138

Diego: And just like the mythological Phoenix, whenever he dies, he eventually always comes back to life.

00:10:52.358 - 00:10:59.018

Diego: And he is always shown, enveloped in flames and stuff, and emerging from flames.

00:10:59.018 - 00:11:03.618

Diego: And a lot of his power set has to do with fire and stuff like that.

00:11:03.618 - 00:11:08.258

Diego: So it's like, definitely, they play into that whole mythology.

00:11:08.258 - 00:11:15.378

Diego: There's also a character, Mars, the God of War, in Saint Seiya, who is a fire wielder.

00:11:15.378 - 00:11:18.898

Diego: Like, he's also very, very well known for using fire.

00:11:19.438 - 00:11:24.018

Diego: He was in this anime called Saint Seiya Omega.

00:11:24.018 - 00:11:25.238

Diego: Cool story.

00:11:25.238 - 00:11:26.758

Joshua: Who else do we got?

00:11:26.758 - 00:11:37.718

Joshua: Speaking of somebody that's engulfed and enveloped in fire, we have the Human Torch, somebody who was literally always enveloped in fire.

00:11:37.718 - 00:11:40.438

Diego: But hold up, which Human Torch are you talking about?

00:11:43.298 - 00:11:48.038

Diego: How many of you out there know that there was a first Human Torch who was not Johnny Storm?

00:11:50.698 - 00:11:52.198

Joshua: I don't think I would be talking.

00:11:52.358 - 00:11:53.878

Joshua: I mean, okay.

00:11:53.878 - 00:11:58.718

Joshua: Well, Johnny Storm, the Human Torch, the member of the Fantastic Four.

00:11:59.758 - 00:12:05.078

Joshua: I mean, he is fire.

00:12:05.078 - 00:12:07.558

Diego: I'd say he's on fire.

00:12:07.558 - 00:12:08.838

Joshua: He's on fire.

00:12:08.838 - 00:12:12.238

Diego: I feel like he's under all that fire.

00:12:12.238 - 00:12:14.038

Diego: He's still under it.

00:12:14.038 - 00:12:14.498

Joshua: I mean, yeah, he is.

00:12:14.498 - 00:12:15.538

Diego: He doesn't turn into fire.

00:12:15.538 - 00:12:20.238

Diego: There's some characters that literally like turn into fire that are composed of fire.

00:12:20.238 - 00:12:21.038

Joshua: Yeah.

00:12:21.038 - 00:12:32.598

Joshua: Johnny is definitely engulfed in fire, but the fire, he's not just like, like we know that the fire helps him fly or is that just another ability?

00:12:33.858 - 00:12:38.038

Diego: I mean, fire rises, right?

00:12:38.038 - 00:12:39.158

Joshua: Yeah.

00:12:39.158 - 00:12:40.158

Diego: Just like heat rises.

00:12:40.578 - 00:12:42.398

Joshua: But he can also like fly.

00:12:42.398 - 00:12:48.918

Diego: I think when he catches, when he flames on, he's technically like able to fire.

00:12:48.918 - 00:12:56.918

Diego: He's able to flow probably because of the lightness that it brings to him, and he's able to move around because of propulsion.

00:12:56.918 - 00:12:58.058

Joshua: I guess.

00:12:58.078 - 00:12:59.298

Diego: Like a jet propulsor?

00:12:59.298 - 00:12:59.578

Joshua: Yeah.

00:12:59.578 - 00:13:01.638

Joshua: He can also shoot fire.

00:13:01.638 - 00:13:19.298

Joshua: And his most powerful attack probably is his supernova, which he famously used in, well, I don't know, not really famously, but in Secret Wars, Doom forced him to be constantly going supernova, and he basically became the sun for Battle World.

00:13:19.298 - 00:13:21.418

Diego: That's sad.

00:13:21.418 - 00:13:22.478

Diego: That's just evil.

00:13:22.478 - 00:13:23.278

Joshua: Yeah.

00:13:23.278 - 00:13:25.978

Diego: Well, the other human torch, his name is Jim Hammond.

00:13:25.978 - 00:13:33.478

Diego: Well, he's an android, and he was created by a scientist called Phineas Horton, and he was guided and created him by who?

00:13:33.478 - 00:13:36.238

Diego: Victor Timely, interestingly enough.

00:13:36.238 - 00:13:37.038

Diego: He's all in the comics.

00:13:37.098 - 00:13:38.238

Joshua: Like the king guy?

00:13:38.238 - 00:13:39.678

Diego: Yeah.

00:13:39.678 - 00:13:44.218

Diego: And this guy possesses the ability to surround himself with fire and control flames.

00:13:44.218 - 00:13:49.298

Diego: But he is an android, not dissimilar from Red Tornado, actually.

00:13:49.298 - 00:13:50.118

Joshua: Oh, Red Tornado.

00:13:50.118 - 00:13:50.238

Joshua: Yeah.

00:13:50.238 - 00:13:52.578

Diego: Except like instead of wind, it's fire.

00:13:52.578 - 00:13:53.118

Diego: Yeah.

00:13:53.118 - 00:13:55.118

Diego: And then he takes on the alias of Jim Hammond.

00:13:55.118 - 00:14:00.918

Diego: And this guy was actually like way back in the day, talking about like during the World War II Captain America days.

00:14:00.918 - 00:14:01.758

Joshua: Oh, really?

00:14:01.758 - 00:14:02.178

Diego: Yeah.

00:14:02.178 - 00:14:07.138

Diego: There's like stories even in modern day comics that they reference him, and the Captain America will talk about him.

00:14:07.138 - 00:14:17.538

Diego: I think they mentioned him, or actually showed him in some scenes in the first, when the Winter Soldier was introduced, Captain America Winter Soldier comic.

00:14:17.538 - 00:14:21.718

Diego: There, I think they actually show like a mission that Captain America was doing during that time.

00:14:21.718 - 00:14:23.278

Joshua: Yeah.

00:14:23.278 - 00:14:24.698

Joshua: What happened to him?

00:14:24.698 - 00:14:25.458

Diego: I have no clue.

00:14:25.458 - 00:14:26.538

Diego: I don't know.

00:14:26.538 - 00:14:27.098

Diego: Yeah.

00:14:27.098 - 00:14:29.118

Diego: I don't think they really go into that.

00:14:29.118 - 00:14:30.958

Diego: I'm sure that his stories are out there, but-

00:14:31.338 - 00:14:35.078

Joshua: Is he like the same way where he's like engulfed in fire?

00:14:35.198 - 00:14:36.318

Diego: Yeah, pretty much.

00:14:36.318 - 00:14:37.458

Diego: Because he is an android, right?

00:14:37.458 - 00:14:40.158

Diego: So it's not like his molecular structure changes or anything.

00:14:40.158 - 00:14:40.638

Joshua: Yeah.

00:14:40.638 - 00:14:40.858

Diego: Yeah.

00:14:40.858 - 00:14:42.678

Diego: He's pretty much like Johnny Storm.

00:14:42.678 - 00:14:46.718

Diego: Like they created Johnny Storm based off of that guy.

00:14:46.718 - 00:14:47.338

Joshua: I mean, yeah.

00:14:47.338 - 00:14:48.498

Diego: Yeah.

00:14:48.498 - 00:14:51.478

Diego: So yeah, he's the other human torch.

00:14:51.758 - 00:14:52.898

Diego: Pretty interesting.

00:14:52.898 - 00:14:54.958

Diego: Sticking with Marvel, right?

00:14:54.958 - 00:15:00.358

Diego: There are many fire wielding people in Marvel.

00:15:00.358 - 00:15:01.138

Diego: Ghost riders.

00:15:01.138 - 00:15:01.478

Joshua: Yeah.

00:15:01.678 - 00:15:02.618

Joshua: I was going to say that, too.

00:15:02.658 - 00:15:04.458

Diego: They got a whole squad of them, man.

00:15:04.458 - 00:15:06.838

Joshua: And Danny Ketch, Johnny Blaze.

00:15:06.838 - 00:15:08.858

Joshua: What's the other guy's name?

00:15:08.858 - 00:15:09.958

Joshua: Robbie Reyes.

00:15:09.958 - 00:15:10.358

Diego: Yep.

00:15:10.358 - 00:15:11.458

Joshua: There's a bunch of those guys.

00:15:11.458 - 00:15:12.118

Diego: Yeah.

00:15:12.118 - 00:15:15.118

Diego: There's the old dude, the horse guy.

00:15:15.118 - 00:15:15.638

Diego: Yeah.

00:15:15.638 - 00:15:16.538

Joshua: Every guy's name.

00:15:16.538 - 00:15:18.038

Diego: Cowboy one.

00:15:19.218 - 00:15:29.098

Diego: One thing that was really cool in recent comics, there was like a side comic of Midnight Suns during the Blood Hunt event in the comics.

00:15:29.118 - 00:15:35.358

Diego: And it brought Danny Ketch and Johnny Blaze together with a couple of other characters, and they had like this little mission.

00:15:35.358 - 00:15:37.378

Diego: The comic itself, honestly, was a little...

00:15:37.378 - 00:15:39.278

Diego: like the story was inconsequential.

00:15:39.278 - 00:15:43.098

Diego: It didn't have any kind of impact on anything, but the characters were dope.

00:15:43.478 - 00:15:51.198

Diego: And this point in the main continuity of Marvel comics, Johnny Blaze no longer has a spirit of vengeance.

00:15:51.478 - 00:15:52.418

Joshua: So he's just like a guy?

00:15:52.418 - 00:15:54.058

Diego: He's a guy, but...

00:15:54.058 - 00:15:54.778

Joshua: But?

00:15:54.778 - 00:16:02.378

Diego: He managed to learn how to create ammunition with hellfire.

00:16:02.378 - 00:16:02.718

Joshua: What?

00:16:02.718 - 00:16:03.538

Joshua: Like ammunition for guns?

00:16:03.538 - 00:16:06.278

Diego: Like the fire that lights up Ghost Rider.

00:16:06.278 - 00:16:06.738

Joshua: What?

00:16:06.738 - 00:16:07.118

Joshua: Really?

00:16:07.118 - 00:16:10.198

Diego: So all his weapons have ammunition that is like...

00:16:10.198 - 00:16:12.098

Diego: that is infused with hellfire.

00:16:12.098 - 00:16:12.838

Diego: It's pretty dope.

00:16:12.838 - 00:16:15.618

Joshua: Wait, so is Danny Ketch like the main Ghost Rider right now?

00:16:15.618 - 00:16:17.598

Diego: Yeah, he's the main one.

00:16:17.598 - 00:16:18.238

Diego: Yeah, it's pretty cool.

00:16:18.238 - 00:16:19.458

Diego: I thought that was kind of dope.

00:16:19.558 - 00:16:23.178

Diego: Like, the introduction is like, you know, I mean, hellfire based ammunition.

00:16:23.178 - 00:16:24.678

Diego: So cool.

00:16:24.678 - 00:16:27.398

Diego: But yeah, the Ghost Riders definitely like fire wielders.

00:16:27.398 - 00:16:29.318

Diego: They...

00:16:29.318 - 00:16:30.358

Diego: Do they...

00:16:30.498 - 00:16:32.038

Diego: They're chain catches on fire.

00:16:32.038 - 00:16:32.818

Diego: I know that.

00:16:32.818 - 00:16:33.038

Joshua: Yeah.

00:16:33.038 - 00:16:35.358

Diego: Of course, if you touch their fire, you'll get burned.

00:16:35.358 - 00:16:40.658

Diego: Their motorcycles, like literally on fire or their vehicle, whatever it is.

00:16:40.658 - 00:16:43.638

Diego: Do they throw fire at all?

00:16:43.638 - 00:16:47.938

Diego: I can't say I remember like them ever shooting fire.

00:16:50.338 - 00:16:55.278

Diego: Maybe in the movies.

00:16:55.278 - 00:16:56.038

Joshua: Movies?

00:16:56.038 - 00:16:57.258

Joshua: Yeah.

00:16:57.258 - 00:17:01.038

Diego: I think I may have seen Homeboy throwing some fire.

00:17:01.038 - 00:17:02.198

Diego: I'm not sure.

00:17:02.198 - 00:17:04.798

Diego: Anyway, you mentioned the phoenix before.

00:17:04.798 - 00:17:04.998

Joshua: Yeah.

00:17:04.998 - 00:17:06.358

Diego: The phoenix force.

00:17:06.358 - 00:17:06.678

Joshua: Yeah.

00:17:06.678 - 00:17:10.098

Diego: Which when it possesses somebody, like fire is immediately a thing.

00:17:10.878 - 00:17:19.338

Joshua: Mainly, I mean, the whole main character is Jean Grey, creating the dark phoenix persona.

00:17:19.338 - 00:17:19.678

Diego: Yeah.

00:17:19.678 - 00:17:21.338

Joshua: And I don't know when.

00:17:21.338 - 00:17:34.858

Joshua: The only time I've ever seen the phoenix force with somebody else is in Secret Wars, when it is merged with Cyclops, creating phoenix Cyclops who will not stop yapping about coming back from the ashes.

00:17:35.818 - 00:17:38.018

Joshua: But, yeah.

00:17:38.038 - 00:17:39.198

Diego: Yeah, that's one.

00:17:39.198 - 00:17:51.018

Diego: Right now, in the X-Men comics that I'm reading, there's this character called Temper, who was introduced, I think, fairly recently, I think during the whole, like, Krakow nation era of X-Men.

00:17:51.018 - 00:17:56.958

Diego: And right now, she's part of one of the two X-Men teams.

00:17:56.978 - 00:18:00.298

Diego: And she reminds me kind of like of Todoroki.

00:18:00.298 - 00:18:03.818

Diego: She can control temperature overall.

00:18:04.618 - 00:18:05.458

Joshua: So, like, coldness and heat?

00:18:05.458 - 00:18:09.078

Diego: And she's kind of like half fire, half ice type of a situation.

00:18:09.078 - 00:18:10.178

Diego: Yeah.

00:18:10.178 - 00:18:10.998

Diego: Pretty cool character.

00:18:11.598 - 00:18:13.378

Diego: She's, yeah, she's pretty neat.

00:18:13.378 - 00:18:15.018

Diego: She's got kind of like a mean streak to her.

00:18:15.018 - 00:18:17.758

Diego: I'm actually kind of curious to learn a little bit more about her.

00:18:17.758 - 00:18:18.618

Diego: But she's pretty cool.

00:18:18.618 - 00:18:19.998

Diego: Her name is Temper.

00:18:19.998 - 00:18:24.498

Joshua: Someone I wanted to mention is kind of stepping away from Marvel a little bit.

00:18:24.498 - 00:18:25.238

Joshua: Well, not a little bit.

00:18:25.238 - 00:18:27.478

Joshua: It is Bakugo.

00:18:27.478 - 00:18:28.658

Diego: Oh, yeah.

00:18:28.658 - 00:18:30.458

Joshua: Now, he doesn't have firepower.

00:18:30.458 - 00:18:36.158

Joshua: His quirk, which I feel like a lot of people don't actually know, is his sweat is basically gasoline.

00:18:36.158 - 00:18:36.938

Diego: Combustible.

00:18:36.938 - 00:18:37.378

Joshua: Yeah.

00:18:37.378 - 00:18:37.638

Diego: Yeah.

00:18:37.638 - 00:18:40.478

Joshua: His sweat is like literally like some kind of flammable.

00:18:40.478 - 00:18:41.598

Diego: Kerosene or something?

00:18:41.658 - 00:18:42.198

Joshua: Yeah.

00:18:42.438 - 00:18:43.538

Joshua: Some kind of gas.

00:18:43.778 - 00:18:44.158

Diego: Yeah.

00:18:44.158 - 00:18:45.118

Diego: That's yeah.

00:18:45.258 - 00:18:52.358

Diego: When I was thinking about MHA, I was looking at three different people who do fire stuff.

00:18:52.358 - 00:18:55.678

Diego: And Bakugo is probably the most unique one that I've ever heard.

00:18:55.678 - 00:18:56.118

Joshua: Yeah.

00:18:56.118 - 00:18:58.698

Diego: I've never seen something like that.

00:18:58.858 - 00:19:00.558

Diego: He actually is combustible.

00:19:00.658 - 00:19:03.198

Diego: There's something out there, though.

00:19:05.118 - 00:19:09.838

Diego: There's a movie called Rain of Fire, and it's all about dragons.

00:19:09.838 - 00:19:16.438

Diego: It's like on a post-apocalyptic future of Earth, where dragons have been unleashed.

00:19:16.438 - 00:19:18.538

Diego: Like there were some kind of mining operation.

00:19:18.538 - 00:19:21.038

Diego: By the way, this movie is really good.

00:19:21.038 - 00:19:25.118

Diego: Like if you've never seen Rain of Fire, go back and watch it.

00:19:25.118 - 00:19:29.318

Diego: It's Matthew McConaughey and Christian Bale.

00:19:29.798 - 00:19:31.018

Diego: Oh, yeah.

00:19:31.018 - 00:19:33.358

Diego: Dude, and the movie is like good.

00:19:33.358 - 00:19:34.358

Diego: It's a cool story.

00:19:34.358 - 00:19:36.918

Diego: It's a really cool post-apocalyptic world.

00:19:36.918 - 00:19:44.778

Diego: Point is that the dragons, like the system of fire, they explain it a lot, like how it is that they create fire.

00:19:44.778 - 00:19:46.258

Joshua: Is it like their saliva is combustion?

00:19:46.258 - 00:19:53.438

Diego: Yeah, it's like two different ducts inside of the dragon's mouth that spew two different chemicals.

00:19:53.438 - 00:19:56.158

Diego: And when the chemicals combine, it creates this crazy fire.

00:19:56.158 - 00:19:58.418

Joshua: So it creates like fire breath type thing?

00:19:58.518 - 00:20:01.898

Diego: No, but it's worse, because the fire is like napalm.

00:20:01.898 - 00:20:03.758

Diego: It sticks to things.

00:20:03.758 - 00:20:05.218

Diego: It's like liquid fire.

00:20:05.218 - 00:20:06.858

Diego: It's crazy.

00:20:06.858 - 00:20:09.778

Diego: And I know that there's something else that I've heard.

00:20:11.078 - 00:20:22.258

Diego: I forget what media it was, but there's some other creature or character of some sort that is covered in combustible liquid.

00:20:22.258 - 00:20:27.258

Diego: Kind of like a toad, like a toad that secretes this kind of like poisonous liquid.

00:20:27.658 - 00:20:28.018

Joshua: Yeah.

00:20:28.018 - 00:20:30.318

Diego: You know, so predators don't mess with it.

00:20:30.318 - 00:20:36.178

Diego: It's something along those lines, and I cannot remember for the life of me what it is, but it reminds me a lot of that, the whole Bakugo thing.

00:20:36.178 - 00:20:39.078

Diego: Anyway, yeah, Bakugo, very original thing.

00:20:39.078 - 00:20:45.878

Diego: And like the fact that it's combustible, sweat, like you see that explosions are such a part of his whole thing.

00:20:45.878 - 00:20:46.258

Joshua: Yeah.

00:20:46.258 - 00:21:04.178

Joshua: And also I noticed that like in this whole, in this episode where they were kind of creating new techniques, Bakugo came up with this thing where he kind of like puts, he kind of like creates like a focused beam with his hands, and it's like a laser, like he like concentrated fire.

00:21:04.178 - 00:21:12.418

Joshua: So yeah, he like puts his, he like shapes his hand into like an O and then puts it in front of his other like rocket hand and it creates like a laser.

00:21:12.478 - 00:21:13.538

Diego: It's like, shh.

00:21:13.538 - 00:21:19.778

Joshua: But I feel like when Bakugo goes, like if you're near Bakugo when he's like sweating, yeah, that must smell.

00:21:21.038 - 00:21:21.858

Diego: I wonder, right?

00:21:21.858 - 00:21:24.898

Joshua: Like, do you think it smells like actual, like gasoline?

00:21:24.898 - 00:21:26.838

Diego: It has to smell like something combustible.

00:21:26.838 - 00:21:27.358

Diego: Yeah.

00:21:27.358 - 00:21:29.678

Diego: Gasoline, kerosene, something like that.

00:21:29.678 - 00:21:30.358

Joshua: Yeah.

00:21:30.358 - 00:21:31.098

Diego: Yeah, that's interesting.

00:21:31.098 - 00:21:34.198

Diego: I never thought of that about that whole sweat part.

00:21:34.198 - 00:21:36.518

Diego: Also the fire hazard.

00:21:36.518 - 00:21:36.938

Joshua: Yeah.

00:21:36.958 - 00:21:37.958

Diego: Yikes.

00:21:37.958 - 00:21:39.078

Diego: It's dangerous.

00:21:39.078 - 00:21:41.398

Diego: Speaking of MHA and fire, endeavor.

00:21:42.178 - 00:21:42.778

Joshua: Yeah.

00:21:42.778 - 00:21:54.558

Diego: The whole time that we watched MHA, I was like, this guy walking around with a fire goatee, like, who is this guy?

00:21:54.558 - 00:21:56.278

Diego: And then in that scene, man.

00:21:56.278 - 00:21:57.758

Joshua: Where he fights that Nomu.

00:21:58.858 - 00:21:59.778

Joshua: Yeah.

00:21:59.778 - 00:22:04.238

Joshua: He goes supernova like Johnny Storm.

00:22:04.238 - 00:22:04.978

Diego: What a moment.

00:22:04.978 - 00:22:13.338

Diego: That's the moment when that dude, that character won me over, which is again, I can't get tired of saying how many times MHA does that.

00:22:13.338 - 00:22:22.558

Diego: Characters that you either underestimate, you're annoyed by, that you hate for whatever reason, or you dislike because of their characteristics, like personality.

00:22:22.558 - 00:22:32.718

Diego: And then suddenly some storyline happens, something occurs where they just have their crowning moment of badass, and they become like, wow, a whole different character.

00:22:32.718 - 00:22:36.558

Joshua: I feel like that's happened with like every, but the thing is like, it works.

00:22:36.658 - 00:22:42.358

Joshua: I feel like it's happened with a lot of characters in class A, class 1A and 1B.

00:22:42.358 - 00:22:49.798

Joshua: Like I remember when Dark Shadow got his moment, and like, or Araka, and all these people.

00:22:50.038 - 00:22:53.978

Joshua: And it's like always so like epic, and it's like this like music playing, yeah.

00:22:53.978 - 00:22:55.278

Diego: It's so great, man.

00:22:55.278 - 00:22:55.898

Diego: Anime is great.

00:22:55.998 - 00:23:03.838

Joshua: Like they finally get their chance to like show how their power can actually be useful, and like how cool their power actually is when you think about it.

00:23:03.838 - 00:23:04.658

Diego: Yeah.

00:23:04.658 - 00:23:05.578

Diego: That's so great, man.

00:23:06.238 - 00:23:06.358

Diego: Yeah.

00:23:06.358 - 00:23:12.918

Diego: And then, of course, he got his son Todoroki who inherits half his quirk, half his mother's quirk.

00:23:12.918 - 00:23:13.278

Joshua: Yeah.

00:23:13.278 - 00:23:14.518

Joshua: Dobby also.

00:23:14.518 - 00:23:14.878

Diego: Oh, yeah.

00:23:14.878 - 00:23:15.458

Diego: Dobby, right.

00:23:15.458 - 00:23:16.538

Diego: Always with the blue flame.

00:23:16.538 - 00:23:16.958

Joshua: Yeah.

00:23:16.958 - 00:23:17.698

Joshua: Blue fire.

00:23:17.698 - 00:23:18.338

Diego: So cool.

00:23:18.338 - 00:23:19.098

Diego: Dobby's great, man.

00:23:19.098 - 00:23:27.498

Diego: That's another character that like in the latest season that we watched, how man like that dude just became so much cooler.

00:23:27.538 - 00:23:28.798

Joshua: Yeah.

00:23:28.798 - 00:23:34.218

Diego: But it's funny because like the potential was just sitting there all along, you know, it's just that they hadn't gotten to that point.

00:23:34.218 - 00:23:34.358

Diego: Yeah.

00:23:35.478 - 00:23:36.278

Diego: So great, man.

00:23:36.278 - 00:23:37.298

Diego: Yeah.

00:23:37.298 - 00:23:43.018

Diego: Is there anyone else in MH that you that you have down as a fire user?

00:23:43.018 - 00:23:45.318

Diego: I can't really think of anyone else.

00:23:45.318 - 00:23:47.018

Joshua: Yeah, I don't know.

00:23:47.018 - 00:23:48.018

Joshua: I don't think so.

00:23:48.018 - 00:23:49.938

Diego: Okay.

00:23:49.938 - 00:23:50.698

Diego: Yeah, go ahead.

00:23:50.698 - 00:23:56.478

Joshua: Someone I want to mention from the DC universe.

00:23:56.478 - 00:23:58.758

Joshua: Firefly, the Batman villain.

00:23:59.018 - 00:23:59.418

Diego: Yeah.

00:23:59.418 - 00:23:59.698

Joshua: Yeah.

00:23:59.698 - 00:24:13.038

Joshua: I remember when I was playing through Arkham Knight, there was a whole slew of missions that was all about Firefly, like arsoning up these fire departments all over Gotham, and you have to stop him.

00:24:13.038 - 00:24:13.958

Diego: I remember that mission.

00:24:14.118 - 00:24:14.998

Joshua: Yeah.

00:24:14.998 - 00:24:15.998

Diego: Yeah, it's pretty cool.

00:24:15.998 - 00:24:17.618

Diego: And you remember how they had...

00:24:17.618 - 00:24:21.998

Diego: He was the main villain in the Batgirl movie that was never going to be seen?

00:24:21.998 - 00:24:22.738

Joshua: He was?

00:24:22.738 - 00:24:24.078

Diego: Yeah.

00:24:24.078 - 00:24:25.978

Diego: Brendan Fraser was playing him.

00:24:25.978 - 00:24:26.318

Joshua: Really?

00:24:26.638 - 00:24:27.218

Diego: Yeah, man.

00:24:27.258 - 00:24:28.318

Diego: We never got to see it.

00:24:28.318 - 00:24:29.578

Diego: It's so sad.

00:24:29.578 - 00:24:32.458

Diego: I really hope that they unarchived that thing at some point, man.

00:24:32.458 - 00:24:32.918

Joshua: Yeah.

00:24:32.918 - 00:24:36.078

Diego: What a weird thing to just throw out there.

00:24:36.078 - 00:24:37.818

Diego: I mean, to put away, you know?

00:24:37.818 - 00:24:39.138

Joshua: Yeah.

00:24:39.138 - 00:24:44.198

Diego: Fully made, edited, ready to go, and it's just completely archived.

00:24:44.198 - 00:24:46.018

Joshua: Why didn't they throw that away?

00:24:46.018 - 00:24:48.018

Diego: Financial reasons.

00:24:48.018 - 00:24:49.258

Diego: They were writing it away.

00:24:49.258 - 00:24:54.278

Diego: Because if they release a movie, they got to pay certain amounts of taxes and stuff, and we're talking about millions.

00:24:55.218 - 00:24:56.838

Diego: And they got to promote it and all that stuff.

00:24:56.838 - 00:24:59.278

Diego: So there's huge, huge costs associated with the movie.

00:24:59.278 - 00:25:02.458

Diego: Even after it's made, the costs continue.

00:25:02.458 - 00:25:02.978

Diego: Yeah.

00:25:02.978 - 00:25:04.938

Joshua: Was it going to be part of the DCEU?

00:25:06.798 - 00:25:07.038

Joshua: Yeah.

00:25:07.038 - 00:25:10.498

Diego: It was supposed to be the new direction they were taking.

00:25:10.878 - 00:25:20.038

Diego: Because they were trying to introduce the Kaya girl as Supergirl and Batgirl, and then it was supposed to be-

00:25:20.098 - 00:25:21.378

Joshua: Batwoman.

00:25:21.378 - 00:25:22.878

Joshua: Huh?

00:25:22.878 - 00:25:23.178

Joshua: I'm not sure.

00:25:23.178 - 00:25:24.018

Diego: No, it was Batwoman.

00:25:24.018 - 00:25:25.218

Diego: Oh, it was Batgirl.

00:25:25.258 - 00:25:25.918

Joshua: It was?

00:25:25.918 - 00:25:26.438

Diego: Yeah, yeah.

00:25:26.438 - 00:25:27.198

Joshua: Oh.

00:25:27.198 - 00:25:27.938

Diego: Yeah.

00:25:27.938 - 00:25:32.878

Diego: And it was going to be Michael Keaton's Batman mentoring her.

00:25:33.598 - 00:25:34.978

Diego: Yeah.

00:25:34.978 - 00:25:38.558

Diego: That was like the direction they were going, and then everything changed.

00:25:38.558 - 00:25:39.698

Joshua: Yeah.

00:25:39.698 - 00:25:40.478

Joshua: Like it has so many times.

00:25:40.478 - 00:25:43.578

Joshua: And then James Gunn, our savior, James Gunn.

00:25:43.578 - 00:25:45.558

Diego: Hey, man, I'm not calling him my savior just yet.

00:25:45.558 - 00:25:47.438

Diego: I will wait and see.

00:25:47.438 - 00:25:49.178

Diego: But in the DC world, there's many more, man.

00:25:49.278 - 00:25:56.858

Diego: You've got you got Starfire from Teen Titans and her sister Blackfire.

00:25:56.858 - 00:26:05.638

Diego: And both of these were very, very heavily featured in the Titans series, which first two seasons were so great.

00:26:05.638 - 00:26:15.258

Diego: Like their whole, I think the whole second season, there was a big storyline regarding Blackfire, I think the sisters, that whole thing was done.

00:26:15.258 - 00:26:21.458

Diego: Then in the Arrowverse, they focused very heavily on Firestorm.

00:26:21.458 - 00:26:22.078

Joshua: Yeah.

00:26:22.118 - 00:26:25.038

Joshua: And there's two, right?

00:26:25.038 - 00:26:25.818

Diego: Two Firestorms?

00:26:25.818 - 00:26:26.778

Joshua: Yeah.

00:26:26.778 - 00:26:27.578

Joshua: There's...

00:26:27.598 - 00:26:29.538

Diego: Oh, yeah.

00:26:29.538 - 00:26:30.438

Diego: That's right.

00:26:30.438 - 00:26:35.218

Diego: He merges first with the Caucasian dude and then with the Black dude, right?

00:26:35.218 - 00:26:35.898

Joshua: Yeah.

00:26:35.898 - 00:26:36.618

Diego: Yeah.

00:26:36.618 - 00:26:36.898

Diego: That's right.

00:26:36.898 - 00:26:39.418

Diego: But it's always the professor is like the common denominator, right?

00:26:39.418 - 00:26:39.978

Diego: He's always there.

00:26:40.258 - 00:26:40.638

Joshua: Yeah.

00:26:40.658 - 00:26:42.358

Joshua: The professor was with both of them.

00:26:42.358 - 00:26:43.078

Diego: Yeah.

00:26:43.078 - 00:26:43.218

Diego: Yeah.

00:26:43.218 - 00:26:44.118

Diego: That was pretty cool, man.

00:26:44.238 - 00:26:45.518

Diego: That character was interesting.

00:26:45.518 - 00:26:51.318

Diego: I never, honestly, I never paid attention to Firestorm in the comics, never knew his story at all.

00:26:51.318 - 00:26:54.358

Diego: I had no clue that he was composed of two people.

00:26:54.358 - 00:26:54.898

Joshua: Really?

00:26:54.898 - 00:26:56.178

Diego: No, I had no idea, man.

00:26:56.178 - 00:26:56.838

Diego: That's pretty cool.

00:26:56.838 - 00:26:57.438

Diego: I really...

00:26:57.678 - 00:26:59.878

Diego: I dug him in that Arrowverse.

00:26:59.878 - 00:27:00.478

Diego: Pretty neat.

00:27:00.478 - 00:27:02.758

Diego: Yeah.

00:27:03.058 - 00:27:06.918

Diego: In Suicide Squad, you had Diablo.

00:27:06.918 - 00:27:07.858

Joshua: Yeah, that guy was cool.

00:27:07.858 - 00:27:09.458

Diego: Definitely a cool fire user.

00:27:09.718 - 00:27:10.518

Diego: Amongst other things.

00:27:10.518 - 00:27:11.478

Joshua: I forgot about that guy.

00:27:11.478 - 00:27:12.018

Joshua: Yeah.

00:27:12.018 - 00:27:12.798

Diego: Yeah.

00:27:12.798 - 00:27:16.178

Diego: I mean, they really showed off his fire powers, too.

00:27:16.178 - 00:27:19.758

Diego: In Little Things, remember, where he was making that woman dance or whatever in his palm?

00:27:19.758 - 00:27:20.558

Joshua: Mm-hmm.

00:27:20.738 - 00:27:22.298

Diego: And to the big things, right?

00:27:22.818 - 00:27:23.438

Diego: Oh, man.

00:27:23.438 - 00:27:25.538

Joshua: Didn't he turn into some kind of dragon?

00:27:25.538 - 00:27:26.698

Joshua: Didn't he make a fire?

00:27:27.478 - 00:27:27.718

Joshua: Yeah.

00:27:27.718 - 00:27:29.598

Diego: Because it's a demon that possesses him.

00:27:29.598 - 00:27:30.898

Joshua: Oh, yeah, it is.

00:27:30.898 - 00:27:33.738

Diego: So that's why they call him the Diablo.

00:27:35.598 - 00:27:44.518

Diego: And so he can use fire normally in his human form, but he can go his final form or whatever you want to call it and turn into the demon.

00:27:44.518 - 00:27:44.978

Diego: Pretty cool.

00:27:44.978 - 00:27:53.298

Diego: Yeah, that dude was pretty, I think, from the fire wielders in DC, at least this iteration that we got to see in Suicide Squad, that dude was like a standout for me.

00:27:53.298 - 00:27:53.678

Joshua: Yeah.

00:27:53.678 - 00:27:54.638

Diego: Very cool.

00:27:54.638 - 00:28:02.438

Joshua: Into the world of Mortal Kombat, you have, I mean, Scorpion, obviously, first off.

00:28:02.438 - 00:28:07.278

Joshua: I mean, his whole thing, he's like, I mean, get over here.

00:28:07.278 - 00:28:17.138

Joshua: And he like, well, no, one of his most iconic finishers, he breathes fire onto your head and just burns all of your flesh off.

00:28:17.138 - 00:28:17.518

Joshua: Yeah.

00:28:17.518 - 00:28:18.438

Joshua: Your skin.

00:28:18.438 - 00:28:21.478

Diego: I think that fatality is called toasty, if I remember saying.

00:28:21.478 - 00:28:22.758

Joshua: Really?

00:28:23.118 - 00:28:25.338

Diego: I seem to remember that, yeah.

00:28:25.338 - 00:28:26.758

Diego: But yeah, Scorpion, definitely.

00:28:26.758 - 00:28:29.578

Diego: And his old, and I think they actually called it Hellfire, too.

00:28:29.578 - 00:28:30.038

Joshua: Really?

00:28:30.038 - 00:28:32.578

Diego: That'd be a really cool, like, crossover comic.

00:28:32.578 - 00:28:35.258

Diego: Hell, Ghost Rider with Scorpion.

00:28:35.258 - 00:28:35.958

Joshua: Yeah.

00:28:35.958 - 00:28:37.138

Diego: That'd be interesting, man.

00:28:37.138 - 00:28:51.798

Joshua: I'm pretty sure, actually, with Scorpion, at least in Mortal Kombat 11, I'm pretty sure, there's something where, like, you know how you can choose the fighting styles?

00:28:51.798 - 00:28:52.178

Diego: Yeah.

00:28:52.178 - 00:28:54.378

Joshua: I'm pretty sure it says Pyromancer.

00:28:54.378 - 00:28:54.798

Diego: Yes.

00:28:54.798 - 00:28:55.398

Diego: Yes, yes, yes, yes.

00:28:55.398 - 00:28:55.818

Joshua: Yeah.

00:28:55.818 - 00:28:57.758

Joshua: I'm pretty sure that's one of the things that it shows.

00:28:57.758 - 00:28:58.338

Diego: I definitely remember.

00:28:58.338 - 00:29:02.578

Diego: I mean, Scorpion is my dude in Mortal Kombat, so, yeah, I definitely remember that fighting style.

00:29:03.618 - 00:29:05.318

Diego: You also got Liu Kang.

00:29:05.798 - 00:29:06.218

Joshua: Yeah.

00:29:06.218 - 00:29:07.058

Joshua: Liu Kang.

00:29:07.058 - 00:29:14.718

Diego: Not only does he usually shoot fireballs and stuff like that, even his kick has fire, but he actually becomes a god.

00:29:14.718 - 00:29:14.938

Joshua: Yeah.

00:29:14.938 - 00:29:18.318

Joshua: In Mortal Kombat 11, he, like, becomes the god of time or something.

00:29:18.318 - 00:29:18.678

Diego: Yeah.

00:29:18.678 - 00:29:24.718

Joshua: And he reset the universe in Mortal Kombat 1, because Mortal Kombat 1 is a new universe.

00:29:24.718 - 00:29:25.758

Diego: Yeah.

00:29:25.758 - 00:29:28.878

Diego: But, yeah, Liu Kang has always had fire powers and, like, his...

00:29:28.878 - 00:29:29.478

Diego: he's had...

00:29:29.478 - 00:29:34.498

Diego: At first, correct me if I'm wrong, but, like, was it in the new Mortal Kombat movie where he...

00:29:34.778 - 00:29:37.878

Diego: the dragon is actually a fire dragon?

00:29:37.878 - 00:29:38.398

Joshua: I don't...

00:29:38.398 - 00:29:40.518

Joshua: I don't really remember anything from that movie, honestly.

00:29:40.518 - 00:29:42.158

Diego: The latest one?

00:29:42.158 - 00:29:42.958

Diego: Oh, wow.

00:29:43.078 - 00:29:44.318

Joshua: Then, like, the new one?

00:29:44.318 - 00:29:50.818

Diego: Because the original fatality was, like, he turned into an actual dragon, his animality or whatever.

00:29:50.818 - 00:29:58.438

Diego: But I'm pretty sure that either in one of the latest video games or in the latest movie, I saw the fire was...

00:29:58.438 - 00:30:01.058

Diego: the dragon was actually made out of fire.

00:30:01.058 - 00:30:04.938

Diego: Anyway, there's other Mortal Kombat characters who are fire controllers.

00:30:04.938 - 00:30:05.958

Diego: Do you remember Blaze at all?

00:30:05.958 - 00:30:07.618

Diego: Have you ever seen him?

00:30:07.618 - 00:30:08.698

Joshua: I don't think so.

00:30:08.698 - 00:30:10.478

Diego: He's a fire elemental.

00:30:10.478 - 00:30:13.618

Diego: So that dude is actually, like, made of fire.

00:30:13.618 - 00:30:17.998

Diego: His shape is kind of like kind of like a bulky ninja from Mortal Kombat.

00:30:17.998 - 00:30:18.858

Joshua: Yeah.

00:30:18.858 - 00:30:20.578

Joshua: With that, like, outfit that they all have on.

00:30:20.958 - 00:30:23.198

Diego: It's mostly the face mask.

00:30:23.198 - 00:30:24.718

Diego: That's the thing that you can see.

00:30:24.718 - 00:30:27.658

Diego: But the guy is like kind of see through a little bit because he's all made out of fire.

00:30:27.718 - 00:30:28.798

Diego: Yeah.

00:30:28.798 - 00:30:29.518

Diego: But he's pretty cool.

00:30:29.518 - 00:30:32.118

Diego: So obviously his whole power set is fire related.

00:30:32.118 - 00:30:35.658

Diego: Then when it comes to the robot sector, he actually...

00:30:35.658 - 00:30:36.618

Joshua: That guy's fire?

00:30:36.618 - 00:30:36.998

Diego: Yeah.

00:30:36.998 - 00:30:38.038

Diego: All his powers are fired.

00:30:38.038 - 00:30:40.098

Diego: But I mean, it's all like he has bombs.

00:30:40.098 - 00:30:41.378

Diego: He has flamethrowers.

00:30:41.378 - 00:30:42.958

Diego: Like he has, he does a lot of stuff with fire.

00:30:42.958 - 00:30:44.418

Diego: Yeah.

00:30:44.418 - 00:30:50.218

Diego: Then you've got in, have you ever heard of the video game MK, Mortal Kombat Mythology Sub-Zero?

00:30:50.218 - 00:30:51.218

Joshua: No.

00:30:51.218 - 00:30:54.958

Diego: So this was back in the 90s, I think it was.

00:30:54.958 - 00:30:59.898

Diego: I think it was, I want to say Sega Genesis or PlayStation 1.

00:30:59.898 - 00:31:09.038

Diego: And it was a side-scroller Mortal Kombat game where you would play as Sub-Zero, and it was like a venture kind of mission after mission type of thing.

00:31:09.038 - 00:31:09.758

Joshua: Yeah.

00:31:09.758 - 00:31:14.098

Diego: And then like one of the main villains in there was a fire god called Cajun.

00:31:15.038 - 00:31:15.798

Joshua: Cajun?

00:31:15.798 - 00:31:16.178

Diego: Yeah.

00:31:16.198 - 00:31:19.538

Diego: So it was like an ultimate showdown of like, you know, ice powers and fire powers.

00:31:19.538 - 00:31:20.598

Diego: Yeah.

00:31:20.598 - 00:31:28.578

Diego: So yeah, that was pretty interesting that they had a, well, interesting that they had a side-scroller Mortal Kombat game.

00:31:28.578 - 00:31:29.278

Joshua: I know that there was...

00:31:29.278 - 00:31:30.318

Diego: But it was fun, man.

00:31:30.318 - 00:31:33.918

Diego: You should, if we could find it, I think it'd be really cool for you to test it out, to try it out.

00:31:33.918 - 00:31:34.798

Diego: It's actually pretty cool.

00:31:34.798 - 00:31:42.078

Joshua: I know that there's, there have been like kind of Ultimate Alliance, like Marvel Ultimate Alliance type Street Fighter games.

00:31:43.738 - 00:31:45.098

Diego: Street Fighter or Mortal Kombat?

00:31:45.098 - 00:31:45.778

Joshua: Oh, Mortal Kombat.

00:31:45.778 - 00:31:46.618

Joshua: That's what I meant.

00:31:46.618 - 00:31:51.198

Joshua: Where with like Liu Kang and the guy with the hat.

00:31:51.198 - 00:31:51.838

Joshua: What's his name?

00:31:51.858 - 00:31:54.018

Diego: Oh, Shaolin Monks?

00:31:54.018 - 00:31:54.398

Joshua: Yeah.

00:31:54.398 - 00:31:55.538

Diego: Yeah, yeah, yeah, yeah, yeah.

00:31:55.538 - 00:31:56.498

Diego: I know what you're talking about.

00:31:56.498 - 00:31:56.838

Diego: Yep.

00:31:57.858 - 00:31:58.478

Diego: Yeah, yeah.

00:31:58.478 - 00:32:00.078

Diego: Mortal Kombat has stride, man.

00:32:00.078 - 00:32:01.178

Diego: Mortal Kombat has stride.

00:32:01.178 - 00:32:02.458

Joshua: Also that, what's that thing called?

00:32:02.458 - 00:32:04.578

Joshua: Like the graveyard thing?

00:32:04.578 - 00:32:05.458

Diego: Oh, the crypt.

00:32:05.518 - 00:32:06.538

Joshua: Yeah, yeah.

00:32:06.538 - 00:32:08.278

Joshua: That's a pretty interesting type of...

00:32:08.278 - 00:32:12.338

Diego: I think they introduced that in MKX and carried it over into the new, into MK11, right?

00:32:12.338 - 00:32:12.858

Joshua: Yeah.

00:32:12.858 - 00:32:14.178

Joshua: Yeah, I remember playing that in...

00:32:14.178 - 00:32:16.258

Diego: Yeah, that crypt was pretty cool.

00:32:16.258 - 00:32:19.738

Diego: Yeah, you could spend hours there, just run, wandering around, trying to find things.

00:32:19.738 - 00:32:20.978

Diego: Yeah.

00:32:20.978 - 00:32:24.278

Diego: Yeah, so that's, that's a, that's a few from Mortal Kombat.

00:32:25.378 - 00:32:34.418

Diego: Back over into, like, Marvel, to finish off my list there, I've got Firestar, who was introduced in Spider-Man and his amazing friends.

00:32:34.418 - 00:32:35.418

Joshua: Is that a run?

00:32:35.418 - 00:32:35.838

Diego: Yeah.

00:32:35.838 - 00:32:38.138

Diego: No, it's an old cartoon show.

00:32:38.138 - 00:32:38.278

Diego: Oh.

00:32:38.658 - 00:32:42.838

Diego: It was, like, Spider-Man, Firestar, and Iceman.

00:32:42.838 - 00:32:44.518

Diego: Those are them three.

00:32:44.518 - 00:32:46.038

Joshua: Like the Iceman, like the X-Man?

00:32:46.038 - 00:32:47.058

Diego: The X-Man, Iceman, yeah.

00:32:47.058 - 00:32:47.618

Joshua: Oh.

00:32:47.618 - 00:32:48.598

Diego: Bobby Drake.

00:32:48.598 - 00:32:49.378

Diego: Isn't that weird?

00:32:49.378 - 00:32:51.398

Diego: Like, interesting team up.

00:32:51.398 - 00:32:51.878

Joshua: Yeah, I remember.

00:32:51.878 - 00:32:53.658

Diego: Spider-Man, and then a Fire and Ice person.

00:32:53.658 - 00:32:57.918

Joshua: In the Ultimate comics, Bobby Drake and Spider-Man were actually, like, close friends.

00:32:57.918 - 00:32:58.198

Joshua: Yeah.

00:32:58.198 - 00:32:58.838

Diego: Uh-huh.

00:32:58.838 - 00:32:59.758

Joshua: Yeah.

00:32:59.758 - 00:33:01.218

Diego: Yeah, they became close.

00:33:01.218 - 00:33:05.098

Diego: In the Ultimate comics, wasn't it Johnny Storm that ended up, like, being sent to his high school?

00:33:05.758 - 00:33:06.038

Joshua: Yeah.

00:33:06.038 - 00:33:10.658

Joshua: Well, actually, in the Ultimate comics, that was, like, one of the kind of...

00:33:10.658 - 00:33:12.358

Joshua: That was, like, a one-off issue.

00:33:12.818 - 00:33:23.718

Joshua: But eventually, like, after Ultimatum, a bunch of heroes live with Peter Parker, like, just live until his death.

00:33:23.718 - 00:33:24.918

Joshua: Yeah.

00:33:24.918 - 00:33:26.278

Joshua: It's Johnny Storm.

00:33:26.958 - 00:33:27.758

Diego: Oh, yeah.

00:33:27.758 - 00:33:29.838

Joshua: Johnny Storm, Kitty Pryde.

00:33:31.458 - 00:33:32.958

Joshua: Iceman Bobby Drake.

00:33:32.958 - 00:33:34.358

Diego: Yeah.

00:33:34.358 - 00:33:36.218

Joshua: There's someone else.

00:33:36.218 - 00:33:40.938

Joshua: But, yeah, there were, like, a bunch of heroes that just lived and went to school with Peter Parker.

00:33:40.938 - 00:33:41.378

Diego: That's interesting.

00:33:41.378 - 00:33:44.458

Joshua: That was, like, really interesting, the whole dynamic, because they were, like, family...

00:33:44.498 - 00:33:44.848

Diego: Right...

00:33:44.848 - 00:33:44.848

Joshua: .

00:33:44.848 - 00:33:48.478

Joshua: for, like, probably the last third of those books.

00:33:48.478 - 00:33:49.678

Diego: I remember that, yeah.

00:33:49.678 - 00:33:53.918

Diego: The funny thing is that, like, that actually does happen in real life.

00:33:53.918 - 00:33:54.498

Joshua: What do you mean?

00:33:54.498 - 00:34:04.718

Diego: Like, I remember, as a teenager, I remember hearing about cases like that, like, in high school and stuff, where, like, a, you know, a teenager kid is going to have...

00:34:04.718 - 00:34:07.858

Diego: might be having, like, really difficult situations at home.

00:34:07.858 - 00:34:14.018

Diego: Maybe, like, parents are addicts of some sort, or there's something really volatile and unsafe.

00:34:14.018 - 00:34:15.228

Diego: And, like, they...

00:34:15.228 - 00:34:16.038

Diego: another...

00:34:16.038 - 00:34:19.278

Diego: their friend's family will be like, come stay over with us, you know?

00:34:19.538 - 00:34:19.978

Joshua: Yeah.

00:34:19.978 - 00:34:23.058

Diego: Like, just to provide a safe haven or whatever.

00:34:23.058 - 00:34:32.738

Diego: And, like, I remember, like, thinking of one case in particular, and, like, the parents of the other kid were, like, so far gone and stuff that they didn't even care.

00:34:32.738 - 00:34:33.298

Joshua: Wow.

00:34:33.298 - 00:34:40.378

Diego: So it ended up being a situation where, like, yeah, they ended up living with this other family, almost like if they were family themselves, you know?

00:34:40.378 - 00:34:42.158

Diego: That always reminded me of that sort of thing.

00:34:42.618 - 00:34:44.698

Diego: I do remember what you're talking about in that story.

00:34:44.698 - 00:34:47.178

Joshua: I also remember also having to do with fire, actually.

00:34:48.698 - 00:34:53.298

Joshua: Liz Allen, in the Ultimate Comics, she was always like a mute.

00:34:53.298 - 00:34:55.518

Joshua: She was racist to mutants, like, the whole time.

00:34:55.518 - 00:34:55.858

Joshua: She was like...

00:34:55.858 - 00:34:56.618

Diego: She was secretly a mute?

00:34:56.618 - 00:34:57.818

Joshua: Yeah, she was really mute.

00:34:57.818 - 00:34:59.038

Joshua: She was really mutant-phobic.

00:34:59.038 - 00:35:03.858

Joshua: And then when Johnny Storm started going to the high school, she was, like, kind of into her.

00:35:03.858 - 00:35:07.798

Joshua: And then, like, his identity got revealed at a party, whatever, and she was like, ah.

00:35:07.798 - 00:35:17.598

Joshua: And then a couple volumes later, like when he came back to the high school after Ultimatum, he, like, did the flame-on thing.

00:35:17.598 - 00:35:17.938

Diego: Yeah.

00:35:17.938 - 00:35:20.978

Joshua: And then she caught on fire, and she was like, oh, my God, he sent me on fire.

00:35:20.978 - 00:35:22.658

Joshua: And then she realized that it didn't hurt.

00:35:22.658 - 00:35:23.518

Diego: I remember that.

00:35:23.518 - 00:35:26.218

Joshua: Eventually, Liz Allen joins the X-Men.

00:35:26.218 - 00:35:26.538

Diego: Yeah.

00:35:26.538 - 00:35:26.878

Diego: Yeah.

00:35:26.878 - 00:35:27.118

Joshua: Yeah.

00:35:27.118 - 00:35:27.958

Diego: I remember that.

00:35:27.958 - 00:35:32.718

Joshua: And, like, throughout the rest of the X-Men book, she's just a member of the X-Men.

00:35:32.718 - 00:35:33.938

Diego: That's crazy.

00:35:33.938 - 00:35:34.238

Joshua: Yeah.

00:35:34.238 - 00:35:35.758

Diego: That's a really good storyline, though.

00:35:36.158 - 00:35:36.398

Joshua: Yeah.

00:35:36.398 - 00:35:45.738

Diego: Like, the whole thing, because, like, of course, you always have the X-Men being associated with, like, the human rights type of stuff, but in civil rights.

00:35:45.738 - 00:35:50.558

Diego: But in this case, it's like you're playing around with a different side of it, right?

00:35:50.558 - 00:35:55.478

Diego: Which is like someone who it's almost closeted, right?

00:35:55.498 - 00:35:55.978

Joshua: Yeah.

00:35:55.978 - 00:35:56.338

Diego: Yeah.

00:35:56.338 - 00:35:57.738

Diego: It's a pretty cool concept.

00:35:57.738 - 00:36:03.158

Diego: That, again, like, I feel like the ultimate universe got to play around with ideas like that.

00:36:03.178 - 00:36:03.438

Joshua: Yeah.

00:36:03.698 - 00:36:06.238

Diego: That you just didn't see a lot in the regular content room.

00:36:06.238 - 00:36:14.178

Joshua: Like taking somebody from a corner of the Marvel universe, like somebody from Spider-Man's high school, Liz Allen, and just making them a member of the X-Men.

00:36:14.178 - 00:36:14.458

Diego: Yeah.

00:36:14.638 - 00:36:19.778

Joshua: Also, it's kind of weird that she has, like, literally the exact same power set as Johnny Storm.

00:36:19.778 - 00:36:20.658

Joshua: But I mean, hey.

00:36:20.658 - 00:36:22.478

Diego: I guess.

00:36:22.478 - 00:36:23.078

Diego: Who knows?

00:36:23.078 - 00:36:25.098

Joshua: Maybe they have, like, similar genes or something.

00:36:25.098 - 00:36:25.438

Joshua: I don't know.

00:36:25.438 - 00:36:26.058

Diego: Maybe.

00:36:26.058 - 00:36:28.198

Diego: I mean, you're bound to have repeats.

00:36:28.198 - 00:36:28.698

Joshua: Yeah.

00:36:28.698 - 00:36:29.518

Diego: Has to be.

00:36:29.518 - 00:36:30.078

Joshua: Yeah.

00:36:30.078 - 00:36:32.938

Diego: In Marvel, there's also a couple more characters that I got.

00:36:33.018 - 00:36:37.798

Diego: You got Magma, who was in the New Mutants, and Chee can control fire and stuff.

00:36:37.798 - 00:36:40.598

Diego: Also lava, but also fire.

00:36:40.598 - 00:36:44.238

Diego: And then you got Damon Hellstrom, who was the son of Satan.

00:36:44.238 - 00:36:45.078

Joshua: Oh, wow.

00:36:45.078 - 00:36:45.558

Diego: Yeah.

00:36:45.558 - 00:36:47.998

Diego: And he definitely has, like, fire based powers.

00:36:47.998 - 00:36:55.798

Diego: Isn't it funny how fire is so related, I guess, thanks to Christianity and Abrahamic religions, so related to hell?

00:36:55.798 - 00:36:56.218

Joshua: Yeah.

00:36:56.218 - 00:37:05.738

Joshua: I mean, is that is that like you think if it weren't for like religions like that, that wouldn't be the case?

00:37:05.738 - 00:37:06.898

Diego: No, it wouldn't.

00:37:06.898 - 00:37:18.798

Diego: No, because like in the at least in the Jewish side of the Bible, in the Old Testament, the concept of hell was not a lake of burning fire.

00:37:19.698 - 00:37:30.938

Diego: The concept of hell was like more similar to like in Greek mythology.

00:37:30.938 - 00:37:33.558

Diego: You know how like the land of the dead is depicted.

00:37:33.558 - 00:37:36.698

Diego: It's just like this dark abyss sort of thing.

00:37:36.698 - 00:37:39.078

Diego: It's a lot more like that.

00:37:39.078 - 00:37:39.798

Diego: It's more...

00:37:39.798 - 00:37:42.278

Diego: Sheol is what it used to be called.

00:37:42.278 - 00:37:48.738

Diego: And it was basically just the land of the dead, and it wasn't a place that was active with flames and demons poking at you and whatever.

00:37:48.738 - 00:37:54.078

Diego: It was just like where you went after, there was nothing else, you know?

00:37:54.078 - 00:38:04.078

Diego: And it wasn't until the New Testament that we started getting this very vivid imagery of like, you're going to be sent to some place where you're going to be punished and burned for eternity.

00:38:04.078 - 00:38:04.738

Joshua: Yeah.

00:38:04.738 - 00:38:07.858

Diego: That is a very much like a Christian thing.

00:38:07.858 - 00:38:12.798

Diego: And thanks to that, Satan is associated with fire.

00:38:12.798 - 00:38:15.138

Diego: Demons are associated with fire.

00:38:15.138 - 00:38:17.638

Diego: The afterlife punishment is associated with fire.

00:38:18.138 - 00:38:21.458

Diego: And so it's like, it's almost giving fire a bad rep.

00:38:21.458 - 00:38:22.238

Joshua: Yeah.

00:38:22.238 - 00:38:25.098

Joshua: Something cool in the Ultimate X-Men comics.

00:38:25.098 - 00:38:27.638

Joshua: I don't know if it's like that in the other X-Men comics.

00:38:27.638 - 00:38:28.158

Diego: Yeah.

00:38:28.158 - 00:38:32.338

Joshua: But Nightcrawler, I mean, he's like a demon.

00:38:32.338 - 00:38:32.598

Diego: Yeah.

00:38:32.598 - 00:38:35.058

Joshua: Like, or at least he looks like one.

00:38:35.058 - 00:38:41.118

Joshua: But he always has like kind of fire, like pouring out of his eyes and mouth.

00:38:41.218 - 00:38:42.018

Joshua: Yeah.

00:38:42.018 - 00:38:43.218

Joshua: It's like fire or smoke.

00:38:43.218 - 00:38:44.278

Diego: It's brimstone.

00:38:44.278 - 00:38:45.338

Joshua: Yeah.

00:38:45.338 - 00:38:51.718

Joshua: He has like this like heat, like the essence of heat, like pouring out of his eyes and mouth constantly.

00:38:51.718 - 00:38:52.058

Joshua: Yeah.

00:38:52.058 - 00:38:52.818

Joshua: It's pretty cool.

00:38:52.818 - 00:38:53.738

Diego: It's funny.

00:38:53.738 - 00:38:58.158

Diego: Actually, I just started reading the new Wolverine series.

00:38:58.158 - 00:39:03.618

Diego: And in that series, the series begins with like Wolverine kind of off in the Canadian wilderness running around with wolves.

00:39:03.618 - 00:39:03.918

Joshua: Yeah.

00:39:03.918 - 00:39:05.658

Diego: Like as part of their pack.

00:39:05.658 - 00:39:08.058

Diego: And like naked just running around.

00:39:08.898 - 00:39:10.598

Diego: And Nightcrawler goes out to find him.

00:39:10.638 - 00:39:13.718

Diego: Because right now, like the original X-Men are kind of like all over the place.

00:39:13.718 - 00:39:14.218

Joshua: Yeah.

00:39:14.218 - 00:39:20.838

Diego: Like Beast and Cyclops are running the one of the two core X-Men groups.

00:39:20.838 - 00:39:21.778

Joshua: Yeah.

00:39:21.778 - 00:39:23.978

Diego: Then you got like other characters who are running the other one.

00:39:23.978 - 00:39:26.878

Diego: And then you got like Wolverine, who just doesn't want to associate with anybody.

00:39:26.878 - 00:39:28.178

Diego: And he's like running on his own.

00:39:28.178 - 00:39:29.178

Diego: Yeah.

00:39:29.178 - 00:39:32.398

Diego: But anyway, Wolverine and Nightcrawler have always been friends.

00:39:32.398 - 00:39:35.798

Diego: And so Nightcrawler goes and looks for him and tracks him down to the Canadian wilderness.

00:39:35.798 - 00:39:39.158

Diego: And like when Wolverine smells him, he immediately like he sniffs.

00:39:39.598 - 00:39:41.838

Diego: And he's like, brimstone.

00:39:41.838 - 00:39:45.078

Diego: And then he goes to try to kill him, because he's like in his berserker mode.

00:39:45.078 - 00:39:46.518

Diego: Yeah.

00:39:46.518 - 00:39:47.598

Diego: But yeah, pretty interesting.

00:39:47.598 - 00:39:49.258

Diego: You know, he calls him elf.

00:39:51.018 - 00:39:51.658

Joshua: Really?

00:39:51.658 - 00:39:53.778

Diego: Wolverine calls Nightcrawler elf.

00:39:53.778 - 00:39:55.938

Diego: That's funny.

00:39:55.938 - 00:39:57.698

Diego: I remember that actually from old comics.

00:39:57.698 - 00:39:58.418

Diego: And then I forgot.

00:39:58.538 - 00:40:01.638

Diego: And when he called him elf, I'm like, yeah, I remember.

00:40:01.638 - 00:40:01.858

Joshua: Yeah.

00:40:01.858 - 00:40:12.598

Joshua: Oh, but like Nightcrawler in the Ultimate Comics, his like his aura is a lot less like blue and like purple.

00:40:12.598 - 00:40:14.658

Joshua: It's a lot more fiery.

00:40:14.658 - 00:40:15.238

Diego: Fiery.

00:40:15.238 - 00:40:15.498

Joshua: Yeah.

00:40:15.498 - 00:40:19.738

Joshua: Like even with his teleportation, it's like orange.

00:40:19.738 - 00:40:20.958

Joshua: It's like the color of fire.

00:40:20.958 - 00:40:22.978

Joshua: And it's like fiery smoke.

00:40:22.978 - 00:40:23.458

Diego: In what?

00:40:23.458 - 00:40:23.878

Diego: And where?

00:40:23.878 - 00:40:25.038

Joshua: In the Ultimate X-Men comics.

00:40:25.038 - 00:40:25.778

Diego: Oh, I don't remember that.

00:40:25.778 - 00:40:26.298

Diego: It's interesting.

00:40:26.298 - 00:40:29.458

Joshua: Because like in normal continuity, it's like kind of like bluish.

00:40:29.458 - 00:40:31.318

Joshua: Yeah, it's like bluish, purple, black.

00:40:31.318 - 00:40:35.678

Joshua: But in the Ultimate comics, it's like always seemed like smoke to me, like black, purple smoke or something.

00:40:35.678 - 00:40:36.498

Joshua: Yeah.

00:40:36.958 - 00:40:39.918

Joshua: But his whole thing in the Ultimate comics is kind of more orangish.

00:40:40.778 - 00:40:47.498

Diego: Speaking of demons and gods and things, Game of Thrones, Game of Thrones, of course, it's like its own world.

00:40:47.498 - 00:40:53.298

Diego: And within that world, there's different mythologies and beliefs, you know, of all sorts.

00:40:53.298 - 00:40:53.938

Joshua: Yeah.

00:40:53.938 - 00:40:56.738

Diego: And so there's like many gods that people pray to in that world.

00:40:57.338 - 00:41:00.598

Diego: And there are some that are clearly like false gods.

00:41:00.598 - 00:41:01.878

Diego: They're not real.

00:41:01.878 - 00:41:04.818

Diego: And you kind of think at the beginning that all the gods are fake.

00:41:04.818 - 00:41:06.058

Joshua: Some of them are actually real.

00:41:06.058 - 00:41:07.398

Diego: There's at least one.

00:41:07.398 - 00:41:07.898

Joshua: Really?

00:41:07.898 - 00:41:08.478

Diego: Yeah, man.

00:41:08.478 - 00:41:11.078

Diego: And he's called the Lord of Light.

00:41:11.078 - 00:41:18.078

Diego: And one of the first cues that they're real is his high priests.

00:41:18.078 - 00:41:20.958

Diego: Like his high priests are scattered all around Westeros.

00:41:22.198 - 00:41:26.318

Diego: There's a few males and a lot of females, high priestesses.

00:41:26.318 - 00:41:29.218

Diego: And there's this one high priestess, in particular Melisandre.

00:41:29.218 - 00:41:33.318

Diego: This chick does all sorts of crazy magic and stuff.

00:41:33.318 - 00:41:35.878

Diego: She proves that this god is real.

00:41:35.878 - 00:41:40.198

Diego: And she uses fire a lot.

00:41:40.198 - 00:41:42.998

Diego: The Lord of Light is very associated with fire.

00:41:42.998 - 00:41:56.218

Diego: So for example, one of the priests, he walks around with this band of mercenaries, and whenever they're about to fight, he lights this other guy's sword on fire.

00:41:56.598 - 00:41:57.478

Diego: Wow.

00:41:57.478 - 00:42:01.058

Diego: Runs his hand along his blade, and the sword catches on fire.

00:42:01.058 - 00:42:14.778

Diego: There's a scene in the last season when they're fighting the army of the dead, where there's this moment where they don't know if they're going to be able to stand up against them, because it's like an overwhelming horde of zombies, basically.

00:42:14.778 - 00:42:14.998

Joshua: Yeah.

00:42:15.338 - 00:42:27.578

Diego: And this priestess, Melisandre, she goes around to all the men who are lined up ready to fight, and she does a thing, and all their swords catch on fire.

00:42:27.578 - 00:42:31.078

Joshua: Because the dead, the zombies are like ice.

00:42:31.078 - 00:42:32.858

Joshua: Yeah.

00:42:32.858 - 00:42:33.718

Diego: So cool, man.

00:42:34.178 - 00:42:34.738

Diego: It's really cool.

00:42:34.738 - 00:42:36.758

Diego: And of course, you've got dragons in that show.

00:42:36.878 - 00:42:39.838

Diego: So, you know, so like fire is like...

00:42:39.838 - 00:42:50.078

Diego: I mean, the whole thing is based around the the core story of a song of ice and fire, that show, the whole of the books that George RR Martin wrote.

00:42:50.078 - 00:42:53.118

Diego: So yeah, those elements are like really important things in that story.

00:42:53.118 - 00:42:55.378

Diego: Also, Daenerys Targaryen is resistant to fire.

00:42:55.378 - 00:42:57.698

Diego: She can't be burned.

00:42:57.698 - 00:43:00.918

Diego: She is the mother of dragons, the unburnt.

00:43:00.918 - 00:43:01.778

Joshua: The unburnt.

00:43:01.778 - 00:43:03.058

Diego: Yes.

00:43:03.058 - 00:43:04.838

Diego: DC, do you have anyone else in DC?

00:43:07.038 - 00:43:08.958

Joshua: Um, not really.

00:43:08.958 - 00:43:10.978

Diego: I got a few people.

00:43:10.978 - 00:43:12.638

Diego: Etrigan, the demon.

00:43:12.638 - 00:43:12.898

Joshua: Yeah.

00:43:12.898 - 00:43:14.438

Diego: You know that guy?

00:43:14.438 - 00:43:20.678

Diego: He definitely has like fire based powers because of course, you know, thanks Christianity, demons, fire.

00:43:20.678 - 00:43:23.078

Diego: Pyro from X-Men.

00:43:23.078 - 00:43:24.918

Joshua: Oh, wait, Pyro?

00:43:24.918 - 00:43:28.018

Diego: We saw him in the wasteland in Deadpool and Wolverine.

00:43:28.018 - 00:43:32.918

Joshua: Oh, he's the guy who like sucked Johnny Blazes or Johnny Storm's fire out.

00:43:32.918 - 00:43:37.158

Diego: Yeah, he's he's curious because he's one of those guys who can't generate fire.

00:43:37.158 - 00:43:45.498

Diego: So like in the original X-Men movies in X-Men 2, you see him walking around always with a zippo lighter because he has to be able to like generate it from somewhere else.

00:43:45.498 - 00:43:50.878

Diego: And then he can to like he can like absorb fire, not absorb, just control it.

00:43:50.878 - 00:43:54.478

Diego: Oh, so he takes a flame from a zippo lighter and he can like expand it.

00:43:54.898 - 00:43:55.658

Diego: Oh, okay.

00:43:55.658 - 00:43:56.358

Diego: Yeah.

00:43:56.358 - 00:44:06.218

Diego: But he never fully like, uh, like he never he's never able to flame on or anything like that, like Jon Storm, you know.

00:44:06.218 - 00:44:14.018

Diego: So it was interesting, actually, seeing those two guys like have some sort of interaction in that in the Deadpool movie.

00:44:14.018 - 00:44:15.238

Diego: So, yeah, you got him.

00:44:15.238 - 00:44:22.638

Diego: Then you got the the foil or the counterpart to Captain Cold in Flash's Rogues, which is Heatwave.

00:44:23.578 - 00:44:29.598

Diego: Mm, yeah, which I really loved, like, the interpretation of those characters in the Arrowverse.

00:44:29.598 - 00:44:34.378

Diego: Yeah, I thought it was kind of cool, like the two guys and the difference in personalities.

00:44:34.378 - 00:44:38.778

Diego: When I was reading the the Rogues comic book series, that's about Flash's Rogues, right?

00:44:38.778 - 00:44:39.798

Diego: Yeah, yeah.

00:44:39.798 - 00:44:41.538

Diego: And and it's really cool.

00:44:41.538 - 00:44:47.458

Diego: Like they have this interesting thing with each other, you know, like, I don't know, how could you not, right?

00:44:47.458 - 00:44:51.138

Diego: Like you're both bad guys and you just happen to have the opposite powers.

00:44:51.138 - 00:44:52.878

Joshua: Basically do the exact same thing.

00:44:52.978 - 00:44:54.838

Joshua: But the exact opposite.

00:44:55.358 - 00:44:57.218

Diego: Yeah, they're pretty cool.

00:44:57.218 - 00:44:59.718

Diego: So yeah, you got Heatwave.

00:44:59.718 - 00:45:01.558

Diego: You got this other character called Dr.

00:45:01.558 - 00:45:02.938

Diego: Phosphorus.

00:45:02.938 - 00:45:05.238

Joshua: I feel like I've heard that name before, honestly.

00:45:05.238 - 00:45:10.958

Diego: I can't remember where I saw him before I read the White Knight comics.

00:45:10.958 - 00:45:11.978

Diego: He appears in...

00:45:11.978 - 00:45:12.478

Joshua: Dr.

00:45:12.478 - 00:45:12.818

Joshua: Phosphorus.

00:45:12.818 - 00:45:17.958

Diego: The White Knight Beyond, which is like Batman Beyond's version of within that world.

00:45:20.098 - 00:45:22.138

Diego: And there's a guy who's doing some...

00:45:22.138 - 00:45:26.598

Diego: He's like one of the main villains in that whole storyline, and he ends up becoming this character.

00:45:26.598 - 00:45:27.618

Diego: And it's basically...

00:45:27.618 - 00:45:30.818

Diego: And now I'm getting into territory where I'm curious about your perspective.

00:45:30.818 - 00:45:38.158

Diego: Like, does radiation-based powers count as fire?

00:45:38.158 - 00:45:41.898

Joshua: How does he, like...

00:45:41.898 - 00:45:43.138

Diego: He's basically like...

00:45:46.298 - 00:45:46.918

Diego: He had, like...

00:45:46.918 - 00:45:51.018

Diego: His whole body is basically like radiation...

00:45:52.518 - 00:45:53.198

Joshua: Radiation?

00:45:53.198 - 00:46:00.218

Diego: Like, he's kind of like on fire, like a human torch type of character, but it's based on radiation.

00:46:00.218 - 00:46:02.998

Diego: Like, you know Captain Adam in DC?

00:46:03.038 - 00:46:04.098

Joshua: Yeah.

00:46:04.098 - 00:46:07.278

Diego: Remember that he was like the secret weapon in Flashpoint?

00:46:07.278 - 00:46:12.438

Diego: That they had, like, bunkered up and stuff, and they were going to use him as a nuclear bomb?

00:46:12.438 - 00:46:13.318

Joshua: You mean...

00:46:13.318 - 00:46:14.178

Diego: I forget if it was...

00:46:14.178 - 00:46:15.898

Joshua: That was Superman.

00:46:15.898 - 00:46:16.798

Diego: No, no, no.

00:46:16.798 - 00:46:21.058

Diego: I'm talking about in the war between Atlantis and Themyscira.

00:46:21.058 - 00:46:27.298

Diego: There was, like, one side that was going to use Captain Adam as, like, a nuclear bomb, basically.

00:46:27.298 - 00:46:27.898

Joshua: I don't remember that.

00:46:27.898 - 00:46:28.458

Diego: Anyway, whatever.

00:46:28.458 - 00:46:32.498

Diego: The point is Captain Adam, his whole thing is, like, atomic power, right?

00:46:32.498 - 00:46:33.218

Joshua: Yeah.

00:46:33.218 - 00:46:36.018

Joshua: Just, like, pure, basically, nuclear power.

00:46:36.798 - 00:46:38.418

Diego: So, like, that's kind of how this Dr.

00:46:38.418 - 00:46:39.638

Diego: Phosphorus guy is.

00:46:39.798 - 00:46:41.478

Joshua: So he's like the human torch.

00:46:41.478 - 00:46:45.738

Diego: He emits toxic fumes and produces, like, an endless source of energy.

00:46:45.738 - 00:46:50.238

Joshua: I feel like I have to see, like, his design or what he looks like.

00:46:50.238 - 00:46:54.478

Diego: Well, would you consider Captain Adam somebody related to fire?

00:46:54.478 - 00:46:55.378

Joshua: Not really.

00:46:55.378 - 00:46:55.938

Diego: No?

00:46:55.938 - 00:46:56.998

Joshua: No.

00:46:56.998 - 00:46:57.318

Diego: Okay.

00:46:57.318 - 00:46:59.258

Diego: I got another one.

00:46:59.258 - 00:47:00.218

Diego: The Monsterverse.

00:47:01.698 - 00:47:04.218

Diego: So you've got Rodan.

00:47:04.218 - 00:47:05.118

Joshua: Yeah, the bird guy.

00:47:05.118 - 00:47:06.398

Diego: The fire bird.

00:47:06.398 - 00:47:08.038

Diego: And they call him the fire demon.

00:47:08.038 - 00:47:09.238

Joshua: I mean, he did it.

00:47:09.238 - 00:47:10.858

Joshua: He emerged from a volcano.

00:47:10.858 - 00:47:11.918

Diego: Emerge from a volcano.

00:47:11.918 - 00:47:12.138

Joshua: Yeah.

00:47:12.138 - 00:47:14.558

Diego: Okay, so fire related, right?

00:47:14.558 - 00:47:15.118

Diego: Yeah.

00:47:15.118 - 00:47:15.338

Diego: All right.

00:47:15.338 - 00:47:16.738

Diego: What about Godzilla?

00:47:16.738 - 00:47:17.838

Joshua: Godzilla, I think.

00:47:17.838 - 00:47:19.138

Diego: Has an atomic breath.

00:47:21.398 - 00:47:22.318

Diego: He generates it.

00:47:22.898 - 00:47:24.538

Joshua: He does.

00:47:24.538 - 00:47:28.238

Diego: And he generates, like, crazy amounts of it, like...

00:47:28.238 - 00:47:32.178

Joshua: The thing is, it's not like...

00:47:32.178 - 00:47:35.098

Joshua: I mean, it's not...

00:47:37.018 - 00:47:39.358

Joshua: He's like, like, in the first...

00:47:39.358 - 00:47:42.278

Joshua: Well, in the first Godzilla movie, isn't...

00:47:42.278 - 00:47:44.818

Joshua: Does he have the blue power or...?

00:47:44.818 - 00:47:46.338

Diego: Yeah, it's blue.

00:47:46.338 - 00:47:48.198

Joshua: I mean, even if...

00:47:48.558 - 00:47:50.378

Joshua: I don't classify that as, like, blue fire.

00:47:51.018 - 00:47:51.798

Joshua: I feel like that's just...

00:47:51.798 - 00:47:56.798

Joshua: He's just, like, spewing just straight up bars.

00:47:56.798 - 00:47:58.698

Joshua: No, no, no.

00:47:58.698 - 00:48:03.018

Joshua: Just spewing, like, actual just nuclear energy, like, out of his mouth.

00:48:03.018 - 00:48:08.538

Diego: So how would we classify nuclear blast, nuclear energy in the elements?

00:48:10.098 - 00:48:11.938

Diego: I don't see any other place that it can fit.

00:48:11.938 - 00:48:16.818

Joshua: Dukes, we were talking about last episode, I'm pretty sure, about...

00:48:16.818 - 00:48:25.198

Joshua: I don't know what it was, but I said something, and you were like, I don't think it can be classified in the elements.

00:48:25.198 - 00:48:25.558

Diego: Magnetism.

00:48:25.558 - 00:48:26.378

Diego: Magnetism, yeah.

00:48:26.378 - 00:48:28.478

Joshua: I think this is something like that.

00:48:29.578 - 00:48:31.838

Joshua: I don't think...

00:48:32.218 - 00:48:34.458

Joshua: It's not a type of fire.

00:48:34.458 - 00:48:37.018

Joshua: It's not an offshoot of fire.

00:48:37.018 - 00:48:42.978

Joshua: Like, nuclear energy, that's not like a lot of fire.

00:48:42.978 - 00:48:45.098

Joshua: It's like a whole different type of thing.

00:48:45.098 - 00:48:47.458

Diego: It causes fire, but it's not fire.

00:48:47.498 - 00:48:47.758

Joshua: Yeah.

00:48:49.478 - 00:48:51.178

Diego: I mean, it's tough.

00:48:51.178 - 00:48:56.278

Joshua: I feel like with Godzilla, like how I view it, is he's like...

00:48:56.278 - 00:49:06.458

Joshua: It's like fire breath, but it's like he's breathing what a nuclear bomb does.

00:49:06.458 - 00:49:13.098

Joshua: Like, whatever his atomic breath hits, that's like what a nuclear bomb would do.

00:49:13.098 - 00:49:14.398

Diego: Yeah, it's like a concentrated...

00:49:14.438 - 00:49:16.798

Diego: It's like the laser version of the atomic blast.

00:49:16.798 - 00:49:17.318

Joshua: Yeah.

00:49:17.318 - 00:49:18.958

Diego: Yeah, I get what you're saying.

00:49:18.958 - 00:49:20.038

Diego: I mean, sure.

00:49:20.038 - 00:49:22.318

Diego: I mean, we could kind of leave it as a thing that...

00:49:22.318 - 00:49:22.838

Joshua: I feel like in...

00:49:22.838 - 00:49:24.258

Diego: Doesn't have a classification.

00:49:24.258 - 00:49:31.238

Joshua: I feel like in Godzilla media, besides the Monsterverse, he definitely does have fire breath, though.

00:49:31.238 - 00:49:32.258

Diego: Yeah, you're right.

00:49:32.258 - 00:49:33.118

Joshua: Yeah.

00:49:33.118 - 00:49:33.698

Diego: That's true.

00:49:33.698 - 00:49:38.718

Joshua: But in the Monsterverse specifically, it is definitely more nuclear energy.

00:49:38.718 - 00:49:42.058

Diego: I mean, to the point where he has to recharge with...

00:49:42.438 - 00:49:45.458

Diego: Like, they feed the, what do you call these guys, the titans?

00:49:45.978 - 00:49:47.658

Diego: They feed off of nuclear energy.

00:49:47.658 - 00:49:47.978

Joshua: Yeah.

00:49:47.978 - 00:49:57.358

Joshua: In Godzilla King of the Monsters, though, in that last scene versus Ghidorah, he definitely got powered up with some firepower, though.

00:49:57.358 - 00:49:58.278

Diego: Did he?

00:49:58.278 - 00:49:58.858

Joshua: Yeah.

00:49:58.858 - 00:50:03.238

Joshua: He, like, became fully, like, heat-based.

00:50:03.498 - 00:50:06.318

Joshua: He got all, like, magma-y.

00:50:06.338 - 00:50:07.058

Joshua: Ooh.

00:50:07.058 - 00:50:08.798

Diego: Yeah, I think I do remember what you're saying.

00:50:08.798 - 00:50:09.138

Joshua: Yeah.

00:50:09.138 - 00:50:10.918

Joshua: And that's how he killed Ghidorah.

00:50:10.958 - 00:50:12.718

Diego: Didn't Ghidorah breathe fire?

00:50:12.718 - 00:50:13.778

Joshua: Yeah, Ghidorah was fire.

00:50:13.778 - 00:50:14.378

Diego: Yeah, right?

00:50:15.138 - 00:50:15.978

Diego: He was fire?

00:50:15.978 - 00:50:16.618

Joshua: Yeah.

00:50:16.618 - 00:50:16.958

Diego: Yes, he was.

00:50:16.958 - 00:50:18.658

Joshua: He was unlike you.

00:50:18.958 - 00:50:19.478

Joshua: Unlike you.

00:50:19.478 - 00:50:20.158

Diego: Just like me.

00:50:20.158 - 00:50:21.358

Joshua: No, no, no.

00:50:21.358 - 00:50:21.958

Diego: Just like me.

00:50:21.958 - 00:50:22.298

Joshua: No.

00:50:22.298 - 00:50:23.298

Diego: I'm not gassy, son.

00:50:23.298 - 00:50:24.118

Joshua: You must stop this.

00:50:24.118 - 00:50:25.298

Joshua: You are very gassy.

00:50:25.298 - 00:50:28.218

Diego: But you know what happens to gas when you land a match?

00:50:28.218 - 00:50:28.778

Diego: Fire.

00:50:35.935 - 00:50:41.275

Diego: Thank you all for joining us for the finale of the Four Elements series.

00:50:41.275 - 00:50:45.035

Diego: This was a really cool series to put together.

00:50:45.035 - 00:50:51.655

Diego: I think it was, I don't know, it was just fun to like analyze abilities and stuff from this perspective.

00:50:51.655 - 00:50:53.975

Diego: It was like a very different perspective, right?

00:50:53.975 - 00:51:04.235

Diego: It almost like makes you want to create a tournament of the elements and pit like all the water-based users and all the fire-based users against each other.

00:51:08.195 - 00:51:11.675

Diego: Is this an idea birthing for who would win in a fight?

00:51:11.675 - 00:51:12.215

Joshua: Perhaps.

00:51:12.215 - 00:51:13.595

Diego: For Elements Edition?

00:51:13.595 - 00:51:14.095

Joshua: Perhaps.

00:51:14.095 - 00:51:15.135

Joshua: Perhaps.

00:51:15.135 - 00:51:16.115

Diego: We shall consider this.

00:51:16.115 - 00:51:17.655

Diego: Anyway, yeah, thank you guys for listening.

00:51:17.655 - 00:51:22.115

Diego: If there was anybody out there that we forgot to mention, anybody who is fire-based.

00:51:22.115 - 00:51:24.655

Joshua: I feel like there's definitely some Pokemon fans.

00:51:24.655 - 00:51:25.215

Diego: Oh, yeah.

00:51:25.215 - 00:51:27.535

Diego: Oh, dang, I forgot about Pokemon.

00:51:27.535 - 00:51:29.195

Diego: There's so many fire Pokemon.

00:51:29.375 - 00:51:30.215

Joshua: Yeah.

00:51:30.215 - 00:51:31.115

Diego: Oh, man.

00:51:31.115 - 00:51:33.435

Diego: I am so sorry, Charmander.

00:51:33.435 - 00:51:37.395

Diego: I have to apologize to Charmander personally.

00:51:37.395 - 00:51:39.795

Diego: We forgot Captain Planet.

00:51:39.795 - 00:51:42.035

Joshua: Oh, no.

00:51:42.035 - 00:51:42.655

Diego: Wow.

00:51:43.855 - 00:51:45.555

Diego: We did whatever his name is.

00:51:45.555 - 00:51:46.375

Diego: Dirty.

00:51:46.375 - 00:51:46.975

Joshua: Wow.

00:51:46.975 - 00:51:48.235

Diego: Wow.

00:51:48.235 - 00:51:49.635

Diego: Oh, man.

00:51:49.635 - 00:51:50.435

Joshua: Wow.

00:51:50.435 - 00:51:56.295

Diego: Now, Mati is going to have to throw hearts at him to make him feel better for like a whole day.

00:51:56.295 - 00:51:57.895

Joshua: We didn't mention Captain Planet.

00:51:58.855 - 00:52:02.255

Diego: Well, I guess he's not our hero, and he's not going to turn pollution down to zero.

00:52:02.755 - 00:52:03.755

Diego: Guess not.

00:52:03.755 - 00:52:10.675

Diego: But yeah, if we missed anybody else, I'm sure also like all of you anime fans out there, you're probably yelling at us like, how dare you?

00:52:10.675 - 00:52:17.575

Diego: But sorry, we're not that deep burst into anime to really pull all the fire users from there.

00:52:17.575 - 00:52:19.235

Diego: But please, shoot them at us.

00:52:19.235 - 00:52:21.395

Diego: You can go to our website, geekology101.com.

00:52:23.015 - 00:52:24.335

Diego: There you can find out about us.

00:52:24.335 - 00:52:31.515

Diego: You can see how to subscribe, listen to episodes, watch episodes, and if you go to the bottom of our home page, you'll see a contact form down there.

00:52:31.515 - 00:52:34.375

Diego: Go ahead and get ahold of us that way or...

00:52:34.375 - 00:52:39.295

Joshua: If you want to hit us up to more traditional means, you can contact us at g101podcast@gmail.com.

00:52:41.075 - 00:52:44.475

Diego: Thank you all for listening, and we'll catch you in the next episode.

00:52:44.995 - 00:52:47.395

Joshua: You're just gassy, like no match.

00:52:47.395 - 00:52:48.535

Joshua: You're just gassy.

00:52:48.535 - 00:52:54.275

Diego: I'm like Pyro, I always keep a zippo lighter with me, so I can go from gassy to fire.

.
