00:00:06.345 - 00:00:07.285

Hey, buddy.

00:00:07.285 - 00:00:08.205

Yeah?

00:00:08.205 - 00:00:11.905

Celebrating this Who'd Win In A Fight episode.

00:00:11.905 - 00:00:13.765

And it just makes me think of...

00:00:13.765 - 00:00:17.045

You remember that one time when we were upstairs playing Fortnite?

00:00:17.125 - 00:00:19.465

And then it was your turn to play.

00:00:19.465 - 00:00:26.665

And then you started playing, and then you were playing real aggressive, and you were showing off your, you know, earned skill set and whatnot.

00:00:26.665 - 00:00:30.205

And then, like, I was like, hey, maybe you should do such and such thing instead.

00:00:30.205 - 00:00:32.445

And you're like, Dukes, this is how I play.

00:00:32.445 - 00:00:33.585

This is how I play.

00:00:33.585 - 00:00:38.285

And then you proceeded to get murdered, literally in the next second, killed right away.

00:00:38.285 - 00:00:38.745

Okay.

00:00:38.745 - 00:00:39.805

Remember that?

00:00:39.805 - 00:00:41.785

Honestly, I don't think that ever happened.

00:00:41.785 - 00:00:43.225

You know who'd win in that fight?

00:00:43.225 - 00:00:45.705

The guy who, the guy who had shot at you.

00:00:45.705 - 00:00:46.705

Can we, like, get on?

00:00:46.745 - 00:00:47.325

For showing off.

00:00:47.325 - 00:00:48.685

Can we get on to the episode?

00:00:48.685 - 00:00:49.365

I suppose.

00:00:49.365 - 00:00:49.985

Okay.

00:00:49.985 - 00:00:50.685

This is how we play.

00:01:00.764 - 00:01:03.924

Welcome to Geekology 101, my name is Diego.

00:01:03.924 - 00:01:05.664

And my name is Joshua.

00:01:05.664 - 00:01:11.964

And today we're bringing back one of our favorite kind of episodes, which is Who'd Win In A Fight.

00:01:11.964 - 00:01:14.144

We haven't done one of these in a while.

00:01:14.144 - 00:01:16.284

And this was pretty cool, I'm really looking forward to this one.

00:01:16.284 - 00:01:22.604

So, we've got a roster of 16 different antiheroes that we picked.

00:01:22.604 - 00:01:23.304

We do.

00:01:23.304 - 00:01:29.124

And we picked from across like different kinds of story types, and, you know, movies, animation, comics.

00:01:29.124 - 00:01:32.244

video games, movies, comics, TV shows.

00:01:32.244 - 00:01:32.624

Yeah.

00:01:32.624 - 00:01:38.504

And we tried to stay away from people who were like super OP, right?

00:01:38.504 - 00:01:40.624

Yeah, like most anime characters.

00:01:40.624 - 00:01:42.364

Right, exactly.

00:01:42.364 - 00:01:45.024

You know, like you're not going to see a Vegeta in here, right?

00:01:45.024 - 00:01:49.664

You're not going to see like a Frieza in here, because, you know, they can destroy planets.

00:01:49.664 - 00:01:52.204

And that's not even fair.

00:01:52.204 - 00:01:56.264

But you will see a lot of antiheroes, maybe some that you didn't even consider were antiheroes.

00:01:56.404 - 00:02:01.924

But you want to do the honors and read the list of who is going to be competing in this tournament?

00:02:01.924 - 00:02:03.224

Yes.

00:02:03.224 - 00:02:19.564

In this edition of Who'd Win In A Fight, the Antihero Edition, we have Deadpool, Punisher, The Winter Soldier, Moon Knight, Red Hood, John Wick, Din Djarin.

00:02:19.564 - 00:02:20.404

I call Mando.

00:02:21.004 - 00:02:24.824

Do you call him Mando like that when you can see him?

00:02:24.824 - 00:02:26.264

This is the way.

00:02:26.264 - 00:02:26.784

Yeah.

00:02:26.784 - 00:02:31.024

Between the two of us, who is the real Mando fan here?

00:02:31.024 - 00:02:32.124

Just because you have a mug.

00:02:32.124 - 00:02:36.184

I have a mug in the shape of Mando's head right now in my hands, guys.

00:02:36.184 - 00:02:38.164

Like this is how much I'm on this man's head.

00:02:38.164 - 00:02:59.544

Venom, Ghost rider, Scorpion from Mortal Kombat, Connor Kenway from Assassin's Creed 3, Solid Snake, Echo from Arcane, The Last Ronin, aka Old Man Mikey, Judge Dredd, and my personal favorite, Arthur Morgan.

00:02:59.544 - 00:03:00.384

Arthur Morgan.

00:03:00.384 - 00:03:04.284

He's this, he is, he works at a Walmart.

00:03:04.284 - 00:03:05.044

Okay.

00:03:05.044 - 00:03:07.824

And in the weekends, he likes to go fishing.

00:03:07.844 - 00:03:09.224

Arthur Morgan.

00:03:10.604 - 00:03:23.344

So, we went ahead and put all these names into a bracket system generator, and we randomized it so that it is not us really pitching the first round of matches.

00:03:23.344 - 00:03:25.104

It is completely set at random.

00:03:25.104 - 00:03:25.444

Yes.

00:03:25.444 - 00:03:32.684

So, we're going to go ahead and get started with the first round of matches, and the first match is Round One.

00:03:32.684 - 00:03:35.744

Echo vs Venom.

00:03:35.744 - 00:03:37.144

Again, this is at random.

00:03:37.144 - 00:03:38.204

This is random.

00:03:38.204 - 00:03:42.384

Alright, so for those of you who don't know Echo, Joshua, tell them a little bit about Echo.

00:03:42.384 - 00:03:50.604

In the Arkane League of Legends show, we're first introduced to him as a kid, and then he's kind of like a troublemaker.

00:03:50.604 - 00:03:56.624

And then when we see him grown up, he's like the leader of this kind of...

00:03:56.624 - 00:03:57.664

They're like rebels.

00:03:57.664 - 00:04:01.544

Yeah, he's like a leader of like a rebellion, a rebellious group.

00:04:01.544 - 00:04:05.064

And they carry out like sneak attacks and stuff like that on the city.

00:04:05.064 - 00:04:06.804

Yeah, carrying out like sneak attacks.

00:04:06.804 - 00:04:08.624

He likes explosions.

00:04:08.624 - 00:04:14.864

And what classifies him as an antihero, of course, is the fact that he doesn't shy away from destroying public property.

00:04:15.284 - 00:04:15.624

Yeah.

00:04:15.624 - 00:04:16.984

Or even has he killed anybody?

00:04:16.984 - 00:04:17.504

I can't remember.

00:04:17.504 - 00:04:19.564

I mean, he probably has, like kind of indirect.

00:04:19.564 - 00:04:23.724

Yeah, kind of hard to not kill somebody when you're exploding things in public.

00:04:23.724 - 00:04:27.984

So yeah, he's definitely falling into the antihero category.

00:04:27.984 - 00:04:29.524

And then comes Venom.

00:04:30.644 - 00:04:33.564

Venom, of course, began as a villain for spider-man.

00:04:33.564 - 00:04:38.044

But eventually, as the years have gone by, like Venom has gotten more and more complex.

00:04:38.044 - 00:04:40.084

Yeah, the whole lethal protector.

00:04:40.084 - 00:04:40.704

Yeah.

00:04:40.704 - 00:04:45.464

And, you know, oh my God, in the comics right now, like the storyline is insane.

00:04:45.464 - 00:04:47.864

Venom is actually like his son now.

00:04:47.864 - 00:04:49.124

But then Venom came back.

00:04:49.124 - 00:04:49.984

Yeah.

00:04:49.984 - 00:04:50.224

Yeah.

00:04:50.224 - 00:04:51.584

And Venom is like at God level.

00:04:51.584 - 00:04:52.904

But we're not talking about that Venom.

00:04:52.904 - 00:04:55.404

We're talking about like the street level kind of Venom, right?

00:04:55.404 - 00:05:01.304

Like the guy who eventually teamed up with spider-man to fight carnage, you know, that version of Venom.

00:05:01.304 - 00:05:05.504

So who'd win in a fight between Venom and Echo?

00:05:07.464 - 00:05:09.764

I feel like this is kind of sad.

00:05:09.804 - 00:05:11.184

Yeah, this was a little bit sad.

00:05:11.184 - 00:05:12.244

Yeah.

00:05:12.244 - 00:05:13.364

I mean, it like...

00:05:13.364 - 00:05:15.184

Echo's very skilled.

00:05:15.364 - 00:05:16.064

Wait, whoa, wait.

00:05:16.064 - 00:05:18.704

He doesn't have any kind of sound-based weaponry, right?

00:05:18.704 - 00:05:21.224

Because that would be like the huge advantage that he could have against Venom.

00:05:21.224 - 00:05:24.284

Venom, the symbiotes are very reactive to sound waves.

00:05:24.284 - 00:05:25.424

I don't think so.

00:05:25.424 - 00:05:26.304

Yeah, they didn't think so.

00:05:26.304 - 00:05:32.624

But like, we're saying that he's coming in, like, with Eddie Brock as his host, right?

00:05:32.624 - 00:05:33.084

Yeah.

00:05:33.084 - 00:05:34.324

Okay.

00:05:34.324 - 00:05:36.624

And like the goal is to fight Echo.

00:05:36.624 - 00:05:38.424

Yeah, they're gonna go one-on-one.

00:05:39.684 - 00:05:44.804

You know, I don't know, we could make it a, you know, it could be a city, right?

00:05:44.804 - 00:05:47.744

City environment, urban warfare type of fighting.

00:05:47.744 - 00:05:50.604

Yeah, I feel like they're definitely both destructive.

00:05:50.604 - 00:05:51.004

They are.

00:05:51.004 - 00:05:52.324

In that kind of way.

00:05:52.324 - 00:05:56.784

I mean, Echo could put up a fight because he has speed, number one, right?

00:05:56.784 - 00:05:57.864

They had, what was it that they had?

00:05:57.864 - 00:05:59.604

It was like some hover boards or something like that?

00:05:59.604 - 00:06:00.564

Yeah, it was like hover boards.

00:06:00.564 - 00:06:01.144

Yeah.

00:06:01.144 - 00:06:03.844

So like, he's got speed on his side.

00:06:03.844 - 00:06:05.584

He's got firepower on his side.

00:06:05.664 - 00:06:11.824

He could definitely put up a fight for a while, but ultimately, I think Venom is going to overpower him.

00:06:11.824 - 00:06:18.244

Like, the symbiote, even in the earliest stages, the symbiote is just, it's powerful, man.

00:06:18.244 - 00:06:20.024

It's kind of overwhelming.

00:06:21.184 - 00:06:26.824

Not to mention that Echo is like on the young side.

00:06:26.824 - 00:06:34.984

And even though he's fast, even though he's agile, even though he's got some explosives, I feel like eventually the symbiote is going to overpower him.

00:06:35.024 - 00:06:44.564

Especially with Eddie Brock being so experienced with Venom, with him obviously being his main host for pretty much all the comics.

00:06:44.564 - 00:06:44.964

Yeah.

00:06:44.964 - 00:06:45.664

Yeah.

00:06:45.664 - 00:06:45.804

Yeah.

00:06:45.804 - 00:07:00.724

I feel like it's only a matter of time before, as Echo's speeding around throwing explosives, Venom just webs him, catches him with a web, or tosses one of his webs at the thing that he's riding, and then that's it.

00:07:00.724 - 00:07:02.184

He's a sitting duck at that point.

00:07:02.304 - 00:07:06.344

He can dish out all of the arsenal that he has.

00:07:06.344 - 00:07:10.644

But again, the symbiote is so resilient that I don't think he's going to be able to defeat him.

00:07:10.644 - 00:07:16.924

So do we agree then that the very first match, Echo versus Venom, means a victory for Venom?

00:07:16.924 - 00:07:18.004

I think we do.

00:07:18.004 - 00:07:18.344

All right.

00:07:18.344 - 00:07:18.704

Mr.

00:07:18.704 - 00:07:21.864

Brock moves forward to the next round.

00:07:21.904 - 00:07:23.904

Round two.

00:07:23.904 - 00:07:25.344

Ghost rider.

00:07:25.344 - 00:07:27.564

The Spirit of Vengeance, ladies and gentlemen.

00:07:27.564 - 00:07:28.864

And Arthur Morgan.

00:07:29.984 - 00:07:31.104

Oh my.

00:07:32.204 - 00:07:35.964

Would it help if we went with the Ghost rider from like the Old West?

00:07:37.624 - 00:07:39.044

Gunslinger?

00:07:39.044 - 00:07:39.824

Yeah.

00:07:39.824 - 00:07:41.124

You know what I'm talking about, right?

00:07:41.124 - 00:07:44.624

dude who showed up in the movie, in the first Ghost rider movie.

00:07:44.624 - 00:07:44.944

Yeah.

00:07:44.944 - 00:07:45.404

Wait.

00:07:45.404 - 00:07:46.264

Oh, yeah.

00:07:46.264 - 00:07:47.004

Actually, you know what?

00:07:47.004 - 00:07:48.064

That kind of makes sense.

00:07:48.064 - 00:07:48.804

It kind of does.

00:07:48.804 - 00:07:49.584

Yeah.

00:07:49.584 - 00:08:07.344

So that dude, of course, the Ghost rider characters are different individuals who have essentially been possessed by the Spirit of Vengeance, which is like a demonic spirit that gives them all of these abilities, flaming chain, flaming motorcycle, or flaming whatever it is that they ride.

00:08:07.344 - 00:08:15.444

I suppose you've got one who rides a motorcycle, one who rides a horse, one who rides a 1969 Dodge, Dodge Charger.

00:08:15.444 - 00:08:15.724

Yeah.

00:08:15.724 - 00:08:21.204

So there's been different vehicles, but all of them, you know, get possessed by the same spirit.

00:08:21.204 - 00:08:40.144

aside from the flaming chains and stuff like that, Ghost rider has basically kind of like fire powers, and he has moves like the Penance Stair, where he looks at you and like basically, you go into this trance where you see and you feel the result of all the sins you've ever committed or whatever.

00:08:40.144 - 00:08:42.404

And he kind of like destroys your soul.

00:08:42.404 - 00:08:42.604

Yeah.

00:08:42.604 - 00:08:44.064

It's like, yeah.

00:08:44.064 - 00:08:46.304

And you're basically in hell.

00:08:46.304 - 00:08:46.704

Okay.

00:08:46.704 - 00:08:49.184

Walmart employee of the month, Arthur Morgan.

00:08:49.504 - 00:08:50.124

How will he go?

00:08:50.124 - 00:08:51.204

Tell us about Arthur Morgan.

00:08:51.304 - 00:08:59.404

Arthur Morgan is in a like old Wild West kind of outlaw gang.

00:08:59.404 - 00:08:59.684

Okay.

00:08:59.684 - 00:09:00.384

Right.

00:09:00.384 - 00:09:04.464

And he is like one of the most dangerous gangs in America at that time.

00:09:04.464 - 00:09:04.844

Okay.

00:09:04.844 - 00:09:06.024

Like fictionally.

00:09:06.024 - 00:09:06.204

Yeah.

00:09:06.204 - 00:09:15.224

And his arsenal basically consists of like maybe like five different types of shotguns, five different types of repeaters, five different types of rifles.

00:09:15.604 - 00:09:17.544

As much as we have a water hose by any chance.

00:09:17.544 - 00:09:19.364

This is Arthur Morgan.

00:09:19.364 - 00:09:21.944

Well, were there even fire hoses back then?

00:09:21.944 - 00:09:23.524

I don't know.

00:09:23.524 - 00:09:24.344

Yeah.

00:09:24.364 - 00:09:36.464

So and yeah, to mention this in in pretty much every combat encounter in the game, you're you're at least fighting ten opponents at a time.

00:09:36.964 - 00:09:37.584

Okay.

00:09:37.584 - 00:09:52.244

So and I'm pretty sure like even if you try to kill as like the least amount of people as possible throughout the game, you're going to end up like just the required kills that you have to do.

00:09:52.244 - 00:09:54.784

You're probably going to end up with like over a thousand.

00:09:54.784 - 00:09:56.204

So is this guy like a wanted man?

00:09:56.704 - 00:09:57.984

Yeah, he's like a criminal type.

00:09:57.984 - 00:09:59.544

What makes him an antihero?

00:09:59.544 - 00:10:05.064

He cares about the specific people that are like close to him.

00:10:05.064 - 00:10:08.004

But he like doesn't care about killing.

00:10:08.004 - 00:10:10.524

He's like pretty ruthless aside from that.

00:10:10.524 - 00:10:11.484

Okay.

00:10:11.484 - 00:10:15.764

And he's he really only cares about his like tight circle.

00:10:15.764 - 00:10:18.624

Okay.

00:10:18.624 - 00:10:20.084

Ghost rider comes up.

00:10:20.084 - 00:10:21.204

He's riding on a horse.

00:10:21.204 - 00:10:23.884

I don't even think that that Ghost rider has changed really.

00:10:23.884 - 00:10:31.104

Wait, so do all of the Ghost riders, no matter like what the host is, I guess, do they all have the pen and stare?

00:10:31.104 - 00:10:35.064

Yeah, I think that's a classic thing to the Spirit of Vengeance.

00:10:35.064 - 00:10:36.764

So he's coming at him.

00:10:36.764 - 00:10:39.244

He's riding his horse who was on fire.

00:10:39.244 - 00:10:45.424

And what does Arthur Morgan do to you know, what does he have in his arsenal to hit him with?

00:10:45.424 - 00:10:50.684

I mean, like every type of gun that you could have back then basically.

00:10:50.684 - 00:10:51.044

Okay.

00:10:51.044 - 00:10:52.284

He does have dynamite.

00:10:52.384 - 00:10:58.164

I wonder, dynamite might be able to knock him off of his horse.

00:10:58.164 - 00:11:01.444

Like he throws it at the horse, maybe in front of it.

00:11:01.444 - 00:11:11.944

It could, I don't know what, I don't know how like in, I don't know how durable like the vehicles of vengeance are.

00:11:11.944 - 00:11:19.764

But assuming that it's as durable as a normal horse, then he could be able to kill the horse pretty easily.

00:11:20.564 - 00:11:25.044

And then it would basically just be a shootout, I really think.

00:11:25.044 - 00:11:26.244

Okay.

00:11:26.244 - 00:11:39.664

Well, from what I've read about the guy, he does have this thing called the Penance Fist, which is like, you know, it's kind of like the penance there, but I guess he punches you first.

00:11:41.564 - 00:11:53.284

Yeah, and then, you know, he does have like mystical abilities and whatnot, you know, but Ghost rider isn't, I think, one of the more like OP mystical characters necessarily.

00:11:53.284 - 00:11:54.704

Yeah, he does.

00:11:54.704 - 00:11:58.184

It does come down to like fights, you know, straight up fight.

00:11:58.184 - 00:12:09.724

So it should be mentioned that Arthur Morgan has an ability called Dead Eye, where in the games, at least like you can't really see what it looks like in real life, time slows down.

00:12:10.244 - 00:12:10.564

Okay.

00:12:10.564 - 00:12:16.484

And you can mark spots on the enemy's body that you want to shoot.

00:12:16.484 - 00:12:24.224

And then once you hit R2, he like shoots all of those spots, like in a quick succession.

00:12:24.224 - 00:12:24.724

Yeah.

00:12:24.724 - 00:12:27.124

You can mark multiple targets too.

00:12:27.124 - 00:12:32.164

And you can mark them like multiple times, and then he shoots them like that amount of times really quickly.

00:12:32.164 - 00:12:41.784

So I don't know if it's supposed to represent like some obscure, maybe like power that he has, or if it's just like supposed to represent...

00:12:41.784 - 00:12:42.824

Very skilled shooter.

00:12:42.824 - 00:12:47.104

Yeah, like his like very insane reflex speed.

00:12:47.104 - 00:12:49.004

But that is an ability that you have.

00:12:49.004 - 00:12:49.484

Okay.

00:12:49.484 - 00:12:54.904

Well, it's interesting the way that it all played out, because again, we didn't know he was going to be a pit against the Ghost rider.

00:12:54.904 - 00:13:00.504

And we hadn't even thought of the fact that it could be Ghost rider, as in like the Old West Ghost rider.

00:13:00.504 - 00:13:01.024

Yeah.

00:13:01.024 - 00:13:08.144

So that means that like this guy could potentially be within the cast of characters that that Ghost rider could have gone up against.

00:13:08.264 - 00:13:13.504

This guy could have been one of the most skilled ones, technically, during that time period, right?

00:13:13.504 - 00:13:13.844

Yeah.

00:13:13.844 - 00:13:27.224

And the fact that it's the pennant's fist and not the pennant's stare, I feel like definitely takes a big chunk off of the fact that he definitely would have won if it was a normal Ghost rider.

00:13:27.224 - 00:13:27.804

Right, right.

00:13:27.804 - 00:13:28.704

Yeah, that makes sense.

00:13:28.704 - 00:13:33.064

Like would have won like much more easily.

00:13:33.064 - 00:13:37.864

But it does come down to ultimately, you know, what, how do you envision it?

00:13:37.964 - 00:13:47.764

And I'm going to let you kind of conclude this one, because this is really more, you know, you know the other party a lot better than I do.

00:13:47.764 - 00:13:53.684

So question is, who realistically in your mind wins in the end?

00:13:53.884 - 00:14:08.664

I mean, to be honest, it's like the fact that Arthur has dead eye, like it's literally as if like time were to like completely slow down and pretty much stop.

00:14:08.664 - 00:14:14.224

And I could just like pick out where on your body I wanted to shoot.

00:14:14.224 - 00:14:19.244

And then once we get out of that mode, it's just like all those spots have been shot.

00:14:19.244 - 00:14:21.144

I feel like that's I don't know.

00:14:21.144 - 00:14:23.284

I feel like that's really powerful.

00:14:23.284 - 00:14:25.244

But is that enough to kill a ghostwriter?

00:14:25.244 - 00:14:25.824

I don't know, man.

00:14:26.484 - 00:14:38.704

I mean, because ghostwriter, for starters, the main point, I think, like how impervious, how sensitive or whatever is a ghostwriter to bullets?

00:14:41.844 - 00:14:42.664

I'm not sure.

00:14:42.664 - 00:14:45.284

Can somebody with bullets really take a ghostwriter down?

00:14:45.284 - 00:14:45.884

I'm not sure.

00:14:45.884 - 00:14:56.304

I mean, if you were talking about like explosives, if you were talking about something like that, then a ghostwriter can be technically blown up and neutralized that way.

00:14:56.304 - 00:14:59.224

But if you're just coming at them with bullets...

00:14:59.224 - 00:15:03.164

There is actually guns in the...

00:15:03.164 - 00:15:14.124

There is guns in the game that use, like shotguns specifically, you can use explosive ammo with the shotguns.

00:15:14.124 - 00:15:15.124

Okay.

00:15:15.124 - 00:15:17.984

And like all the other weapons.

00:15:17.984 - 00:15:20.044

There's like different types of ammo you can use.

00:15:20.924 - 00:15:25.364

You can use explosive ammo, poison ammo, stuff like that.

00:15:25.364 - 00:15:27.564

He also has a lasso.

00:15:27.564 - 00:15:30.984

I don't know if it would like burn as soon as it touches him.

00:15:30.984 - 00:15:31.944

Kind of makes sense.

00:15:31.944 - 00:15:32.904

Yeah.

00:15:32.904 - 00:15:36.084

So you really would give it to this guy?

00:15:36.084 - 00:15:37.404

Yeah.

00:15:37.404 - 00:15:38.024

Really?

00:15:38.024 - 00:15:38.944

Honestly, yeah.

00:15:38.944 - 00:15:42.384

But I mean, maybe there's like some power that the...

00:15:43.304 - 00:15:48.624

that the gunslinger Ghost rider has that I don't know about that would like vaporize Arthur.

00:15:48.624 - 00:15:52.204

But if not, I honestly feel like Arthur would win.

00:15:52.204 - 00:15:52.444

All right.

00:15:52.444 - 00:15:54.584

So we're going to have to flip a coin here?

00:15:54.584 - 00:15:55.464

Yeah.

00:15:55.464 - 00:15:56.344

Let's flip a coin.

00:15:56.344 - 00:15:57.064

All right.

00:15:57.064 - 00:15:58.804

What are you going to call for Arthur Morgan?

00:15:58.804 - 00:15:59.444

Heads or tails?

00:15:59.444 - 00:16:00.384

Tails.

00:16:00.384 - 00:16:01.584

Flipping it.

00:16:01.584 - 00:16:02.544

Heads.

00:16:02.544 - 00:16:03.084

Okay.

00:16:03.084 - 00:16:04.304

Arthur Morgan's dead.

00:16:04.844 - 00:16:06.384

All right.

00:16:06.384 - 00:16:07.064

All right.

00:16:07.064 - 00:16:17.144

So I mean, I honestly was kind of leaning towards Ghost rider because just you know why, man, just because of the endurance factor.

00:16:17.144 - 00:16:24.024

Like Ghost rider won't stop coming after him, and this guy is human, so he's eventually going to tire out.

00:16:24.024 - 00:16:27.304

I feel like Ghost rider is going to catch him eventually with his guard down.

00:16:29.964 - 00:16:36.244

You've got Judge Dredd, and you've got Connor Kenway from Assassin's Creed 3.

00:16:36.244 - 00:16:39.964

Which is set during the Revolutionary War.

00:16:39.964 - 00:16:41.784

So very different time periods.

00:16:41.784 - 00:16:42.984

Let's talk about these guys.

00:16:42.984 - 00:16:46.144

I'll start off talking about Dredd because I have a bit more knowledge about him.

00:16:46.144 - 00:16:56.664

So Judge Dredd lives in a post-apocalyptic world, basically, where I think it's called Megacity, has been walled off from everything else.

00:16:56.664 - 00:17:03.384

And the city is densely populated, very, very massive high rises.

00:17:03.384 - 00:17:10.904

And the law enforcement, basically, which he's a part of, is all judge, jury, and executioner.

00:17:10.904 - 00:17:12.544

They are all in one.

00:17:12.544 - 00:17:19.544

So these guys run around in these really futuristic motorcycles and they carry these weapons that are like insanely advanced.

00:17:19.544 - 00:17:26.204

It's a single gun that can do anything, anything from like grenade launching to flame throwing to...

00:17:26.204 - 00:17:28.284

Is it like a pistol or like a big...

00:17:28.284 - 00:17:29.804

It's a big gun.

00:17:29.804 - 00:17:31.304

Yeah, it's a big gun.

00:17:32.144 - 00:17:39.064

And so these guys go wherever there's crimes being committed, and if they determine that the person is guilty, they kill them on sight, right?

00:17:39.064 - 00:17:42.484

Like you've been judged guilty and you're sentenced to death.

00:17:42.624 - 00:17:44.304

Boom.

00:17:44.304 - 00:17:45.364

He is human.

00:17:45.364 - 00:17:47.624

He's not superhuman in any way.

00:17:47.624 - 00:17:55.764

So his advantages are his weapon, his motorcycle, and his combat training.

00:17:55.764 - 00:17:56.344

Yeah.

00:17:56.344 - 00:17:56.604

All right.

00:17:56.604 - 00:17:58.124

So that's Judge Dredd.

00:17:58.124 - 00:18:07.584

What makes him an antihero, even though he's like the main character in all of his movies or comics or whatever, what makes him an antihero is that basically he's like killing left and right.

00:18:07.584 - 00:18:08.244

Yeah.

00:18:08.244 - 00:18:11.044

dude has a huge, huge body count.

00:18:11.044 - 00:18:11.984

What about Connor Kenway?

00:18:12.044 - 00:18:13.084

What can you say about him?

00:18:13.084 - 00:18:21.344

I did recently, like as you would say, quasi recently finish Assassin's Creed 3.

00:18:21.344 - 00:18:21.924

Yeah.

00:18:21.924 - 00:18:39.144

So he is trained by Achilles, which is like we see that in Assassin's Creed Rogue that Achilles was one of the best colonial era assassins for his time, at least when he was younger.

00:18:39.144 - 00:18:39.644

Okay.

00:18:39.644 - 00:18:41.544

So Connor is definitely trained well.

00:18:41.944 - 00:18:58.384

I would say honestly, maybe besides like Eivor from Valhalla, he is one of the most, if not the most like tankiest out of all the Assassin's Creed protagonists.

00:18:58.384 - 00:18:59.024

Yeah.

00:18:59.024 - 00:18:59.664

Physically.

00:18:59.664 - 00:19:00.204

Yeah.

00:19:00.204 - 00:19:00.684

Yeah.

00:19:00.684 - 00:19:07.944

And what he has over most, if not all of the other protagonists, is that he has like guns.

00:19:08.664 - 00:19:11.544

You can use like rifles with him.

00:19:11.724 - 00:19:13.684

You can use pistols.

00:19:13.684 - 00:19:15.844

He has his like signature hatchet.

00:19:16.504 - 00:19:23.764

He has his hidden blade that he can like twist and turn into a knife, like a normal knife.

00:19:23.764 - 00:19:25.144

And he's just strong.

00:19:25.144 - 00:19:25.284

Yeah.

00:19:25.284 - 00:19:30.224

And when it comes to battle tactics and like fighting styles, he also has that advantage.

00:19:30.224 - 00:19:32.344

It's actually a good comparison to Eivor.

00:19:32.724 - 00:19:41.724

Because Eivor, he becomes trained by assassins, but the guy has a viking style of fighting already.

00:19:41.724 - 00:19:42.324

Yeah.

00:19:42.324 - 00:19:46.604

And it's very similar to Connor, because Connor has a Native American style of fighting.

00:19:46.604 - 00:19:54.424

So we're talking about like, you know, very different tactics that anybody who's dealing with weaponry would normally use, like the firearms.

00:19:54.424 - 00:20:03.744

And Assassin's Creed 3 was one of the first Assassin's Creed games that was like, like really combat focused, I feel like.

00:20:03.744 - 00:20:04.124

Yeah.

00:20:04.124 - 00:20:11.484

Because like Assassin's Creed 1, 2, Brotherhood and Revelations, all of those, like the main thing was supposed to be stealth.

00:20:11.484 - 00:20:12.004

Yeah.

00:20:12.004 - 00:20:25.384

But the just like the combat system in Assassin's Creed 3, I feel like, is kind of designed to cater a little bit more towards people who like that, like full on frontal assault.

00:20:25.384 - 00:20:25.824

Yeah.

00:20:25.824 - 00:20:27.124

Combat type gameplay.

00:20:27.464 - 00:20:27.604

Yeah.

00:20:27.604 - 00:20:29.704

Yeah.

00:20:29.704 - 00:20:30.064

All right.

00:20:30.064 - 00:20:32.424

So this is actually a pretty interesting match up here.

00:20:32.424 - 00:20:33.564

Yeah.

00:20:33.564 - 00:20:41.084

Because I think when it comes to overall skill set and like fighting capabilities, I have to give it to Connor.

00:20:41.084 - 00:20:41.624

Yeah.

00:20:41.624 - 00:20:55.644

Like Connor is definitely superior to Judge Dredd in this case because he, like the guy can fight with so many things, you know, so many objects that it's hard for him to run out of weaponry to use, right?

00:20:55.644 - 00:21:01.864

Whereas like Judge Dredd, his weapon is, his one gun is his main thing.

00:21:01.864 - 00:21:02.144

Yeah.

00:21:02.144 - 00:21:08.864

Like if Connor were to manage to take that away from him, he's done for.

00:21:09.144 - 00:21:18.604

Which, something that Connor has, which he uses to take people's weapons away from them, is the rope dart.

00:21:18.624 - 00:21:19.364

Oh, yeah.

00:21:19.364 - 00:21:24.024

He does have a rope dart that he can like fire out and pull someone's gun away.

00:21:24.024 - 00:21:24.684

Yeah.

00:21:24.684 - 00:21:25.904

He does have that.

00:21:25.904 - 00:21:26.224

Yeah.

00:21:26.224 - 00:21:33.064

Like Judge Dredd would really have to hit him head on with, you know, and again, that gun has like incredible amount of firepower.

00:21:33.064 - 00:21:40.184

And it's very resourceful in the sense that like it can get him out of jams, like in the Dredd movie with Carl Urban.

00:21:40.184 - 00:21:42.404

He gets out of jams using that weapon quite a bit.

00:21:42.404 - 00:21:48.464

It's actually pretty clever the way that they use it in that one, much better than the 90s Stallone version.

00:21:49.624 - 00:22:00.044

So the question is, would Connor be able to outmaneuver Dredd as he is trying to attack him with his primary weapon?

00:22:00.044 - 00:22:09.924

Would Connor be able to outmaneuver him and surprise him enough, sneak up on him enough to be able to take the weapon away from him and then really turn the tide of the battle?

00:22:09.924 - 00:22:13.324

Because once that happens, Dredd is done, I think.

00:22:13.324 - 00:22:25.604

I honestly think, because in Assassin's Creed, obviously, you can, if you're in combat and enemies see you, you can get away.

00:22:27.024 - 00:22:31.264

You can maybe climb up something and get away for a second.

00:22:31.264 - 00:22:35.104

Then you can go back and then do maybe a stealth assassination.

00:22:35.164 - 00:22:41.624

But let's not forget, this dude was trained by the Brotherhood of Assassins, right?

00:22:41.624 - 00:22:50.584

Which means that he has stealth capabilities, he has speed, he has this nimbleness to him that most fighters don't.

00:22:50.584 - 00:23:00.364

Just because he's kind of bulky and pretty buff and just big in general, that doesn't mean he's not agile.

00:23:00.364 - 00:23:00.704

It doesn't.

00:23:00.764 - 00:23:07.164

I mean, every assassin pretty much has to be at least more agile than a regular person.

00:23:07.164 - 00:23:08.304

Yeah, for sure.

00:23:08.604 - 00:23:13.964

And again, let's not forget also that he has the hunting capabilities and everything of the names.

00:23:13.964 - 00:23:20.004

You know, I honestly, I'm kind of leaning towards Connor on this one.

00:23:20.164 - 00:23:21.144

Yeah, me too.

00:23:21.144 - 00:23:29.584

Yeah, because again, dread can come in and cause some serious damage with that weapon, but bro, Connor has the full capabilities to take that thing away from him and neutralize him.

00:23:29.664 - 00:23:30.824

Connor can use stealth.

00:23:30.824 - 00:23:33.584

He can take the gun away if he's quick enough.

00:23:33.584 - 00:23:36.804

He can, I feel like he just brings a lot more to the table.

00:23:36.824 - 00:23:39.424

Way more than just like really powerful weaponry.

00:23:39.424 - 00:23:41.684

Like he is a weapon.

00:23:41.684 - 00:23:46.564

Yeah, I think that's the point that's kind of making, making him win it for me.

00:23:46.564 - 00:23:48.504

So do we agree then Connor moves forward?

00:23:48.504 - 00:23:49.124

Yeah.

00:23:49.124 - 00:23:50.124

Connor wins bro.

00:23:50.124 - 00:23:50.624

Sorry, dread.

00:23:53.404 - 00:23:55.384

I'll present this one.

00:23:55.384 - 00:23:59.924

We have The Last Ronin and Deadpool.

00:23:59.924 - 00:24:01.644

Oh yeah.

00:24:01.644 - 00:24:05.264

And when it comes to The Last Ronin, so I'm a big, big Last Ronin fan.

00:24:05.264 - 00:24:10.244

I've been following the comics since it began in the kind of like expanded universe that it started to form into.

00:24:11.964 - 00:24:21.384

Basically, a spoiler alert, if you haven't yet seen the last or watched the last read, rather, The Last Ronin, like you don't want to get that spoiled.

00:24:21.384 - 00:24:23.444

So fast forward like a minute.

00:24:23.444 - 00:24:27.224

The Last Ronin is basically Michelangelo, who is the last surviving Ninja Turtle.

00:24:27.224 - 00:24:30.004

The three original turtles have all died out.

00:24:30.004 - 00:24:31.724

Splinter has died out.

00:24:31.724 - 00:24:34.944

Casey Jones has died, and he is the one left alone.

00:24:34.944 - 00:24:36.884

He goes through this period where he's like lost.

00:24:36.884 - 00:24:40.364

He feels like he lost his family, his friends, his clan, everything.

00:24:40.364 - 00:24:47.924

And it takes him a long, long time to be able to like re-discover his spirit for fighting.

00:24:47.924 - 00:24:50.744

And when he does, it's all about vengeance.

00:24:50.744 - 00:24:54.024

So he doesn't come out like the Ninja Turtle that he used to be.

00:24:54.024 - 00:24:58.124

He comes out like basically this, the last Ronin, right?

00:24:58.124 - 00:25:02.564

Ronin were samurai who lose their master in their mission.

00:25:02.564 - 00:25:04.184

And they no longer have a purpose.

00:25:04.184 - 00:25:07.564

Now they become like swords for hire, right?

00:25:08.144 - 00:25:12.444

And in this case, this last Ronin is somebody who only has vengeance in his mind.

00:25:12.444 - 00:25:20.284

And bro, that comic is brutal, it's violent, it's action packed, and it's a version of Michelangelo you have never seen before.

00:25:20.304 - 00:25:21.404

Yeah.

00:25:21.404 - 00:25:23.904

Bloody, I mean, dude goes all out.

00:25:23.904 - 00:25:28.224

And he's basically coming in as a one-man army to fight an army.

00:25:28.224 - 00:25:29.984

You know?

00:25:29.984 - 00:25:31.304

Like Arthur Moore.

00:25:31.304 - 00:25:32.424

Stop it.

00:25:32.424 - 00:25:35.824

So the dude is very, obviously all the skills of a ninja, right?

00:25:36.404 - 00:25:46.504

He's a ninja, but on top of that, he has the experience of a very old fighter by this point, right?

00:25:46.504 - 00:25:47.104

Yeah.

00:25:47.104 - 00:25:47.484

All right.

00:25:47.484 - 00:25:50.764

So that is the last Ronin.

00:25:50.764 - 00:25:51.944

What about Deadpool?

00:25:51.944 - 00:25:53.284

What can you tell you about Deadpool?

00:25:53.284 - 00:25:55.624

I mean, obviously, the healing factor is crazy.

00:25:55.624 - 00:25:56.564

Yeah, that's big.

00:25:56.564 - 00:25:57.804

Yeah.

00:25:57.804 - 00:26:04.424

I mean, kind of the whole point of Deadpool 2 was that he was like trying to die, basically.

00:26:04.424 - 00:26:04.784

Right.

00:26:04.784 - 00:26:06.864

And he couldn't, basically.

00:26:08.804 - 00:26:10.344

But he can be neutralized.

00:26:10.344 - 00:26:11.024

He can.

00:26:11.024 - 00:26:11.184

Yeah.

00:26:11.184 - 00:26:12.984

Yeah.

00:26:12.984 - 00:26:16.184

You cut him in half, he can't do much, right?

00:26:16.184 - 00:26:16.544

Yeah.

00:26:16.544 - 00:26:19.224

You chop his arms off, he's neutralized.

00:26:19.224 - 00:26:25.624

He might roll them back with his healing factor, but still, you can neutralize the guy.

00:26:25.624 - 00:26:25.984

Yeah.

00:26:26.004 - 00:26:32.144

And he has his swords, which he's like really trained with.

00:26:32.144 - 00:26:32.384

Right.

00:26:32.384 - 00:26:35.564

And he's a pretty skilled marksman.

00:26:36.024 - 00:26:38.204

He's kind of...

00:26:38.204 - 00:26:42.824

He's good at kind of most combat-centered things.

00:26:42.824 - 00:26:43.304

Yeah.

00:26:43.304 - 00:26:46.744

And he has the insane regenerative factor.

00:26:46.744 - 00:26:48.664

Yeah.

00:26:48.664 - 00:26:52.164

Combat-wise, this would be a pretty cool fight to watch.

00:26:52.184 - 00:26:52.784

Yeah.

00:26:52.784 - 00:26:57.224

Mikey does have everyone's weapon.

00:26:57.924 - 00:26:58.984

He does have...

00:26:59.404 - 00:27:00.584

And more beyond that.

00:27:00.584 - 00:27:00.884

Yeah.

00:27:00.884 - 00:27:06.464

He has Leo's katanas, Rapsai, Donnie's staff, and his nunchucks.

00:27:07.304 - 00:27:07.844

So...

00:27:07.844 - 00:27:13.564

And he has this thing where basically it's like the ghosts of his brothers are haunting him in his mind.

00:27:13.904 - 00:27:26.004

But it's really interesting the way that they make it play out because what it is is like they become voices inside his conscience that speak to him about the things that he never cared about before, that it was like each one of their specialties.

00:27:26.624 - 00:27:36.844

And now he's paying attention, like he's remembering the way that they used to talk about like Leo strategy, Donnie technology, Raf aggression, you know what I mean?

00:27:36.844 - 00:27:41.704

Like he like all that is almost like it's suddenly activated within him.

00:27:41.704 - 00:27:45.924

So he's like he's like the most well rounded.

00:27:45.944 - 00:27:46.404

Yeah.

00:27:46.404 - 00:27:48.664

Ninja Turtle that's ever been basically.

00:27:48.664 - 00:27:48.964

Yeah.

00:27:48.964 - 00:27:49.624

So okay.

00:27:49.624 - 00:28:03.584

So combat wise, I honestly feel like it would be pretty even because they're both like basically ninja skilled in a way, especially the last Ronin, like he is very versed in whatever kind of combat needs to be done.

00:28:03.584 - 00:28:08.144

And I feel like in the last Ronin, he is kind of more tanky.

00:28:08.144 - 00:28:08.464

Oh yeah.

00:28:08.464 - 00:28:09.424

And he was before.

00:28:09.424 - 00:28:10.724

Yeah, for sure.

00:28:10.724 - 00:28:11.144

Oh dude.

00:28:11.144 - 00:28:15.124

And dude, the dude takes punishment like crazy, man.

00:28:15.124 - 00:28:21.604

He also had, he was forced to compete in like these tournaments, like cage fights basically to the death against a whole bunch of other mutants.

00:28:21.944 - 00:28:25.204

Oh, this is like all in the lead up to him becoming the last Ronin.

00:28:25.204 - 00:28:27.284

So like the guy's been through a lot.

00:28:27.284 - 00:28:30.404

He's been through, he survived a lot and beaten a lot.

00:28:30.404 - 00:28:35.124

So question is, at the end of the day, who wins this battle?

00:28:35.124 - 00:28:42.484

Like what does one of these guys have that can overpower the other guy, surprise the other guy?

00:28:42.484 - 00:28:43.084

What is there?

00:28:43.184 - 00:28:51.144

Because like Deadpool doesn't have like, Deadpool can pull anything extraordinary out of nowhere.

00:28:51.144 - 00:28:53.764

Like he is the weapon as well.

00:28:53.764 - 00:28:56.064

Pretty much like Mikey is the weapon.

00:28:57.464 - 00:28:58.704

So who wins this?

00:28:58.704 - 00:29:02.344

Do we give it to Deadpool because he can regenerate?

00:29:02.344 - 00:29:04.384

Because that does give him extra stamina.

00:29:04.424 - 00:29:04.864

Yeah.

00:29:04.864 - 00:29:05.144

Right?

00:29:05.144 - 00:29:09.444

Like Mikey in the last Ronin, he literally got beaten down.

00:29:09.444 - 00:29:11.824

Like he did get neutralized.

00:29:12.284 - 00:29:15.544

You know, he could only take so much punishment.

00:29:15.544 - 00:29:18.864

And Deadpool gets neutralized in the movies too.

00:29:18.864 - 00:29:23.584

And in the comics, like there is stuff that slows him down, but he will come back.

00:29:23.584 - 00:29:26.624

And he's going to come back much quicker than the last Ronin would.

00:29:26.644 - 00:29:27.244

Yeah.

00:29:27.244 - 00:29:37.164

Because the last Ronin, like he is very like bulky and tanky, but he doesn't have like a quick regenerative healing.

00:29:37.164 - 00:29:39.364

That he definitely doesn't have.

00:29:39.364 - 00:29:39.944

So what do you think?

00:29:39.944 - 00:29:41.104

Do we give this one to Deadpool?

00:29:43.444 - 00:29:44.204

I kind of think so.

00:29:44.484 - 00:29:45.204

Yeah.

00:29:45.204 - 00:29:46.244

I kind of think so.

00:29:46.244 - 00:29:46.484

Yeah.

00:29:46.484 - 00:29:49.164

The regenerative factor is a big deal.

00:29:49.164 - 00:29:49.504

All right.

00:29:49.504 - 00:29:51.024

Let's give it to Deadpool.

00:29:51.024 - 00:29:53.304

Deadpool moves forward.

00:29:53.344 - 00:29:55.404

Round five.

00:29:55.404 - 00:29:58.064

The next one is actually really interesting.

00:29:58.064 - 00:29:59.504

And again, all these were at random.

00:29:59.504 - 00:30:02.404

So this pairing is pretty interesting.

00:30:02.424 - 00:30:08.744

We have Snake from Metal Gear Solid and John Wick.

00:30:08.744 - 00:30:09.164

Yeah.

00:30:09.164 - 00:30:09.424

All right.

00:30:09.504 - 00:30:12.004

So these are two that we got to explain, like, why are they heroes?

00:30:12.004 - 00:30:14.084

It does say Snake.

00:30:15.364 - 00:30:19.604

There is Solid Snake, and then there's Big Boss.

00:30:19.604 - 00:30:20.144

Yeah.

00:30:20.144 - 00:30:21.784

As in the original.

00:30:21.784 - 00:30:22.024

Yeah.

00:30:22.024 - 00:30:24.864

The original Snake, because Solid Snake is a clone.

00:30:24.864 - 00:30:25.744

Right.

00:30:25.744 - 00:30:29.264

So Big Boss, I feel like is more of the antihero.

00:30:29.264 - 00:30:29.884

Okay.

00:30:29.884 - 00:30:34.424

So I feel like that's who I was going for with that, because his title was just Snake.

00:30:34.664 - 00:30:35.284

Yeah.

00:30:35.284 - 00:30:36.644

So yeah.

00:30:36.644 - 00:30:39.484

Same capabilities as the Solid Snake?

00:30:39.484 - 00:30:44.824

Yes, but Big Boss was originally an army.

00:30:44.824 - 00:30:46.124

He was like an army man.

00:30:46.124 - 00:30:46.424

Okay.

00:30:46.424 - 00:30:52.224

And he was trained by the boss, just the boss.

00:30:52.224 - 00:30:54.104

He got the title of Big Boss later.

00:30:54.684 - 00:31:06.444

But the boss was the most skilled and powerful soldier, the best soldier in the world ever at that point.

00:31:06.444 - 00:31:07.644

And he was trained by her.

00:31:07.644 - 00:31:11.204

They developed a new martial art called CQC together.

00:31:11.204 - 00:31:15.324

And he's an incredibly skilled gunman.

00:31:15.324 - 00:31:18.804

He's obviously really good at stealth.

00:31:18.804 - 00:31:23.784

And he did have that kind of professional army training.

00:31:24.084 - 00:31:24.424

Yeah.

00:31:24.424 - 00:31:27.364

At the beginning, so...

00:31:27.364 - 00:31:28.864

And then you got John Wick.

00:31:28.864 - 00:31:30.444

Oh, and what makes him an antihero?

00:31:30.444 - 00:31:38.364

What makes him an antihero is that in the later games, as he gets older, he gets more, like, kind of cynical.

00:31:38.364 - 00:31:43.164

And he's like, he doesn't really have as much empathy as he did.

00:31:43.164 - 00:31:47.244

Like, lives don't mean as much as they did.

00:31:47.244 - 00:31:47.664

All right.

00:31:47.664 - 00:31:49.604

So he kind of stops pulling his punches.

00:31:49.704 - 00:31:50.384

Yeah.

00:31:50.384 - 00:31:52.644

Cares a little bit less about who he harms or whatever.

00:31:52.824 - 00:31:53.684

Yeah.

00:31:53.684 - 00:31:55.044

Okay.

00:31:55.044 - 00:31:55.364

All right.

00:31:55.364 - 00:31:56.364

So then you got John Wick.

00:31:56.364 - 00:32:00.504

John Wick, of course, is an assassin from the series of John Wick movies.

00:32:00.504 - 00:32:07.804

The man is by far one of the most feared and not the most feared assassin in that entire assassins guild.

00:32:07.804 - 00:32:15.844

There are tons of assassins in those four movies, and, like, he overpowers every single one of them.

00:32:15.844 - 00:32:18.504

They come at him with everything.

00:32:19.744 - 00:32:21.244

I mean everything.

00:32:21.424 - 00:32:23.344

Why did they kill his dog?

00:32:23.344 - 00:32:23.984

Why?

00:32:23.984 - 00:32:24.704

Yeah.

00:32:24.704 - 00:32:26.444

Just, like, to be cruel.

00:32:26.444 - 00:32:27.064

Oh, wow.

00:32:27.064 - 00:32:27.804

Yeah.

00:32:27.804 - 00:32:31.144

That's the worst mistake that Russian dude ever made.

00:32:31.144 - 00:32:34.524

So John Wick is just a god-level assassin.

00:32:34.524 - 00:32:40.844

The man is killing with everything from a pencil to a horse.

00:32:41.864 - 00:32:42.564

What?

00:32:42.564 - 00:32:52.224

Yeah, man, he smacked a horse and timed it perfectly to, like, smack a guy with the horse's legs, kick him back.

00:32:52.224 - 00:32:54.004

Anyway, the point is, he kills with everything.

00:32:54.004 - 00:33:00.404

Like, the man is really, really skilled, and he can take punishment like nobody's business, too.

00:33:00.404 - 00:33:05.344

The man, like, has gotten back up from a lot, a lot, a lot.

00:33:07.664 - 00:33:10.584

What happens if these two guys go at it hand to hand?

00:33:10.744 - 00:33:14.524

Does, did John Wick have, like, formal training?

00:33:14.524 - 00:33:15.684

Oh, yeah, of course.

00:33:15.684 - 00:33:21.924

I mean, formal training as in, like, in the criminal underworld type of training, yeah.

00:33:21.924 - 00:33:23.044

For sure.

00:33:23.364 - 00:33:25.084

The man can fight with anything, too.

00:33:25.084 - 00:33:25.884

That's the other thing.

00:33:25.884 - 00:33:34.244

Like, he picked up a couple of nunchucks and started fighting with them, like, like he was an expert out of nowhere.

00:33:34.244 - 00:33:35.364

They were on this place somewhere.

00:33:35.364 - 00:33:38.484

He picked them up and started fighting with them, and then he was, like, an expert at it.

00:33:38.844 - 00:33:39.164

Yeah.

00:33:39.304 - 00:33:40.064

Snake.

00:33:40.064 - 00:33:41.784

All sorts of weaponry.

00:33:41.784 - 00:33:42.724

Snake.

00:33:42.724 - 00:33:46.364

Obviously, I mean, he did, he was in the army.

00:33:46.364 - 00:33:50.084

He can basically operate, like, any gun.

00:33:50.084 - 00:33:53.804

He can also use blunt objects.

00:33:55.184 - 00:34:06.844

And I think it's, it's ops, like, Metal Gear Operation something, Metal Gear Solid Operation something.

00:34:06.844 - 00:34:08.164

Peace Walker.

00:34:08.164 - 00:34:14.824

And, like, there's, like, cut scenes, kind of, that it's, like, panels, like, comic panels, kind of.

00:34:14.824 - 00:34:15.324

Okay.

00:34:15.324 - 00:34:25.944

And it's, like, shown him using, like, a bunch of different stuff, like blunt objects and just, like, random everyday things to fight.

00:34:25.944 - 00:34:27.684

So, yeah.

00:34:28.944 - 00:34:31.084

How many people have come at him all at once?

00:34:31.084 - 00:34:33.664

Because that's one thing that could determine who wins this fight.

00:34:33.664 - 00:34:34.304

Okay.

00:34:34.304 - 00:34:42.684

John Wick literally became ex-communicado from the Assassin's Guild, and every assassin in New York City was after him.

00:34:43.484 - 00:34:48.284

All shapes, sizes, skill sets, weaponry, all coming at him from every corner.

00:34:48.284 - 00:34:52.884

Snake does also fight supernatural beings.

00:34:52.884 - 00:34:53.664

Does he?

00:34:53.664 - 00:34:53.924

Yeah.

00:34:54.504 - 00:34:56.164

In...

00:34:56.224 - 00:34:57.224

I hated that mission.

00:34:58.804 - 00:35:20.764

In Metal Gear Solid V The Phantom Pain, there's this mission where there's like five or six of these insane, genetically engineered, human-like beings that they're like, it's insane health.

00:35:20.764 - 00:35:22.324

And it's in the main story.

00:35:22.324 - 00:35:24.444

It's not like any like expansion.

00:35:24.444 - 00:35:29.104

So he did like canonically defeat those things.

00:35:29.104 - 00:35:29.784

Okay.

00:35:29.784 - 00:35:35.944

And I don't know, I feel like those might be stronger than any of the assassins that John Wick had to face.

00:35:35.944 - 00:35:36.384

They would be.

00:35:36.384 - 00:35:42.624

If there's supernatural abilities involved, then yeah, he would have faced off against something that John Wick would not have faced off against.

00:35:42.784 - 00:35:57.684

And he has been a part of like a lot of like militaristic factions in which he's gotten like multiple types of training within like within stealth, within combat, within everything.

00:35:57.684 - 00:35:57.944

All right.

00:35:57.944 - 00:35:59.764

So I think we're reaching a stalemate.

00:35:59.764 - 00:36:05.784

You're not willing to let, you wouldn't, you wouldn't willfully let Snake lose his match.

00:36:05.784 - 00:36:07.764

Well, I think it's because.

00:36:07.764 - 00:36:10.284

I wouldn't willfully let John Wick will lose his match.

00:36:10.384 - 00:36:16.604

I think it's because Snake has fought things that are just way more powerful.

00:36:16.604 - 00:36:17.304

I get that.

00:36:17.304 - 00:36:23.264

But he himself is not more powerful than a very, very skilled human being.

00:36:23.264 - 00:36:33.004

And John Wick is in my mind, in my mind, John Wick has gone up against the most skilled human beings at once and survived.

00:36:33.004 - 00:36:36.584

Like to me, I'm not willing to let him lose.

00:36:36.584 - 00:36:38.444

Are you willing to let Snake lose?

00:36:38.524 - 00:36:42.044

Because if we're at a stalemate, then we got to toss a coin.

00:36:42.044 - 00:36:43.424

What's it going to be?

00:36:43.424 - 00:36:44.544

Let's toss a coin.

00:36:44.544 - 00:36:45.344

Toss a coin.

00:36:45.344 - 00:36:46.144

All right.

00:36:46.144 - 00:36:47.944

So the battle got heated.

00:36:47.944 - 00:36:53.664

I mean, it was going like they were throwing everything at each other, combat weaponry of all sorts.

00:36:53.664 - 00:36:59.364

And it was it was a big stalemate, but then something happened that turned the tide of the battle.

00:36:59.364 - 00:37:04.144

Let's say they both pull out their pistols.

00:37:04.144 - 00:37:05.244

They aim at each other.

00:37:05.844 - 00:37:10.204

They both shoot, but only one of the bullets hit.

00:37:10.204 - 00:37:10.524

All right.

00:37:10.524 - 00:37:11.484

That works for me.

00:37:11.484 - 00:37:11.724

All right.

00:37:11.724 - 00:37:13.084

What are you calling for, Snake?

00:37:13.084 - 00:37:14.204

Tails.

00:37:14.204 - 00:37:16.204

Flipping.

00:37:16.204 - 00:37:17.824

Heads.

00:37:19.484 - 00:37:20.324

John Wick's bullet.

00:37:20.324 - 00:37:22.864

John Wick does have better aim.

00:37:22.864 - 00:37:24.804

Yes, he has better aim.

00:37:24.804 - 00:37:26.404

Hit him right in the eye.

00:37:26.404 - 00:37:26.984

Oh, man.

00:37:26.984 - 00:37:28.804

Didn't he already have an eye patch?

00:37:28.804 - 00:37:29.724

Yeah.

00:37:29.724 - 00:37:31.704

Well, now he has two eye patches.

00:37:31.704 - 00:37:32.704

Well, I mean, now he's dead.

00:37:32.704 - 00:37:33.384

Oh, now he's dead.

00:37:33.384 - 00:37:33.624

Sorry.

00:37:34.124 - 00:37:39.264

In reality, chance can turn the tide of a battle, you know?

00:37:39.264 - 00:37:43.764

But it's just like, I don't think that that, I don't think that chance would play a part in it.

00:37:43.924 - 00:37:50.784

You think that someone who got formal training and was known as the best soldier on earth would be beaten by someone who got like street?

00:37:50.784 - 00:37:54.024

I can say the same thing about John Wick, though.

00:37:54.024 - 00:37:55.884

I can say the same thing about John Wick.

00:37:55.884 - 00:37:59.304

He got, you said he was like trained like in the criminal underground.

00:37:59.784 - 00:38:01.624

Yeah, that's not formal like...

00:38:01.624 - 00:38:08.424

dude, the man, if you watch the way that he fights, the man has like military level precision and technique.

00:38:08.424 - 00:38:11.964

Like, it's not that he's like this sloppy street thug.

00:38:12.004 - 00:38:22.004

I saw a video of him where he was like in a subway and he was like shooting up like sloppily at this guy who was like on a higher level than him.

00:38:23.284 - 00:38:25.704

Oh yeah, that dude, that's just one scene.

00:38:25.704 - 00:38:27.584

I mean, you need to see the John Wick movies.

00:38:27.584 - 00:38:30.784

That's, I think it's time to see the John Wick movies.

00:38:30.784 - 00:38:33.784

Cause man, you don't know what you're talking about.

00:38:33.784 - 00:38:35.484

Does Snake even have a movie?

00:38:35.484 - 00:38:37.844

No, he's probably going to be played by Pedro Pascal.

00:38:38.144 - 00:38:40.184

He's going to be played by Oscar Isaac.

00:38:40.184 - 00:38:40.724

Close enough.

00:38:40.724 - 00:38:43.664

Those two guys look like similar to me somehow.

00:38:44.804 - 00:38:45.404

I don't know.

00:38:45.404 - 00:38:48.704

Pedro Pascal is like the Hispanic cousin of Oscar Isaac.

00:38:48.704 - 00:38:50.804

Oh wait, isn't Oscar Isaac Hispanic too?

00:38:50.804 - 00:38:51.184

What is he?

00:38:51.524 - 00:38:52.144

I don't even know.

00:38:52.784 - 00:38:55.864

He's from Peru, I think.

00:38:55.864 - 00:38:56.384

Really?

00:38:56.384 - 00:38:56.964

I don't know.

00:38:56.964 - 00:39:02.264

Speaking of Pedro Pascal, the next battle in the first round is an interesting one.

00:39:02.284 - 00:39:04.424

Round 6.

00:39:04.424 - 00:39:09.744

We've got from the world of Star Wars, Din Djarin himself.

00:39:09.744 - 00:39:11.464

You mean Mando?

00:39:11.464 - 00:39:13.144

Yes son, I mean Mando.

00:39:13.144 - 00:39:17.804

And he's going up against the winter soldier Bucky Barnes.

00:39:17.804 - 00:39:19.804

Okay, this one's interesting.

00:39:19.804 - 00:39:20.744

This one's interesting.

00:39:21.124 - 00:39:25.724

Bucky Barnes, he does have super soldier serum.

00:39:25.724 - 00:39:26.944

He does actually, yeah.

00:39:27.024 - 00:39:28.504

He does have superhuman strength.

00:39:28.504 - 00:39:30.184

He's brainwashed.

00:39:30.184 - 00:39:30.984

Yes.

00:39:30.984 - 00:39:34.104

At least if we're going, yeah, we're going for the brainwashed version.

00:39:34.104 - 00:39:34.824

Yeah, absolutely.

00:39:34.824 - 00:39:35.504

Yeah, okay.

00:39:35.504 - 00:39:37.044

He is brainwashed.

00:39:37.044 - 00:39:44.524

He has a metal arm, and he's like very highly skilled with guns.

00:39:44.524 - 00:39:54.784

Yeah, a tactician, strategist, like the guy, his whole job was to take out very high-level targets throughout world history.

00:39:54.784 - 00:39:56.164

So are we saying that...

00:39:56.164 - 00:39:57.604

And he has no conscience.

00:39:57.604 - 00:39:59.024

He has zero conscience, right?

00:39:59.024 - 00:39:59.824

He doesn't care.

00:39:59.824 - 00:40:00.544

Yeah.

00:40:00.544 - 00:40:01.684

Are we saying that for...

00:40:01.684 - 00:40:04.524

Meaning he catches little baby Grogu, baby Grogu's gone.

00:40:04.524 - 00:40:05.984

Yeah.

00:40:05.984 - 00:40:11.024

Are we saying that for Mando, this is at like the peak of his...

00:40:11.024 - 00:40:16.924

Yeah, yeah, let's say it's Mando with a full Beskar armor, with a Beskar spear.

00:40:16.924 - 00:40:17.904

With a Darksaber?

00:40:17.904 - 00:40:19.224

Damn, with a Darksaber?

00:40:19.224 - 00:40:21.624

With a Darksaber, the spear.

00:40:21.624 - 00:40:23.384

Yeah, yeah, let's go with that.

00:40:23.384 - 00:40:27.944

Darksaber, spear, Grogu, all of his...

00:40:27.944 - 00:40:28.884

Wait, hold up.

00:40:28.884 - 00:40:31.704

You're gonna throw Grogu in there like he's a weapon?

00:40:31.704 - 00:40:33.444

Well, I mean, he has Grogu, though.

00:40:33.444 - 00:40:34.864

And Grogu has the force.

00:40:34.864 - 00:40:36.144

No, no, let's just say...

00:40:36.184 - 00:40:37.544

Okay, just him.

00:40:37.544 - 00:40:42.004

Let's say that Bucky went and kidnapped Grogu to bring out Mando.

00:40:42.004 - 00:40:42.764

Oh.

00:40:42.764 - 00:40:43.284

So there you go.

00:40:43.864 - 00:40:46.264

So now Grogu's out of the picture, because that's not even fair.

00:40:46.264 - 00:40:46.604

Yeah, that's true.

00:40:46.604 - 00:40:48.464

That's force usage right there.

00:40:48.464 - 00:40:52.144

Okay, so Mando versus Winter Soldier.

00:40:54.484 - 00:41:00.344

When it comes to tech, Winter Soldier, of course, he does have the super soldier serum, so he has like supernatural strength, right?

00:41:00.344 - 00:41:01.904

Superhuman strength.

00:41:02.984 - 00:41:05.384

He has the metal arm.

00:41:05.384 - 00:41:08.664

When it comes to technology, aside from that, it's just whatever weaponry he's using.

00:41:08.724 - 00:41:09.224

Yeah.

00:41:09.264 - 00:41:12.204

Mando does overpower him when it comes to tech, though.

00:41:12.204 - 00:41:19.104

The thing is, does the Winter Soldier have any melee weapons?

00:41:21.184 - 00:41:24.024

I mean, doesn't his arm kind of count as one, man?

00:41:24.024 - 00:41:24.604

But like that he-

00:41:24.604 - 00:41:30.384

He fights Captain America very, very skilled with a knife in the Winter Soldier.

00:41:30.384 - 00:41:30.644

That's true.

00:41:30.644 - 00:41:32.284

Like really skilled.

00:41:32.284 - 00:41:36.904

But I mean, what has more reach, a sword and a spear or a knife?

00:41:37.964 - 00:41:39.244

Fair enough.

00:41:39.244 - 00:41:41.064

Fair enough.

00:41:41.064 - 00:41:42.864

So what are you saying?

00:41:42.864 - 00:41:52.564

Okay, so Mando has the flamethrower, Mando has the spear, Mando has the dark saber, which he never fully learned how to use though.

00:41:52.584 - 00:41:55.364

Because it is like very heavy.

00:41:55.364 - 00:41:55.924

Yeah.

00:41:55.924 - 00:41:56.164

Yeah.

00:41:56.164 - 00:41:58.704

It has like a weird mass to it.

00:41:58.704 - 00:42:00.264

And he never fully learned how to use it.

00:42:00.264 - 00:42:01.884

So he was very sloppy with it.

00:42:01.884 - 00:42:04.524

So it's not like he's a Jedi with the dark saber.

00:42:04.524 - 00:42:05.364

He's really not at all.

00:42:05.464 - 00:42:07.164

He is pretty good with the spear, though.

00:42:07.164 - 00:42:07.324

Yeah.

00:42:07.324 - 00:42:07.584

Yeah.

00:42:07.584 - 00:42:08.044

He is.

00:42:08.044 - 00:42:09.644

For sure.

00:42:09.644 - 00:42:13.964

His, of course, his armor is going to give him a big advantage.

00:42:13.964 - 00:42:14.944

Yeah.

00:42:14.944 - 00:42:18.084

He can fly because of his rocket pack.

00:42:18.104 - 00:42:25.424

I mean, that armor basically lasted him from like right when he got it in season one.

00:42:25.424 - 00:42:26.464

Was it in episode one?

00:42:26.464 - 00:42:27.544

Like at the end, maybe?

00:42:27.544 - 00:42:29.084

No, he only got pieces of it.

00:42:29.084 - 00:42:29.744

Oh, okay.

00:42:29.744 - 00:42:30.004

So yeah.

00:42:30.144 - 00:42:34.864

So by the end of season one, I think he had it from season one all the way to season three.

00:42:34.864 - 00:42:36.124

That armor lasted him.

00:42:36.124 - 00:42:36.784

Yeah.

00:42:36.784 - 00:42:38.764

So that armor is very durable.

00:42:38.764 - 00:42:40.044

He has that the flamethrower.

00:42:40.044 - 00:42:42.844

He has that grappling thing that he shoots from there.

00:42:42.844 - 00:42:43.964

He has those whistler.

00:42:43.964 - 00:42:45.144

What are they called?

00:42:45.144 - 00:42:47.044

You remember those little little missile things?

00:42:47.044 - 00:42:47.504

Yeah.

00:42:47.504 - 00:42:47.844

I don't know.

00:42:47.844 - 00:42:48.684

Very effective.

00:42:48.684 - 00:42:49.924

Very deadly, too.

00:42:49.924 - 00:42:53.004

He has just like his laser pistol.

00:42:53.004 - 00:42:56.024

He does he have a big gun?

00:42:56.024 - 00:42:56.304

Oh, yeah.

00:42:56.304 - 00:42:58.144

He has that big like rifle thing.

00:42:58.144 - 00:42:58.764

Yes.

00:42:58.764 - 00:42:59.524

Yeah, he does.

00:42:59.804 - 00:43:01.284

I remember that because it was in Fortnite.

00:43:01.284 - 00:43:02.604

Oh, man.

00:43:03.804 - 00:43:07.044

Starting to build a pretty good case for Mando here, bud.

00:43:07.044 - 00:43:27.704

I feel like Mando is more skilled with like if he could take his gun away from him, obviously he does have the arm and he does have super soldier serum, which is like increased strength.

00:43:28.204 - 00:43:29.684

Yeah, and durability.

00:43:29.684 - 00:43:30.344

Yeah.

00:43:30.344 - 00:43:30.604

Yeah.

00:43:30.604 - 00:43:32.024

Bucky would be very hard to kill.

00:43:32.024 - 00:43:41.664

I'm going to say that like Mando could technically, the key for Mando in this fight would be to stay away and not make this a hand to hand combat situation.

00:43:41.664 - 00:43:57.644

Like as soon as he does that, Bucky's taking him out because in reality, with Bucky's style of fighting, he could easily in the middle of a fight, start dismantling the armor, like taking the armor off of him to expose him, because that's what he does.

00:43:57.644 - 00:44:01.344

Like he looks for the weak point, right, in his enemies.

00:44:01.344 - 00:44:03.564

He's very strategic like that.

00:44:03.564 - 00:44:18.144

So I feel like as long as Mando keeps us at a distance, he has the flamethrower he could use, he has the rifle he could use, but I feel like eventually it's going to have to come down to a close range fight.

00:44:18.144 - 00:44:19.724

I mean, I feel like...

00:44:19.724 - 00:44:25.824

Because they can shoot each other all day, but I don't know that one of them is going to be able to like easily take out the other like that.

00:44:25.824 - 00:44:27.244

I mean, he does...

00:44:27.244 - 00:44:30.464

I mean, that is kind of like a sniper, though.

00:44:30.464 - 00:44:31.504

What, Mando's gun?

00:44:31.504 - 00:44:31.984

Yeah.

00:44:31.984 - 00:44:35.264

Yeah, but Winter Soldier could come out with a sniper as well.

00:44:35.264 - 00:44:44.524

But then again, Winter Soldier will be coming with weaponry that is technically all like human based, means that it's all like bullet, ballistic.

00:44:44.524 - 00:44:45.224

I feel like...

00:44:45.424 - 00:44:47.864

And I think Beskar easily deflects bullets.

00:44:48.184 - 00:44:55.584

I feel like he could shoot at Beskar all he wants with normal bullets and it like wouldn't really do anything.

00:44:55.584 - 00:45:02.124

He could exploit the parts of his body that aren't covered by the armor, because his entire body is not covered.

00:45:02.124 - 00:45:12.244

Then again, we don't know how somebody from like Earth would react to those like laser rounds.

00:45:13.964 - 00:45:14.924

True.

00:45:14.924 - 00:45:21.444

But still, I think if anybody has a chance to survive, a blast from that would be somebody who would be a super soldier.

00:45:21.484 - 00:45:21.964

Yeah.

00:45:21.964 - 00:45:25.304

Right.

00:45:25.304 - 00:45:34.844

I'm actually as impressed as I am by Mando's odds, I really do think that Bucky in the end could win it off of strategy.

00:45:34.844 - 00:45:45.584

Because Mando, one of the things to me that's been underwhelming in the show, has been the lack of strategy that he comes into some fights with.

00:45:45.584 - 00:45:52.144

I feel like Mandalorians overall are kind of chonky.

00:45:53.224 - 00:45:56.264

They operate in a very stiff way.

00:45:56.264 - 00:46:07.644

There's no Mandalorian that I've seen really, aside from maybe Sabine, who is swift and agile and very difficult to catch and stuff like that.

00:46:07.644 - 00:46:11.364

They're kind of like big targets, you know what I mean?

00:46:11.364 - 00:46:18.904

And so I feel like with that in mind, Bucky could exploit that, because he could find the weak spots.

00:46:18.904 - 00:46:24.964

He could shoot the rocket pack in the right spot to make it come, to make it blow up.

00:46:25.104 - 00:46:26.464

He could...

00:46:26.464 - 00:46:30.684

Mando does have those like wrist bombs though.

00:46:30.684 - 00:46:32.364

He does, yeah.

00:46:35.024 - 00:46:36.164

Man, this is a tough one.

00:46:36.164 - 00:46:37.804

How did...

00:46:37.884 - 00:46:39.684

Hey man, yeah.

00:46:39.684 - 00:46:51.764

But then again, like, if they come, you know, face to face, and Mando comes swiftly with that dark saber, he could slice his arm right off.

00:46:53.584 - 00:46:57.184

Like, I highly doubt that that arm would be able to survive the dark saber.

00:46:57.184 - 00:46:58.924

Yeah, it is Earth Metal Armor.

00:46:58.924 - 00:47:02.564

Unless it's the version of his arm that's made out of Vibranium.

00:47:02.564 - 00:47:04.324

Then we're talking about a whole different thing.

00:47:04.324 - 00:47:07.404

I don't think, because we said it was brainwashed, Bucky.

00:47:07.404 - 00:47:08.364

Oh yeah, good point.

00:47:08.364 - 00:47:09.984

So, wait, so how...

00:47:09.984 - 00:47:11.944

it's been a while since I've seen...

00:47:11.944 - 00:47:18.784

We actually probably should have pit him against the other version of Bucky with the Vibranium arm, because Vibranium is kind of like equal to that scar, pretty much.

00:47:19.124 - 00:47:21.224

How is...

00:47:21.224 - 00:47:24.524

or how did Cap defeat Bucky?

00:47:24.524 - 00:47:25.784

Hand to hand, bro.

00:47:25.784 - 00:47:29.504

That was like a fist fight it ended up in.

00:47:29.504 - 00:47:31.184

Yeah.

00:47:31.184 - 00:47:34.244

It ended up in a fist fight, and I think he got lucky because he got...

00:47:34.244 - 00:47:40.084

Bucky got trapped, like he got his arm jammed in a thing that fell in the structure that they were fighting in.

00:47:41.464 - 00:47:43.784

In the end, Cap didn't necessarily beat him.

00:47:43.784 - 00:47:46.484

Like, Cap ended up passing out.

00:47:46.484 - 00:47:47.844

And then Bucky pulled him out of the water.

00:47:49.824 - 00:47:56.364

His arm can be a weakness and a big strength.

00:47:56.364 - 00:47:57.684

Yeah, mm-hmm.

00:47:57.684 - 00:47:58.384

Because it is...

00:47:58.384 - 00:48:01.964

Just like Mando's armor is a weakness and a strength, too.

00:48:02.344 - 00:48:10.844

Because without his arm, it's just like a really strong punch.

00:48:10.844 - 00:48:11.584

Sure.

00:48:11.584 - 00:48:14.364

But also a lot of technique.

00:48:14.364 - 00:48:18.144

Like, when it comes to fighting technique, Bucky definitely surpasses Mando.

00:48:18.384 - 00:48:19.264

Like, without a doubt.

00:48:19.804 - 00:48:22.184

If this is hand-to-hand combat, he beats him.

00:48:22.324 - 00:48:22.824

Yeah.

00:48:22.824 - 00:48:23.504

No doubt.

00:48:23.504 - 00:48:24.744

No doubt about it.

00:48:24.744 - 00:48:25.664

And that's what I'm saying.

00:48:25.664 - 00:48:29.584

Like, Mando can't shoot from a distance forever.

00:48:29.584 - 00:48:30.224

You know?

00:48:30.224 - 00:48:37.364

Mandalorians do have that, that they have the rocket pack, and they can do the flamethrower, and all those things are kind of like distance weaponry or tactics.

00:48:37.364 - 00:48:39.524

But eventually, this is going to...

00:48:39.524 - 00:48:42.424

To neutralize Bucky, I feel like he is going to have to get close to him.

00:48:42.424 - 00:48:44.024

I don't think he's going to be able to get him from far away.

00:48:44.024 - 00:48:44.664

Yeah.

00:48:44.664 - 00:48:44.784

Yeah.

00:48:44.824 - 00:48:48.464

And once he gets close to him, his only hope is to come at him with the dark saber.

00:48:48.464 - 00:48:49.864

With the dark saber.

00:48:49.884 - 00:48:51.984

If he manages to wield it properly.

00:48:51.984 - 00:49:00.504

Well, with the dark saber or his pistol or the spear.

00:49:00.504 - 00:49:05.764

Maybe just out of the redundancy of weaponry that he's bringing to the table, maybe Mando does take it.

00:49:05.764 - 00:49:13.504

I think because he has so much weaponry, he has so much cavalry that I feel like he could...

00:49:14.364 - 00:49:15.944

Maybe like overwhelm him.

00:49:15.944 - 00:49:16.324

Yeah.

00:49:16.344 - 00:49:22.064

He could like do a bunch of stuff at close range that could overwhelm him.

00:49:22.064 - 00:49:22.644

Yeah.

00:49:22.644 - 00:49:23.024

Yeah.

00:49:23.024 - 00:49:28.944

I think more of an equal match might be like a war machine to a Mandalorian who's fully decked out.

00:49:28.944 - 00:49:33.804

Like that would be more of a weapons to weapons kind of a match.

00:49:33.804 - 00:49:34.524

Yeah.

00:49:34.524 - 00:49:36.064

But yeah, I feel good.

00:49:36.064 - 00:49:38.024

I feel comfortable giving this one to Mando.

00:49:38.024 - 00:49:39.744

I think Mando could possibly overpower him.

00:49:39.744 - 00:49:44.044

Also, he has a lot of experience fighting people of all different power sets and like abilities and stuff.

00:49:44.044 - 00:49:44.844

Yeah, definitely.

00:49:44.844 - 00:49:45.304

Yeah.

00:49:45.304 - 00:49:45.524

All right.

00:49:45.524 - 00:49:46.884

So are we giving this one to Mando?

00:49:46.884 - 00:49:47.264

Yeah.

00:49:47.264 - 00:49:47.784

Let's do it.

00:49:47.784 - 00:49:49.484

Mando advances.

00:49:49.484 - 00:49:49.704

All right.

00:49:49.704 - 00:49:52.104

We got two matches left in the first round.

00:49:52.104 - 00:49:54.104

Round seven.

00:49:54.104 - 00:49:56.944

Moon Knight versus Red Hood.

00:49:56.944 - 00:49:57.244

Oh, wow.

00:49:57.244 - 00:49:58.564

This one's interesting.

00:50:00.104 - 00:50:01.364

Moon Knight versus Red Hood.

00:50:01.364 - 00:50:03.404

Moon Knight, of course, is Mark Spector.

00:50:03.404 - 00:50:12.884

He is the fist of Khonshu, even though he is basically endowed with certain power to a certain degree by God.

00:50:13.044 - 00:50:14.504

He is still human.

00:50:14.504 - 00:50:15.224

Batman.

00:50:15.224 - 00:50:15.544

Yeah.

00:50:15.544 - 00:50:16.544

He's Batman.

00:50:16.544 - 00:50:20.944

He's got Batman's level of skill set, intelligence, tactical knowledge.

00:50:22.104 - 00:50:23.584

He can use weaponry like crazy.

00:50:23.584 - 00:50:27.624

He's a mercenary, or he was a mercenary.

00:50:27.624 - 00:50:31.264

But he also has his little moons that are like his Batarangs.

00:50:31.264 - 00:50:33.864

He has agility.

00:50:33.864 - 00:50:36.904

He's basically acrobat level skills, right?

00:50:37.124 - 00:50:37.584

Yeah.

00:50:37.584 - 00:50:39.264

And then you got Red Hood.

00:50:39.264 - 00:50:42.044

Red Hood is Jason Todd.

00:50:42.044 - 00:51:02.504

Failed Robin, the second Failed Robin of Batman, who was killed by the Joker, brought back to life with the Lazarus Pit, and came back as pretty much like, right when he came back, he was kind of like ruling the criminal world.

00:51:02.504 - 00:51:02.924

Right.

00:51:02.924 - 00:51:05.704

Like the kind of low level criminal world in Gotham.

00:51:06.144 - 00:51:06.324

Yeah.

00:51:06.324 - 00:51:10.664

And then after a while, like now, he's pretty much...

00:51:11.744 - 00:51:15.244

He's like the perfect definition of an antihero.

00:51:15.244 - 00:51:16.564

Yeah, for sure.

00:51:16.564 - 00:51:24.184

Yeah, he's a guy who's willing to, like, you know, use full measures, get it all, get the job done by actually, like, killing a villain.

00:51:24.184 - 00:51:39.064

Yeah, like one of the whole things was that, like, like one of the whole conflicts with Batman, which was especially kind of shown in under The Red Hood movie, is that he's, like, just, like, killing them, solves everything so much easier.

00:51:39.064 - 00:51:43.124

Yeah, which, you know, I might not be wrong, but whatever.

00:51:44.324 - 00:51:46.224

Who has advantages here?

00:51:46.224 - 00:51:49.204

I'm thinking Moon Knight might have advantages.

00:51:49.204 - 00:51:50.044

Not even, man.

00:51:50.044 - 00:51:59.064

Like, honestly, it's actually kind of evenly matched, in a way, because of the fact that Moon Knight is so similar to the Bat Family.

00:51:59.064 - 00:52:05.144

Like, if Mark Spector today got transferred over into the DC Universe, dude could easily become the newest member of the Bat Family.

00:52:05.144 - 00:52:07.264

Red Hood does have guns.

00:52:07.264 - 00:52:09.444

Yes, he does.

00:52:10.524 - 00:52:13.824

And he was also trained by Batman.

00:52:13.824 - 00:52:14.364

Right.

00:52:14.364 - 00:52:18.104

So that's yeah.

00:52:18.104 - 00:52:18.724

Wasn't it?

00:52:18.724 - 00:52:24.344

Yeah, it was Ray Shah Ghul, right?

00:52:24.344 - 00:52:27.044

Who basically brought him back to life.

00:52:27.644 - 00:52:31.284

Yeah, he got back, brought back through Lazarus Pit.

00:52:31.284 - 00:52:34.424

So the question is, who ends up overpowering, man?

00:52:36.704 - 00:52:38.064

This is a tough one.

00:52:38.064 - 00:52:38.784

This is a tough one.

00:52:38.784 - 00:52:41.024

Mark Spector, Mark Spector is a big deal.

00:52:41.024 - 00:52:48.704

I mean, if we're going to go off of who's still alive in the comic universe and the respective comic universes, then Mark Spector is dead right now.

00:52:48.704 - 00:52:49.144

How?

00:52:49.144 - 00:52:49.984

He's dead?

00:52:49.984 - 00:52:51.964

Yeah.

00:52:51.964 - 00:53:01.544

So he can get killed, but Mark Spector does fight a lot of supernatural beings, like a lot of super powered things and people.

00:53:01.544 - 00:53:08.284

So technically, he's up against like probably bigger threats than Red Hood is.

00:53:08.284 - 00:53:14.124

Red Hood, obviously he has combat, again, pretty evenly matched.

00:53:14.684 - 00:53:29.464

Yeah, I mean, if Moon Knight is basically Batman, and Red Hood is basically Batman, but like more ruthless and has guns.

00:53:29.464 - 00:53:30.884

He's not, he's not at a Batman level.

00:53:30.884 - 00:53:32.204

Well, I mean, trained by Batman.

00:53:32.204 - 00:53:36.964

Yeah, and neither is Moon Knight exactly at a Batman level.

00:53:36.964 - 00:53:37.884

I don't think he is.

00:53:37.884 - 00:53:39.164

I mean, Batman is Batman.

00:53:39.164 - 00:53:41.324

Batman is Batman.

00:53:41.324 - 00:53:45.444

I mean, Moon Knight is Moon Knight, but Batman literally survived falling from the moon.

00:53:45.444 - 00:53:46.624

Yeah, with his underwear.

00:53:46.624 - 00:53:47.924

Lest we forget.

00:53:47.924 - 00:53:48.724

With his underwear.

00:53:48.724 - 00:53:50.404

With his underwear.

00:53:50.404 - 00:53:51.264

Okay, you know what?

00:53:51.424 - 00:53:52.624

I honestly don't know who to give it to.

00:53:52.624 - 00:53:55.124

We're gonna have to leave this one to chance.

00:53:55.124 - 00:53:55.624

What do you think?

00:53:55.624 - 00:53:56.524

To the coin toss?

00:53:56.524 - 00:53:56.864

Yeah.

00:53:56.864 - 00:53:59.124

I mean, I'm not really on anyone's side.

00:53:59.124 - 00:54:00.424

I'm not either, to be honest.

00:54:00.424 - 00:54:01.424

I mean, I like Moon Knight.

00:54:01.424 - 00:54:11.264

I've been following the comic recently, the Vengeance of Moon Knight, but that's not even the actual Mark Spector who's there that have revealed this guy that will cult himself Shroud.

00:54:11.264 - 00:54:11.724

Yeah.

00:54:11.724 - 00:54:14.924

So anyway, all right.

00:54:14.924 - 00:54:18.224

Do we give this then to Chance?

00:54:18.224 - 00:54:18.944

Yeah.

00:54:18.944 - 00:54:19.304

All right.

00:54:19.304 - 00:54:25.064

Moon Knight, I'm gonna say he gets heads, and let's flip this coin.

00:54:27.824 - 00:54:29.044

Tails.

00:54:29.044 - 00:54:29.684

Oh.

00:54:29.684 - 00:54:30.544

Red Hood took it.

00:54:30.544 - 00:54:33.864

I'm gonna say that Red Hood got the advantage through weaponry.

00:54:33.864 - 00:54:36.084

Yeah, because Moon Knight doesn't use guns.

00:54:36.144 - 00:54:36.704

He doesn't really.

00:54:36.704 - 00:54:40.084

He uses like a moon staff, and he uses his moon things.

00:54:40.084 - 00:54:40.244

He's...

00:54:41.024 - 00:54:41.204

Yeah.

00:54:41.204 - 00:54:43.464

It's starting to remind me of Sailor Moon.

00:54:43.744 - 00:54:44.504

Good Lord.

00:54:44.504 - 00:54:46.684

Maybe she was a fist of Khonshu.

00:54:46.684 - 00:54:48.164

Anyway, so Red Hood takes it.

00:54:48.164 - 00:54:51.984

He ended up shooting Mark Spector right in the head, and all his personalities died at once.

00:54:51.984 - 00:54:52.904

Oh, wow.

00:54:52.904 - 00:54:54.324

Sorry, Mark Spector.

00:54:54.324 - 00:54:54.764

All right.

00:54:54.764 - 00:54:56.344

Red Hood advances.

00:54:56.364 - 00:54:57.664

Round eight.

00:54:59.384 - 00:55:03.284

This is the final match of the first round.

00:55:04.144 - 00:55:05.604

I feel like you're gonna say...

00:55:05.844 - 00:55:07.124

Okay, so it's Hanzo Hasashi.

00:55:07.124 - 00:55:09.784

It's Scorpion versus Punisher.

00:55:09.784 - 00:55:10.364

Yeah.

00:55:11.384 - 00:55:14.244

I feel like you're gonna say Punisher takes this.

00:55:14.244 - 00:55:15.524

Why would you think that?

00:55:15.524 - 00:55:18.524

Because you glazed Punisher so much.

00:55:18.524 - 00:55:22.004

I mean, the dude is a force to be reckoned with.

00:55:22.004 - 00:55:25.524

But in this one, I don't think he defeats Scorpion.

00:55:25.524 - 00:55:27.204

I think Scorpion definitely takes this.

00:55:27.204 - 00:55:27.684

Yeah.

00:55:27.684 - 00:55:30.344

Like, Scorpion isn't God-level powerful or anything.

00:55:30.344 - 00:55:32.784

Again, we didn't really put anybody who was at that level here.

00:55:32.784 - 00:55:35.224

Yeah, but I mean, Punisher is a human.

00:55:35.264 - 00:55:37.064

He can teleport, the dude can teleport.

00:55:37.544 - 00:55:44.844

He can strike at long distance and cut one of Frank Castle's biggest advantages, which is distance.

00:55:44.844 - 00:55:48.144

If you're coming up against a Punisher at a distance, the dude is an expert marksman.

00:55:48.144 - 00:55:49.624

He'll take you out.

00:55:49.624 - 00:55:55.604

And he does basically have the Assassin's Creed rope dart, pretty much.

00:55:55.604 - 00:55:55.924

Right.

00:55:56.004 - 00:55:56.784

But more powerful.

00:55:57.124 - 00:56:05.064

And he can be like, and then he can be like, bam, bam, bam, finish him.

00:56:05.064 - 00:56:08.704

He's a ninja and Punisher has gone up against ninjas plenty.

00:56:08.844 - 00:56:13.624

He actually led the hand ninja organization basically.

00:56:13.624 - 00:56:16.524

But he never got against a ninja like this guy.

00:56:16.524 - 00:56:19.804

I mean, Scorpion is on a whole other level, bro.

00:56:19.804 - 00:56:22.124

You know the funny thing is, you know how Scorpion wins this one?

00:56:22.684 - 00:56:22.744

How?

00:56:22.744 - 00:56:26.824

He ends up like doing his get over here.

00:56:26.824 - 00:56:29.904

And then, you know, Frank Castle is stuck.

00:56:29.904 - 00:56:41.944

You know, Frank Castle is crazy enough that he would probably strap a bunch of explosives to himself and let Scorpion drag him to him just so that he could commit like, kamikaze and destroy him.

00:56:41.944 - 00:56:44.144

And Scorpion wouldn't die, I feel like.

00:56:44.144 - 00:56:45.604

Yeah, he'd probably come back.

00:56:45.604 - 00:56:46.464

Yeah.

00:56:46.464 - 00:56:47.944

Anyway, I think Scorpion wins this one.

00:56:47.944 - 00:56:48.764

I love Punisher.

00:56:49.764 - 00:56:50.284

Yeah.

00:56:50.284 - 00:56:57.024

But if he would have gone up against like, several certain other characters from this roster, I would have said that he had a chance.

00:56:57.024 - 00:56:59.044

But again, Scorpion is very difficult.

00:56:59.044 - 00:57:00.184

I'm gonna give it to Scorpion.

00:57:00.184 - 00:57:02.924

These are the quarterfinals.

00:57:02.924 - 00:57:03.664

Yes, sir.

00:57:03.704 - 00:57:05.524

Round one.

00:57:05.524 - 00:57:06.884

Venom vs.

00:57:06.884 - 00:57:08.184

Ghost rider.

00:57:08.184 - 00:57:09.984

This is interesting.

00:57:09.984 - 00:57:10.604

Venom vs.

00:57:10.604 - 00:57:11.284

Ghost rider.

00:57:11.284 - 00:57:12.924

Oh, man.

00:57:12.924 - 00:57:17.004

I just found out that symbiotes have a sensitivity to fire.

00:57:17.004 - 00:57:18.564

Oh, well, I think we know who wins this.

00:57:20.304 - 00:57:22.884

You could say Family Matters was fire.

00:57:23.304 - 00:57:25.984

Why are you talking about Family Matters right now?

00:57:25.984 - 00:57:28.084

I mean, because it's like the Ghost rider.

00:57:28.084 - 00:57:29.544

Oh, my God.

00:57:31.724 - 00:57:32.564

I'll say this.

00:57:32.564 - 00:57:39.824

If he manages to catch Eddie Brock in a Penance Stair, given the fact that he did begin as a villain, it's probably eaten a lot of people.

00:57:39.824 - 00:57:52.124

Would the Penance Stair, if he looked into Venom's eyes, would it Penance-ify Venom or Eddie Brock?

00:57:52.124 - 00:57:53.464

I think both.

00:57:54.644 - 00:57:56.004

But he's looking at Venom's eyes.

00:57:56.004 - 00:57:59.664

If the Symbiote has a soul, which I don't know that it does.

00:57:59.664 - 00:58:02.764

Well, I mean, it definitely does.

00:58:02.764 - 00:58:05.564

But the relationship between the two is basically...

00:58:05.564 - 00:58:06.804

Well, it has a consciousness.

00:58:06.804 - 00:58:12.084

I don't know that it has a soul, like a spirit that could go to heaven or hell, which is like the whole basis for both ways.

00:58:12.084 - 00:58:13.924

Well, I mean, he is a creature.

00:58:13.924 - 00:58:16.404

Like, they are a whole species.

00:58:16.404 - 00:58:17.404

I suppose, yeah, that's true.

00:58:17.404 - 00:58:18.964

They are alien species.

00:58:18.964 - 00:58:19.924

Yeah, I hear what you're saying.

00:58:19.924 - 00:58:21.804

Well, okay.

00:58:21.964 - 00:58:25.824

But to answer your question, though, the penance there gets put on Venom.

00:58:26.444 - 00:58:29.464

The nature of their thing is a symbiosis.

00:58:30.424 - 00:58:31.364

It's both of them in there.

00:58:33.164 - 00:58:36.884

And even if he just penance-ified Venom...

00:58:36.884 - 00:58:37.804

Penance-ified, yeah.

00:58:37.804 - 00:58:38.924

Go ahead.

00:58:39.224 - 00:58:44.164

It would just leave Eddie Brock there, just like as a normal human, and then he would die either way.

00:58:44.164 - 00:58:45.564

So, yeah, Ghost rider takes it.

00:58:45.564 - 00:58:47.104

I think, yeah, I think I'm going to give it to Ghost rider.

00:58:47.104 - 00:58:49.764

Now that I found out that Venom actually has a...

00:58:49.764 - 00:58:52.024

The symbiotes have a sensitivity to fire and heat.

00:58:52.024 - 00:58:52.344

Yeah.

00:58:52.344 - 00:58:53.204

Yeah.

00:58:54.164 - 00:58:55.284

He's crapped.

00:58:55.284 - 00:58:57.324

All right, so Ghost rider moves forward.

00:58:57.324 - 00:58:59.964

I'm actually kind of surprised at how far Ghost rider has made it.

00:59:00.324 - 00:59:01.164

Yeah.

00:59:01.164 - 00:59:01.884

Should I have been?

00:59:01.884 - 00:59:03.444

Well, honestly, I don't know.

00:59:03.444 - 00:59:05.024

He is pretty powerful.

00:59:05.024 - 00:59:05.644

Yeah, he is.

00:59:05.684 - 00:59:07.624

Round two.

00:59:07.624 - 00:59:11.304

Connor Kenway versus Deadpool.

00:59:11.304 - 00:59:13.424

Oh, this is interesting, man.

00:59:13.424 - 00:59:15.784

Can I get a Deadpool comic?

00:59:15.784 - 00:59:16.904

A Deadpool comic.

00:59:16.904 - 00:59:20.324

That's how you used to say when you were a little tiny Jit.

00:59:20.324 - 00:59:21.664

So what do you think, man?

00:59:21.664 - 00:59:22.584

Conway versus...

00:59:23.284 - 00:59:24.704

I mean Conway.

00:59:24.704 - 00:59:29.924

Conway the Machine in a hip hop rap battle against Deadpool.

00:59:29.924 - 00:59:35.364

Okay, now we're reaching a point where firepower matters here, I think.

00:59:36.424 - 00:59:46.924

Deadpool does have his katanas, so he could engage in like a blade versus blade or hand to hand combat type of situation with Connor.

00:59:46.924 - 00:59:49.824

Connor is agile, but Deadpool matches his agility.

00:59:50.104 - 00:59:55.924

Deadpool was a mercenary right before he became like Skittletex?

00:59:55.924 - 00:59:56.924

Yeah.

00:59:57.084 - 01:00:02.544

And the dude would presumably be able to bring any sort of firepower to the picture.

01:00:03.804 - 01:00:08.364

And you know that like machine gun versus musket.

01:00:08.364 - 01:00:10.704

Musket and like pistol, yeah.

01:00:10.704 - 01:00:12.064

There's just no shot.

01:00:12.064 - 01:00:16.804

So healing power, regenerative power.

01:00:18.684 - 01:00:19.724

I'm leaning towards Deadpool.

01:00:19.724 - 01:00:21.744

Where are you at?

01:00:21.744 - 01:00:22.284

Yeah.

01:00:22.284 - 01:00:26.744

I feel like I would want Connor to win, but realistically, I feel like Deadpool wins.

01:00:26.744 - 01:00:27.304

Yeah.

01:00:27.304 - 01:00:28.944

I think I got to give it to Deadpool, man.

01:00:28.944 - 01:00:30.904

Deadpool advances.

01:00:30.904 - 01:00:33.204

Connor went and he like chopped off his arm.

01:00:33.204 - 01:00:36.884

And then he thought that like he was neutralizing him by me being able to do that.

01:00:36.884 - 01:00:40.084

And then his arm grew back and caught him by surprise.

01:00:40.084 - 01:00:42.064

Katana through the head.

01:00:42.064 - 01:00:42.864

Oh wow.

01:00:42.864 - 01:00:43.444

Yeah.

01:00:43.444 - 01:00:44.464

That's very graphic.

01:00:45.564 - 01:00:47.784

Does one hatchet survive up against two Katanas?

01:00:47.784 - 01:00:49.264

I don't know that it does.

01:00:49.264 - 01:00:50.924

I mean, he does have like a cut list.

01:00:50.924 - 01:00:52.664

hidden blade versus Katanas.

01:00:52.664 - 01:00:54.704

He has like a cut list though.

01:00:54.704 - 01:00:55.204

A cut list.

01:00:55.204 - 01:00:55.844

That's adorable.

01:00:55.844 - 01:00:57.844

Connor has like a big sword.

01:00:57.844 - 01:01:00.144

He does, but I don't know, man.

01:01:00.144 - 01:01:02.884

It just kills Katana blades.

01:01:03.984 - 01:01:05.504

Yeah, I give it to Deadpool for sure.

01:01:08.064 - 01:01:09.404

John Wick.

01:01:09.404 - 01:01:11.404

Well, I know what you're going to choose here.

01:01:12.344 - 01:01:13.924

I know what you're going to choose here.

01:01:13.924 - 01:01:15.904

Because you glazify.

01:01:15.904 - 01:01:16.864

Oh, wow.

01:01:16.864 - 01:01:19.404

You glazify John Wick so hard.

01:01:19.464 - 01:01:21.064

First, you said that about Punisher.

01:01:21.064 - 01:01:22.604

Now it's John Wick, really?

01:01:22.604 - 01:01:23.284

Yes.

01:01:23.284 - 01:01:24.824

Well, actually, they're pretty similar in a way.

01:01:24.824 - 01:01:25.444

No, not really.

01:01:25.444 - 01:01:29.484

But anyway, John Wick versus Mando.

01:01:29.484 - 01:01:32.044

Okay, I'm just going to state my case here, right?

01:01:32.044 - 01:01:32.744

Yeah, go ahead.

01:01:32.744 - 01:01:35.944

Mando has Beskar armor.

01:01:35.944 - 01:01:38.364

John Wick can shoot all he wants.

01:01:38.364 - 01:01:38.864

But hold on.

01:01:38.864 - 01:01:41.144

John Wick has bulletproof suits.

01:01:41.724 - 01:01:45.764

But his face is also entirely exposed.

01:01:45.764 - 01:01:46.704

Okay, fair enough.

01:01:46.704 - 01:01:49.104

So he can shoot all he wants.

01:01:49.464 - 01:01:51.324

He can shoot all he wants at Mando.

01:01:51.324 - 01:02:00.804

Those puny, those tiny little worthless, disgusting waste of, I don't know if you can even call that a bullet.

01:02:00.804 - 01:02:04.284

Those tiny little human disgusting bullets.

01:02:04.284 - 01:02:06.364

They're really making this case over here.

01:02:06.364 - 01:02:08.904

They are not getting through Beskar armor at all.

01:02:08.904 - 01:02:09.364

This is true.

01:02:09.364 - 01:02:09.804

This is true.

01:02:10.244 - 01:02:10.644

Right?

01:02:10.644 - 01:02:14.024

And then he can like, he's gonna like take his pencil, right?

01:02:14.024 - 01:02:15.484

He's gonna take his pencil.

01:02:15.484 - 01:02:19.504

He's gonna like try to like stab it through Mando's helmet.

01:02:19.504 - 01:02:21.484

The pencil is just gonna snap.

01:02:21.484 - 01:02:23.324

The pencil is gonna snap on his helmet.

01:02:23.324 - 01:02:31.584

And then he can like, he can get the horse, and then he can like, like hit the horse, and then the horse is gonna like kick him, right?

01:02:31.584 - 01:02:33.184

It's not gonna do anything.

01:02:33.184 - 01:02:35.144

It might like knock him back a little bit.

01:02:35.144 - 01:02:36.484

It might hurt a little bit.

01:02:36.484 - 01:02:37.384

It's not doing anything.

01:02:37.764 - 01:02:44.784

But realistically, if we're like being realistic here, Mando wipes.

01:02:46.084 - 01:02:51.284

Okay, but what happens if John Wick manages, because John Wick is a very skilled fighter, hand to hand.

01:02:51.284 - 01:02:58.584

What happens if he manages to take away the best scar spear, take away the dark saber, and suddenly turn that against him?

01:02:58.584 - 01:03:03.124

Because remember, this dude is known for like weaponizing anything and everything.

01:03:03.484 - 01:03:04.004

But like yeah.

01:03:04.004 - 01:03:17.444

So if he know, but Dukes, if he knows that this guy is like clearly OP in a way, then wouldn't he try to like find the thing or steal the things, snatch the thing that he knows could actually cause damage?

01:03:17.444 - 01:03:18.064

Veskar v.

01:03:18.064 - 01:03:20.144

Veskar, that's gonna cause some damage.

01:03:20.144 - 01:03:20.904

Dark saber v.

01:03:20.904 - 01:03:23.304

Veskar.

01:03:23.304 - 01:03:23.884

What?

01:03:23.884 - 01:03:24.644

I don't think that causes damage.

01:03:24.644 - 01:03:25.444

What did you just say?

01:03:25.444 - 01:03:26.364

Darksaber v.

01:03:26.364 - 01:03:26.904

Veskar.

01:03:27.004 - 01:03:27.904

Darksaber.

01:03:27.904 - 01:03:28.904

Darksaber.

01:03:28.904 - 01:03:30.064

Darksaber.

01:03:30.064 - 01:03:31.084

Veskar.

01:03:31.084 - 01:03:32.304

No, no, no, you said v.

01:03:32.304 - 01:03:33.204

Veskar.

01:03:33.204 - 01:03:35.524

Listen, it's a tongue twister, okay?

01:03:35.524 - 01:03:36.484

My point is that-

01:03:37.224 - 01:03:37.404

Veskar.

01:03:37.404 - 01:03:38.664

That John Wick could steal it.

01:03:38.664 - 01:03:40.304

Okay, fine, Mando wins, yes.

01:03:40.304 - 01:03:40.924

Mando wins.

01:03:40.924 - 01:03:41.744

Let's be honest.

01:03:41.744 - 01:03:42.284

Okay, fine, man.

01:03:42.284 - 01:03:42.924

Let's be honest.

01:03:42.924 - 01:03:43.324

All right.

01:03:43.504 - 01:03:45.544

You're glazing of John Wick ends right now.

01:03:45.544 - 01:03:46.504

Okay, man.

01:03:46.504 - 01:03:47.804

Mando wins, my God.

01:03:47.804 - 01:03:49.204

Yes, he wins, he wins.

01:03:49.204 - 01:03:50.004

He does.

01:03:50.004 - 01:03:51.804

Brown, fail.

01:03:51.804 - 01:03:52.724

Okay, next one.

01:03:52.724 - 01:03:54.404

Robin Hood verse, I'm kidding.

01:03:56.184 - 01:03:58.324

Robin Hood versus Scorpion.

01:03:58.324 - 01:04:00.524

Red Hood versus Scorpion.

01:04:02.464 - 01:04:03.704

Oh, crap.

01:04:03.704 - 01:04:06.404

I mean, bro.

01:04:08.204 - 01:04:09.644

Yeah, Scorpion wins.

01:04:09.644 - 01:04:10.364

Okay.

01:04:10.364 - 01:04:13.024

Scorpion wins, fatality.

01:04:14.524 - 01:04:16.524

Oh, wow.

01:04:16.524 - 01:04:17.764

Yeah, Scorpion definitely wins.

01:04:17.764 - 01:04:18.284

Yeah.

01:04:18.324 - 01:04:19.304

Does Red Hood have a chance?

01:04:19.304 - 01:04:19.724

Not really.

01:04:19.724 - 01:04:20.104

Not really.

01:04:20.104 - 01:04:20.924

He doesn't have a chance.

01:04:21.764 - 01:04:25.164

If he was with his squad or something, like the Outlaws or whatever.

01:04:25.164 - 01:04:25.564

Yeah.

01:04:25.564 - 01:04:26.164

Maybe, but no.

01:04:26.164 - 01:04:27.144

That's kind of, yeah.

01:04:27.144 - 01:04:28.664

Not 1v1 versus Scorpion.

01:04:28.664 - 01:04:29.824

There's no way.

01:04:29.824 - 01:04:31.584

Let's be honest.

01:04:31.864 - 01:04:33.324

Who reads the Outlaws?

01:04:33.324 - 01:04:34.404

That's kind of, yeah.

01:04:34.404 - 01:04:36.124

I read them during the New 52.

01:04:36.124 - 01:04:37.324

Why are you hating on it, bro?

01:04:37.324 - 01:04:37.824

Okay.

01:04:37.824 - 01:04:39.124

Now we're in the third round.

01:04:39.124 - 01:04:41.364

This is the semi-finals?

01:04:41.364 - 01:04:41.984

Yes.

01:04:41.984 - 01:04:42.684

Semi-finals.

01:04:43.524 - 01:04:43.844

Yes.

01:04:43.844 - 01:04:44.704

Yeah, semi-finals.

01:04:47.344 - 01:04:49.144

Ghost rider vs.

01:04:49.144 - 01:04:50.944

Deadpool comic.

01:04:50.964 - 01:04:52.104

Oh, man.

01:04:52.104 - 01:04:53.704

Oh, man.

01:04:55.564 - 01:04:56.344

Okay.

01:04:56.364 - 01:04:57.724

Oh, crap.

01:04:59.304 - 01:05:02.724

As far as fighting skills, Deadpool's probably more skilled.

01:05:04.184 - 01:05:07.864

As far as weaponry, Deadpool probably brings more weaponry.

01:05:07.864 - 01:05:09.604

Yeah.

01:05:09.604 - 01:05:12.784

dude can burn him, but Deadpool is acquainted with burns.

01:05:13.064 - 01:05:17.344

His whole body is basically a burn surface.

01:05:17.344 - 01:05:20.744

Yeah.

01:05:20.764 - 01:05:24.244

If he gets a pen and stare, engage.

01:05:24.244 - 01:05:26.904

If he gets a pen and stare, he's basically cooked.

01:05:26.904 - 01:05:27.224

Wait.

01:05:27.224 - 01:05:27.784

So, okay.

01:05:27.784 - 01:05:40.004

To be fair, to be fair here, this is saying that the Ghost rider here is different than the Ghost rider we used in round one.

01:05:40.004 - 01:05:40.424

No.

01:05:40.424 - 01:05:41.124

Are we saying that?

01:05:41.524 - 01:05:42.044

No, no, no.

01:05:42.044 - 01:05:43.164

It has to be the same guy.

01:05:43.164 - 01:05:44.924

Oh, so still the cowboy guy?

01:05:44.924 - 01:05:45.264

Yeah.

01:05:45.264 - 01:05:45.684

Okay.

01:05:45.684 - 01:05:48.664

So he wouldn't be able to get the pen and stare.

01:05:48.664 - 01:05:50.904

You get that pen and his punch.

01:05:50.904 - 01:05:52.764

Deadpool's not letting you punch him.

01:05:52.764 - 01:05:54.884

Yeah, that's true.

01:05:54.884 - 01:05:57.484

But then again, it's like bullets though.

01:05:57.484 - 01:05:58.804

Oh, man.

01:06:00.544 - 01:06:03.304

Deadpool can take punishment for days.

01:06:03.304 - 01:06:05.944

He's not going to go down easy at all.

01:06:09.724 - 01:06:15.924

I feel like Deadpool would actually be able to outsmart Ghost rider, though.

01:06:15.924 - 01:06:16.384

Yeah.

01:06:16.384 - 01:06:18.884

Because Ghost rider is kind of like a...

01:06:18.884 - 01:06:21.384

He has like the pace.

01:06:21.384 - 01:06:28.324

Sometimes it gives me the impression that he has like the pace of a 1980s slasher.

01:06:29.644 - 01:06:30.024

Yeah.

01:06:30.024 - 01:06:32.084

He's like pretty like clunky.

01:06:32.084 - 01:06:32.404

Yeah.

01:06:32.404 - 01:06:37.924

Kind of slow and, you know, not slow, but he's not agile.

01:06:37.924 - 01:06:41.604

He's not like that sort of fighter, right?

01:06:43.084 - 01:06:48.864

Whereas like Deadpool will try, will come at you from any freaking angle.

01:06:48.864 - 01:06:51.624

The dude is an acrobat.

01:06:51.624 - 01:06:53.204

He's a ninja.

01:06:53.204 - 01:06:54.484

He's a mercenary.

01:06:55.244 - 01:07:01.164

Excellent with weaponry, blades, anything he can to...

01:07:01.164 - 01:07:02.444

Plus, very entertaining.

01:07:02.444 - 01:07:04.304

He's very entertaining.

01:07:05.084 - 01:07:06.324

That is true.

01:07:06.324 - 01:07:06.964

I don't know, man.

01:07:06.964 - 01:07:09.024

I couldn't give it to Deadpool in this case.

01:07:09.024 - 01:07:16.864

I feel like we can't, I feel like we can't use like his meta power in this at all.

01:07:16.864 - 01:07:22.824

I feel like it definitely just has to be strictly based off of like actual fighting ability.

01:07:22.824 - 01:07:23.184

Okay.

01:07:23.184 - 01:07:32.864

And not like how he would like use his meta abilities to his advantage, but yeah, I feel like Deadpool wins.

01:07:32.864 - 01:07:33.544

Yeah.

01:07:33.544 - 01:07:37.184

Because like Arthur Morgan, I can understand how Ghost rider could beat him.

01:07:37.184 - 01:07:40.464

Venom, obviously because of the weakness of fire.

01:07:40.464 - 01:07:47.164

But like when you're going up against Deadpool, the man is so well acquainted with pain that like you can burn him all day long.

01:07:47.164 - 01:07:48.024

He's not going to stop.

01:07:48.524 - 01:07:48.764

Yeah.

01:07:48.764 - 01:07:49.084

Right.

01:07:49.084 - 01:07:51.704

Like we've seen that plenty of time.

01:07:51.704 - 01:07:54.524

So yeah, I think ultimately I'm giving this one to Deadpool.

01:07:54.524 - 01:07:55.604

You good with that?

01:07:55.644 - 01:07:56.324

Yeah.

01:07:56.324 - 01:07:56.804

Yeah.

01:07:56.804 - 01:07:58.384

I think that will move forward.

01:07:58.424 - 01:08:00.244

Round two.

01:08:00.244 - 01:08:01.004

Second match.

01:08:01.004 - 01:08:01.504

Next one.

01:08:01.504 - 01:08:02.664

In the semi-finals.

01:08:04.984 - 01:08:07.464

Mando versus Scorpion.

01:08:07.464 - 01:08:09.344

Okay.

01:08:09.344 - 01:08:10.864

Mando versus Scorpion.

01:08:10.864 - 01:08:12.944

I honestly don't know.

01:08:14.644 - 01:08:20.464

I don't think this is as easy of a, like, immediate elimination as the other ones were.

01:08:20.464 - 01:08:22.264

I mean, okay, we can think about it.

01:08:22.264 - 01:08:23.964

Let's talk through it.

01:08:25.444 - 01:08:32.164

These two in particular, we know for a fact that Scorpion can, he can teleport.

01:08:32.164 - 01:08:44.144

So Mando's flight and all that, Scorpion can kind of neutralize that by teleporting or by doing the get over here, the kunai thing, and neutralize distance that way, right?

01:08:44.264 - 01:08:51.004

So Mando is only going to be able to be distant from him and have that advantage for so long.

01:08:52.984 - 01:08:55.344

Scorpion is extremely difficult to kill.

01:08:55.344 - 01:08:57.104

The man obviously is a freaking ninja.

01:08:57.104 - 01:08:59.184

He has fought in mortal combat.

01:08:59.184 - 01:09:05.564

So he's fought like very, very powerful, skilled guys, some of them technology based.

01:09:08.064 - 01:09:19.204

The thing about using fighting game characters specifically is that like it's the skill of the players that are playing.

01:09:19.324 - 01:09:23.944

Yeah, but the skill of the player can only go as far as the skill set that the character itself has.

01:09:23.944 - 01:09:36.704

I know, but even like the worst character that's being used by like the best player can be...

01:09:36.704 - 01:09:42.864

Yeah, but okay, but take it out of the video game and let's look at Scorpion from like the latest Mortal Kombat movie, right?

01:09:42.864 - 01:09:44.364

Look at him there.

01:09:44.364 - 01:09:45.724

The opening scene, right?

01:09:45.724 - 01:09:50.324

Where it's like basically the Lin Kuei is coming and attacking his family, killing his family.

01:09:50.324 - 01:09:50.864

Yeah.

01:09:50.864 - 01:09:59.464

dude grabbed a gardening tool and tied a rope to it and pwned an entire like squad of ninjas.

01:09:59.504 - 01:09:59.764

Yeah.

01:09:59.964 - 01:10:05.384

And then after having gone through all that battle, then Sub-Zero does defeat him.

01:10:05.384 - 01:10:08.464

But then he gains his supernatural powers, comes back to life.

01:10:08.464 - 01:10:12.144

And then round two of Scorpion versus Sub-Zero is a hell of a fight.

01:10:12.144 - 01:10:18.664

Sub-Zero is like fully powered coming at him with all sorts of ice, you know, blades and things, spikes and whatnot.

01:10:19.924 - 01:10:26.004

And of course, the ninja hand to hand combat, and Scorpion pretty much won that fight, if I remember correctly.

01:10:26.004 - 01:10:30.164

Like, Scorpion as a character is freaking unstoppable, man.

01:10:30.164 - 01:10:30.784

Yeah.

01:10:30.784 - 01:10:36.084

And Mando, his technology is only going to be able to go so far.

01:10:36.084 - 01:10:38.484

His armor is only going to be able to go so far.

01:10:38.484 - 01:10:42.624

Like, best card is great and all, but again, it's not covering every inch of his body.

01:10:42.624 - 01:10:44.944

Scorpion manages to hit him with fire, for example.

01:10:45.004 - 01:10:53.064

His neck is like the kind of like his like arm, some of his arms, some of his legs.

01:10:53.064 - 01:10:53.404

Yeah.

01:10:53.404 - 01:10:57.884

Like Mando has a flamethrower, but Scorpion can literally spit fire out of his mouth.

01:10:57.884 - 01:10:58.624

Yeah.

01:10:58.624 - 01:11:01.284

So I'll say Scorpion.

01:11:01.284 - 01:11:01.604

Yeah.

01:11:01.804 - 01:11:02.944

I'm going to give it to Scorpion.

01:11:02.944 - 01:11:11.024

I think Mando could put up a fight like he's done with a lot of people in the Star Wars world, but I don't think he'd last for too long with Scorpion.

01:11:14.244 - 01:11:15.284

The final, son.

01:11:15.284 - 01:11:16.284

The final.

01:11:16.284 - 01:11:17.004

We're here.

01:11:17.004 - 01:11:18.244

We're at the finals.

01:11:18.244 - 01:11:20.124

Antihero, Who'd Win In A Fight.

01:11:20.124 - 01:11:25.384

The finals is Deadpool versus Scorpion.

01:11:27.844 - 01:11:28.504

Oh man.

01:11:29.144 - 01:11:32.604

Deadpool's been fighting a lot of firebase guys, guys with heads on fire.

01:11:32.604 - 01:11:34.204

Yeah, and he won.

01:11:34.204 - 01:11:37.984

He did win against Ghost rider, but Ghost rider is not Scorpion.

01:11:39.544 - 01:11:44.164

Scorpion is Ghost rider having been trained by the League of Assassins.

01:11:45.264 - 01:11:54.504

Scorpion is a Ghost rider who got recruited from a Japanese ninja clan.

01:11:54.504 - 01:11:58.884

But then again, let's look at who Deadpool has beaten.

01:12:00.104 - 01:12:01.844

Deadpool has beaten Ghost rider.

01:12:02.244 - 01:12:03.464

Yeah.

01:12:03.464 - 01:12:06.744

Deadpool has beaten Connor Kenway.

01:12:06.744 - 01:12:08.384

Yeah, that's understandable.

01:12:08.384 - 01:12:12.484

And Deadpool has beaten the last Ronin.

01:12:12.484 - 01:12:16.624

Yeah.

01:12:16.624 - 01:12:23.664

Deadpool beat another ninja, another ninja-based character.

01:12:23.664 - 01:12:28.464

He did, but one who did not have like supernatural stamina.

01:12:28.484 - 01:12:30.344

And he was a mercenary.

01:12:30.524 - 01:12:31.884

He knows how to fight.

01:12:31.884 - 01:12:34.184

He does, but he can't teleport.

01:12:34.184 - 01:12:35.304

He can't teleport.

01:12:35.304 - 01:12:36.304

He can't.

01:12:36.304 - 01:12:38.764

And he can't generate a fire.

01:12:38.764 - 01:12:40.824

And yes, he survived.

01:12:40.824 - 01:12:44.504

He would have survived Ghost rider's fire, I'm sure.

01:12:44.504 - 01:12:47.604

But Scorpion isn't just trying to burn you.

01:12:47.604 - 01:12:47.884

Okay.

01:12:47.884 - 01:12:51.724

He's not trying to like win a staring contest either with a pen and a stare.

01:12:51.724 - 01:13:00.524

We know that, I mean, there's obviously the scene where he like is sitting on top of explosive barrels and blows himself up and he survives.

01:13:00.524 - 01:13:02.324

Yes.

01:13:02.324 - 01:13:04.984

I mean, what could?

01:13:04.984 - 01:13:05.464

I don't know.

01:13:05.464 - 01:13:07.564

Realistically, I feel like.

01:13:09.344 - 01:13:12.304

Scorpion.

01:13:12.304 - 01:13:12.944

I don't know.

01:13:12.944 - 01:13:24.584

Scorpion can find ways of neutralizing him, I think, that that that his other opponents couldn't like scorpion could actually port him over into hell or whatever the equivalent of hell is in the nether world.

01:13:24.584 - 01:13:26.304

Yeah.

01:13:26.304 - 01:13:35.824

Like he has more tools at his disposal, capabilities at his disposal than anyone else that Deadpool has faced so far in the tournament.

01:13:37.004 - 01:13:39.484

I find it a little bit difficult to give it to Deadpool, man.

01:13:39.484 - 01:13:53.544

Even though he can last for a long time, like scorpion can eventually cut him up into pieces and burn him, cut him up into pieces and teleport the pieces to different parts of the dimensions.

01:13:55.244 - 01:13:55.504

I don't know.

01:13:55.504 - 01:13:56.084

What do you think?

01:13:56.084 - 01:13:57.824

Are you making a case for Deadpool?

01:13:58.064 - 01:14:01.104

I wouldn't want to leave this one up to chance as the finals.

01:14:01.104 - 01:14:02.184

Yeah.

01:14:02.184 - 01:14:02.664

I don't know.

01:14:03.184 - 01:14:04.744

I feel like...

01:14:04.744 - 01:14:06.844

I mean, let's match them up, right?

01:14:06.844 - 01:14:07.504

Let's match them up.

01:14:07.504 - 01:14:08.164

Hold up.

01:14:08.164 - 01:14:09.104

You got Deadpool.

01:14:09.104 - 01:14:10.944

Deadpool has his katanas, right?

01:14:12.384 - 01:14:13.664

So does Scorpion.

01:14:13.664 - 01:14:14.124

Yeah.

01:14:14.124 - 01:14:16.304

Scorpion brings katanas to the tape, to the mix.

01:14:17.004 - 01:14:18.724

Deadpool has his guns.

01:14:18.724 - 01:14:20.144

Scorpion has the kunai.

01:14:20.144 - 01:14:21.024

Get over here.

01:14:21.524 - 01:14:24.104

Yeah, the rope, right?

01:14:24.104 - 01:14:25.844

Deadpool has the healing factor.

01:14:25.844 - 01:14:32.084

Scorpion has a great amount of durability because he is powered supernaturally.

01:14:32.084 - 01:14:33.144

Yeah.

01:14:33.144 - 01:14:37.684

And on top of that, I mean, Deadpool has the fighting skills of a ninja.

01:14:37.684 - 01:14:39.384

So does Scorpion.

01:14:39.984 - 01:14:41.864

So up until that point, it's kind of an even match.

01:14:41.864 - 01:14:44.084

But then you start adding things like the teleportation.

01:14:44.084 - 01:14:45.164

You start adding things.

01:14:45.164 - 01:14:48.644

I feel like it's not fair that the final...

01:14:48.644 - 01:14:53.684

I feel like it's just not fair that it wouldn't end in like death.

01:14:55.204 - 01:14:55.984

I feel like...

01:14:55.984 - 01:14:57.124

For Deadpool, you mean?

01:14:57.124 - 01:14:58.524

No, I feel like it's...

01:14:58.524 - 01:14:59.444

It should...

01:14:59.444 - 01:15:06.044

I feel like it shouldn't just be he's neutralizing him by sending parts of his body to different dimensions.

01:15:06.204 - 01:15:08.924

Like, I feel like...

01:15:08.924 - 01:15:10.404

Well, how else would he take him out?

01:15:10.404 - 01:15:11.684

How else would he neutralize him?

01:15:11.684 - 01:15:14.824

That's why I think that Deadpool would win.

01:15:14.824 - 01:15:16.104

Well, but hold on though.

01:15:16.104 - 01:15:29.924

Like, again, going back to what I said earlier about Deadpool, like, if he manages to, like, cut him in half, like it happened in Deadpool 2, it's not like the dude grew it out immediately, like the lizard in spider-man.

01:15:29.924 - 01:15:35.624

Like, he had to go home and chill, and then his little baby feet started going out.

01:15:37.544 - 01:15:38.744

I have no clue what he got home.

01:15:38.744 - 01:15:41.464

Probably dupender took him home in a taxi.

01:15:41.464 - 01:15:45.404

But what I'm saying is, like, he had to go home and recover, and he was recovering for a while.

01:15:45.404 - 01:15:51.804

So it's not like the healing factor is immediate either, like, at least not for growing limbs.

01:15:51.804 - 01:16:01.504

So that tells me that, like, it becomes a battle of endurance in the moment, in the battle, like, Yeah.

01:16:01.504 - 01:16:04.004

who's gonna outlast who?

01:16:04.344 - 01:16:11.704

The thing that gives it to me in my book that gives it to Scorpion is the supernatural side.

01:16:12.844 - 01:16:20.124

And the thing that gives it to Deadpool for me is the healing factor side, because technically he can't take a lot of damage.

01:16:20.124 - 01:16:23.544

Any damage that Scorpion takes, it's damage that stays.

01:16:24.484 - 01:16:26.464

Deadpool, not really.

01:16:27.824 - 01:16:29.364

So what do we got, man?

01:16:29.364 - 01:16:31.604

I don't want to do a coin flip.

01:16:31.604 - 01:16:32.964

I don't want to do a coin flip either.

01:16:32.964 - 01:16:40.984

And honestly, like again, there's just a thing about Scorpion, mortal combat, the level of violence that this guy brings to the table.

01:16:40.984 - 01:16:44.564

He's definitely one of the most ruthless fighters in the whole world.

01:16:44.564 - 01:16:46.024

I think he takes that pool out, bro.

01:16:46.544 - 01:16:59.364

No, no, no, I mean, I don't want to just like, I don't want to just say like, okay, sure, because like, I don't want to bring it to a coin flip.

01:16:59.364 - 01:17:01.184

But I just don't agree.

01:17:01.184 - 01:17:02.024

I don't know.

01:17:02.024 - 01:17:04.644

I mean, think about it this way.

01:17:04.644 - 01:17:20.044

Deadpool, I do believe that Deadpool could outlast Ghost rider only because of the fact, that particular Ghost rider at least, only because of the fact that Ghost rider isn't like this insane fighter.

01:17:20.044 - 01:17:30.164

But Scorpion is kind of a ghost rider with the skills of an incredible fighter.

01:17:30.164 - 01:17:33.704

So like, can he really outlast them?

01:17:33.704 - 01:17:35.384

I don't know, man.

01:17:35.384 - 01:17:41.164

I mean, Scorpion has the ability to burn people down to ashes, like to bones.

01:17:41.164 - 01:17:41.784

Think about that.

01:17:42.124 - 01:17:47.024

If he has weakened him in battle enough, he has the ability to burn him down to the bone.

01:17:47.024 - 01:17:50.064

At that point, Wolverine came back from beating bones.

01:17:50.064 - 01:17:53.984

He got burned down to bones and he actually came back.

01:17:53.984 - 01:17:57.964

I don't know if Deadpool's healing factor is as powerful as Wolverine's.

01:17:57.964 - 01:18:01.124

But even then, like if he does come back, like is that an immediate thing?

01:18:01.124 - 01:18:05.564

You know, it's going to take a long time for him to be able to regenerate.

01:18:05.564 - 01:18:10.724

And by that point, Scorpion has done whatever he wants to do with his bones.

01:18:11.384 - 01:18:13.324

Yeah, I don't know, man.

01:18:13.844 - 01:18:21.484

I'm not hearing enough of a reason to give it to Deadpool, aside from the fact that you like Deadpool, which I do, too.

01:18:21.484 - 01:18:25.124

I've been favoring him technically this whole time.

01:18:25.944 - 01:18:31.284

I just feel like with Scorpion, I would want it to be a fight.

01:18:31.464 - 01:18:33.684

I mean, I've never seen Deadpool die.

01:18:35.344 - 01:18:35.984

Right.

01:18:35.984 - 01:18:38.164

Scorpion dies a lot.

01:18:38.164 - 01:18:39.184

To a lot of different people.

01:18:39.184 - 01:18:40.844

In the game, in the game, he dies a lot.

01:18:40.844 - 01:18:41.524

To a lot of different people.

01:18:41.524 - 01:18:43.784

In the game, he dies a lot.

01:18:43.784 - 01:18:46.884

It's a fighting game, obviously.

01:18:46.884 - 01:18:54.864

Scorpion basically died to Bucky Barnes, but like Bigger and both of his arms were metal.

01:18:54.864 - 01:18:55.104

What?

01:18:55.884 - 01:18:57.024

Jax?

01:18:57.024 - 01:18:58.124

Yo.

01:18:58.124 - 01:19:02.244

Son, you can't count deaths in a fighting game as that.

01:19:02.244 - 01:19:03.504

You gotta think story mode.

01:19:03.504 - 01:19:05.124

You gotta think movies.

01:19:05.124 - 01:19:07.744

Like, would Deadpool beat Sub-Zero?

01:19:07.744 - 01:19:08.804

Think about that.

01:19:08.804 - 01:19:09.204

Okay.

01:19:09.204 - 01:19:11.384

You think Deadpool would beat Sub-Zero?

01:19:11.404 - 01:19:13.344

Come on, bro.

01:19:13.344 - 01:19:13.704

Okay.

01:19:13.704 - 01:19:17.924

Well, I want this to be a fight to the death.

01:19:17.924 - 01:19:18.524

Yeah.

01:19:18.524 - 01:19:22.304

And there's not really a scenario where he dies.

01:19:22.304 - 01:19:23.504

But there might be though.

01:19:23.984 - 01:19:24.944

There might be.

01:19:24.944 - 01:19:26.244

Burn him down to the bone.

01:19:26.244 - 01:19:27.464

Pulverize the bones.

01:19:27.464 - 01:19:31.724

Deadpool doesn't have adamantium skeleton like Wolverine.

01:19:31.724 - 01:19:35.464

That's the only reason why Wolverine was able to come back, because the skeleton is indestructible.

01:19:35.464 - 01:19:42.084

So technically, his actual bone and bone marrow were coated in that metal, and that's what made him come back.

01:19:42.284 - 01:19:43.124

Okay.

01:19:43.124 - 01:19:44.524

We'll give it to Scorpion.

01:19:44.524 - 01:19:45.944

Yeah!

01:19:45.944 - 01:19:47.364

Scorpion wins.

01:19:47.364 - 01:19:50.704

The glaze on Scorpion is insane.

01:19:50.704 - 01:19:51.884

What glaze, bro?

01:19:52.164 - 01:19:56.004

It's not my fault that the dude is like badass, man.

01:19:56.004 - 01:19:58.124

Scorpion, don't you dare tap on Deadpools.

01:19:58.124 - 01:19:59.024

Tap on that Scorpion.

01:19:59.024 - 01:20:03.404

The winner of the Who'd Win In A Fight...

01:20:03.404 - 01:20:13.444

Antihero, Who'd Win In A Fight Special Edition is, unfortunately, Scorpion!

01:20:13.444 - 01:20:15.484

Flawless victory.

01:20:15.484 - 01:20:16.544

Fatality.

01:20:23.345 - 01:20:28.985

Thank you all for joining us for this Who'd Win In A Fight episode, Antihero Edition.
